Reason for Modification Request:

*Please complete this form and attach all supporting documents.
Give complete, accurate, detailed explanation of your request. Please be specific.*

Engineering requests a waiver to bidding, and approval to sole source the supply of culvert pipe necessary for the upcoming Mendenhall River Flood Mitigation project. Tyler Rental carries sufficient inventory to supply the various dimension of specified culvert pipe, and is the supplier most able to accommodate additional pipe length as needed to complete the project. Supplemental information is attached with this form.

- ☒ **Sole Source:** The purchase of a commodity or service from the only known single source. *Attach verification.*

RE: Flood Control – Drainage Culvert Pipe
Sole Source – Tyler Rental of Juneau

To: Greg smith

From: Carleton Shorey, Engineering Project Manager

Engineering requests a waiver to bidding and sole source the supply of drainage culvert pipe from the Juneau branch of Tyler Rental. The necessity to complete the project ahead of the next water release from Suicide Basin and the variability of the HESCO flood barrier installation project will require field modifications for both rock and culvert pipe, resulting in high potential for immediate quantity adjustment on a daily basis. Tyler Rental carries sufficient inventory of the culvert pipe needed for this project, has enough inventory in town to provide additional pipe immediately, and has a return policy favorable to CBJ for any materials unused on the project.

Pipe suppliers outside of Juneau are not able to provide the same flexibility on returns and cannot match the ability to provide additional culvert pipe on a daily basis.
