Please complete this form and attach all supporting documents.
Give complete, accurate, detailed explanation of your request. Please be specific.

For the past 20+ years JPD chemical munition instructors have received specific training with and used the same brand and type of chemical munitions. Purchasing a different, or even similar product would not be advisable due to the varied operation and effectiveness. In order to switch product or brand, JPD would need to retrain instructors and officers which would be costly and time consuming. Northern Security Supply in AK is the only distributor of Defense Technology. See letter
