Subject: TBMP -- S. Franklin Widening project

ALL:

The CBJ Public Works and Facilities Committee endorsed the project we have been talking about for 15 months now. This involves using passenger fee money -- around \$100K -- to widen 300 feet of sidewalk between the parking garage and the new Timberwolf building on the water side of S. Franklin Street. We believe this is a pro-active step to address some of the concerns over pedestrian congestion in this area.

Thanks Jeremy, Drew, and Ryan for attending today and lending support.

Don/Tim/Bob -- can you please pass on this result to Collaboration Juneau at your next meeting?

Rgds, Kirby
