

Presented by: Assemblyman Davidson
Introduced: 04/21/86
Drafted by: G.D.

RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 1166(substitute)

A RESOLUTION URGING THE STATE TO UNDERTAKE IMPROVEMENTS
IN FERRY, ROAD, AND AIR TRANSPORTATION SYSTEMS.

WHEREAS, the State of Alaska has developed a draft Southeast Alaska Transportation Plan, and

WHEREAS, the City and Borough of Juneau is well situated to become a regional transportation center, and

WHEREAS, various programs and projects are needed to enhance the transportation systems in northern southeast Alaska;

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

1. That Juneau be designated as the northern terminus of the mainline ferry system.
2. That all northbound mainline ferries continue to Sitka and return to Juneau to begin their southern voyage.
3. That mainline ferries connect with "fast" ferries in Juneau to efficiently complete service routes further north.
4. That phased construction of a road north from Juneau begin immediately and that said construction continue until the road can replace the northern leg of the ferry system.
5. That microwave navigational equipment be placed at the Juneau International Airport.
6. That the state study the development alternate runway alignments, locations, or both, for improving efficiencies of landing at Juneau during adverse weather conditions.

Adopted this 21st day of April, 1986.

Mayor
