 FROM: Mila Cosgrove, Incident Commander
 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 15 (6/11/2020 – 6/25/2020).

Disease Transmission/Contact Tracing:

There was one new case in Juneau today and no new nonresident cases associated with Juneau. Contact tracing capability remains unconstrained. Disease acquisition is still under investigation.

Testing:

We are experiencing delays in testing turnaround from both the state lab and commercial labs. We continue to explore ways to reduce the turnaround time for both.

Hospital Response:

BRH reports adequate supply of PPE and no concerns related to workforce availability.

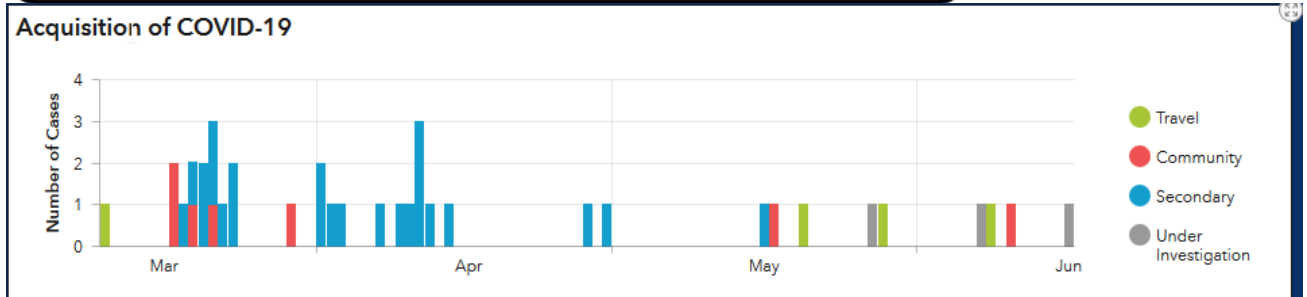

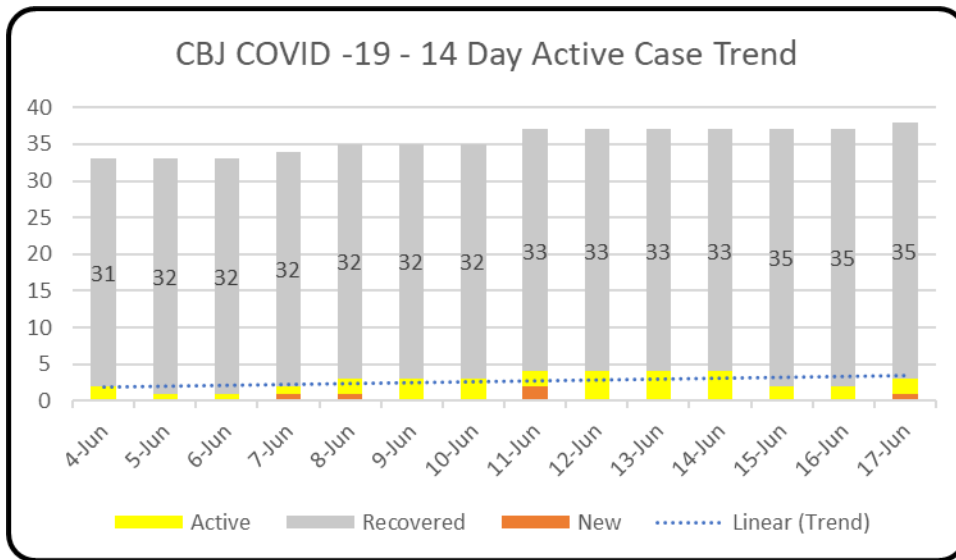

Issues of Note:

We submitted a purchase order (PO) for one type of testing equipment today to get our place in line. We intend to do the same for at least two other types of equipment while planning and analysis work continues. There is no penalty for cancelling POs so long as it is done before the equipment ships.

Flawed sample tubes used at the airport resulted in some tests being rejected by the state lab. To the best of our knowledge, approximately 100 tests were impacted. Anyone that was impacted is being contacted directly to retest. The materials issue has been corrected and shouldn't be an issue moving forward.

Numbers changed from yesterday are highlighted.

Category	Juneau		Statewide
Total Confirmed cases	38		696
Recovered	35		438
Cumulative Tests & % of population tested	3,142	9.82%	77,709
Average # of tests per day over the last 14 days	43.79	Up	
Positive tests over the last 14 days (# and % of positive)	5	0.75%	
DPH PUIs	46	Down	
Nonresident (Total positive/recovered or no longer in Juneau)	3	0	82
Hospitalized COVID +	0		55 (Cumulative)
Ventilated Patients	0		
Fatalities	0		12

Positive cases are back dated by the Division of Public Health during their contact tracing phase to the day of onset of COVID-19 symptoms. CBJ & DHSS Dashboards which can be found at: www.Juneau.org/COVID-19

Wednesday Focus – BRH and JSD Operations:

BRH:

Working to demobilize RRC from an alternate care facility back to its normal use. It is being done in a way that it can be stood up again in less than 12 hours.

Working on improving the screening process and area for incoming patients and visitors to make it more user friendly.

Working with Dr. Zink to clarify confusion on HM10 and medical workers coming into town.

Juneau School District Update:

Continue to work on what back to school might look like in the fall. JSD expects to but our more information on this in the next week or two.
