ORDINANCE OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 2008-23

An Ordinance Authorizing the City and Borough to Issue General Obligation Bonds in the Principal Amount of Not to Exceed \$1,680,000 to Finance Construction of a Covered Play Area at Dzantik'i Heeni Middle School, and Submitting a Proposition to the Voters at the Election to Be Held Therein on October 7, 2008.

WHEREAS, the existing Dzantik'i Heeni Middle School facilities serving the City and Borough of Juneau (the "City and Borough") are in need of improvements; and

WHEREAS, the City and Borough Assembly and School Board have identified necessary additions and improvements to Dzantik'i Heeni Middle School; and

WHEREAS, in order to provide funds to perform the necessary additions and improvements to Dzantik'i Heeni Middle School as further described in Section 3 of this ordinance (the "Project"), it is deemed necessary and advisable that the City and Borough issue and sell its unlimited tax levy general obligation bonds in the principal amount of not to exceed \$1,680,000 (the "Bonds"); and

WHEREAS, Senate Bill 73 has been adopted by the Alaska State Legislature, amending AS 14.11.100 and allowing certain public school construction projects to qualify for 70% reimbursement under the State School Construction Bond Debt Reimbursement Program; and

WHEREAS, the Project qualifies for 70% debt service reimbursement by the State and it is deemed necessary and desirable that the City and Borough issue the Bonds.

NOW, THEREFORE, BE IT ENACTED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. Classification. This ordinance is a noncode ordinance.

Section 2. Findings. The Assembly of the City and Borough hereby finds and declares that the additions and improvements to Dzantik'i Heeni Middle School identified in Section 3 hereof are necessary and are in the best interest of the inhabitants of the City and Borough.

Section 3. Purposes. The School Board and the Assembly have determined that Dzantik'i Heeni Middle School is in need of construction of a covered play area (the "Project"). The Project includes construction of a 60' x 100' structure with translucent roofing, concrete slab on grade, lighting and camera security system. The cost of all necessary architectural, engineering, design, and other consulting services, inspection and testing, administrative and relocation expenses, costs of issuance of the Bonds and other costs incurred in connection with the Project that is approved by the electors shall be deemed capital improvement costs of the approved Project. The approved Project may be completed with all necessary equipment and appurtenances.

If the City and Borough shall determine that it has become impractical to accomplish any portion of the approved Project by reason of changed conditions or needs, incompatible development or costs substantially in excess of those estimated, the City and Borough shall not be required to accomplish such portions and shall apply Bond proceeds as set forth in this section.

Interest earnings on Bond proceeds may be used and applied by the City and Borough, at the direction of the City Manager or his or her designee, for the Project or for other School District capital improvements or for the retirement of the Bonds or other School District general obligation bonds.

If the approved Project has been completed in whole or in part, or its completion duly provided for, or its completion found to be impractical, the City and Borough may apply Bond proceeds or any portion thereof as provided in Section 10.10 of the Home Rule Charter.

In the event that the proceeds of sale of the Bonds, plus any other monies of the City and Borough legally available, are insufficient to accomplish the approved Project, the City and Borough shall use the available funds for paying the cost of those portions of the approved Project for which the Bonds were approved deemed by the Assembly most necessary and in the best interest of the City and Borough. No Bond proceeds shall be used for any purpose other than a capital improvement.

Section 4. Details of Bonds. The Bonds shall be sold in such amounts and at such time or times as deemed necessary and advisable by the Assembly and as permitted by law and shall mature over a period of 10 years of date of issue. The Bonds shall be issued in an aggregate principal amount of not to exceed \$1,680,000. The Bonds shall bear interest to be fixed at the time of sale or sales thereof. Both principal of and interest on the Bonds shall be payable from annual tax levies to be made upon all of the taxable property within the City and Borough, without limitation as to rate or amount and in amounts sufficient with other available funds, to pay such principal and interest as the same shall become due.

The full faith, credit, and resources of the City and Borough are hereby irrevocably pledged to the payment of both the principal and interest on such Bonds. The exact form, terms, conditions, contents, security, options of redemption, and such other matters relating to the issuance and sale of said Bonds as are deemed necessary and advisable by the Assembly shall be as hereinafter fixed by ordinance and resolution of the City and Borough.

Section 5. Submission of Question to Voters. The Assembly hereby submits to the qualified electors of the City and Borough the proposition of whether or not the City and Borough should issue the Bonds for the purpose of financing the costs of the approved Project at the regular municipal election to be held on October 7, 2008.

The City and Borough clerk shall prepare the ballot proposition to be submitted to the voters as provided by this ordinance and shall perform all necessary steps in accordance with law to place these propositions before the voters at the regular election.

Section 6. Ballot Proposition. The proposition to be submitted to the qualified voters of the City and Borough as required by Section 5 above shall read substantially as follows:

Explanation

The proposition will authorize the issuance of \$1,680,000 in general obligation bond debt for paying the cost of constructing a covered play area at the Dzantik'i Heeni Middle School. The funding for the State's reimbursement program is subject to annual appropriation. If the State fully funds the reimbursement program, the total annual debt service costs after State reimbursement, assuming an interest rate of 4.4%, will be \$65,000. This amount of debt service would require an annual property tax levy of approximately \$2.00 per \$100,000 of assessed value. This example of a property tax levy is provided for illustrative purposes only.

Voter Information

October 7, 2008 Municipal Election

Proposition 1

**\$1.68 Million in
General Obligation Bonds
for a Covered Play Area**

Q: What is the purpose of Proposition 1?

A: If voters approve Proposition 1, \$1.68 million will be used to construct a covered play area at Dzantik'i Heeni Middle School.

Q: What is the history of this project?

A: The original 1998 Dzantik'i Heeni Middle School Area Master Plan called for a covered play area to support and enhance the educational and recreational programs at the school, as well as to serve the wider community. In 2007, a local community and parent group lobbied for and secured \$15,000 in state funding to begin basic site planning for the project. In 2008, the CBJ allocated \$150,000 to update the prototypical covered play area structure for new building code standards and new technology, as well as to adapt the design to local site conditions.

Q: What is the plan for this project?

A: If voters approve Proposition 1, a covered play area will be built west of the school, adjacent to the indoor gym, to the north (uphill) of the existing playing fields. The 60' x 100' structure would be steel framed with round concrete columns, translucent roofing, concrete slab on grade, lighting, and a camera security system. It would house a basketball court and markings for other games such as hopscotch and four square. The covered area is expected to serve both as an area for physical education and outdoor learning classes as well as an extra-curricular recreational facility for the school.

Q: How does the State of Alaska reimburse cities for school projects, and what will happen if there is no funding for that program?

A: Under current law, 70% of the \$1.68 million bond debt for this project is expected to be eligible to be reimbursed by the State. The Legislature appropriates money annually to the school debt reimbursement program. Lawmakers have fully funded the program for each of the past 15 years, although there is no guarantee that they will continue to do so. The City and Borough is responsible for the full payment of the debt on the bonds, regardless of whether the Legislature assists with a 70% share.

Q: If Proposition 1 is approved, how will it affect property taxes?

A: If voters approve Proposition 1, the CBJ estimates that the total debt service cost, assuming an interest rate of 4.4%, will be \$65,000 annually. This amount of debt service would require an annual tax levy of \$2 per 100,000 of assessed property value for each of the next ten years.

These calculations assume the state reimburses Juneau for 70% of the cost of the bonds for each of the ten years of debt payment.

The actual mill levy will vary depending upon total assessed property values and annual appropriations for the State's bond debt reimbursement program.
