Subject: FW: IVF DELIVERY TRUCKS
Attachments: FSA hopping new curb at IVF.jpg

Hello John,

Who engineered this and cut this off? I guess we cannot use large trucks down there anymore if I read this right. I went to a couple meetings and made comments regarding our operations and concerns apparently the city ignored them. This is going to be a real problem with the Sea Bird and Sea Lion at IVF in the summer. They will not be able to get baggage trucks, food deliveries or other deliveries at the dock anymore unless it really is rated much heavier than 5 tons. Seems like the waterfront continues to get cut off to commerce. I already have problems with no curb cut out to drive trucks onto there as we have to hop the curb now.

This reminds me we need to meet to discuss CT uplands design issues. Some of this is political and not engineering so would be good to meet with you both soon.

Thanks and hopefully we can work something out with IVF otherwise we will have to move all the Lindblad ships to AJ dock or Seadrome.

Best Regards,

Drew Green

HERE'S THE 411 WE'VE BEEN WAITING ON FOR DELIVERY TRUCKS USING THE NEW SEA WALK/BOARD WALK (BY THE BENT FISH) –

THE ENGINEERING DEPT. SAYS A MAX OF 5 TONS (TOTAL TRUCK/CARGO LOAD WT) IS THE LIMIT – HOWEVER THEY ARE WILLING TO OK HEAVIER TRUCKS ON A CASE BY CASE BASIS IF WE GET THEM THE PERTINENT INFO – MY UNDERSTANDING IS ONCE WE OK A HEAVIER TRUCK IT STAYS OK'D UNTILL IT GETS HEAVIER – (I COULD PROBABLY MAKE THIS MORE CONFUSING – I'M JUST NOT SURE HOW !).

IF YOU KNOW THAT A HEAVIER TRUCK WILL BE SUPPLYING THE SEA LION/SEA BIRD ETC – LET ME KNOW AND I'LL GET THEM OK'D – REMEMBER ENGINEERS ONLY WORK MON-FRI 8 TO 4 (NO HOLIDAZE) –

QUESTIONS ?
