Which is a much better spent time, effort and money than Collab Juneau!
Did I just say that out loud?

Drew

Thanks for keeping after it Kirby. We need to get our act a little more
together on projects like this locally so we can focus head tax monies
towards projects like this.

So, after months of talking about it, you'll notice the new, wider sidewalk
now in place on the street in front of the Cruiseship Terminal. This was a
TBMP suggestion and one piece at a time, we are making things better and
more manageable down.

Regards, Kirby
