Open Burning Ban

FOR IMMEDIATE RELEASE
Tuesday, July 7, 2009 2:00p.m.

Capital City Fire Rescue is issuing a ban on any and all open burning throughout the City and Borough of Juneau. Due to the extreme heat conditions and low relative humidity, a red flag warning has been issued from the Alaska Region Fire Weather Center.

A red flag warning means that severe fire weather conditions are occurring or imminent for the Juneau area. **The open burning ban will be in effect until Thursday July 9, 2009 at which time it will be extended or cancelled depending upon conditions.** This means that no fires are allowed to occur outside during this time period. If you have questions or concerns feel free to call our main office at 586-5322.
