Good Afternoon,

Not really at that dock location. AT&T has wireless and I believe ACS does too but you have to have their cards. There is a wireless provider at the AJ dock and you can just enter your credit information on-line for the daily use. The ships often provide their own wireless connectivity and you can pay the ship to connect to their signal if you are on-board.

Best Regards,

Drew Green

Drew,

Do you know the answer to this one?

Subject: Internet connections

Message:

We will be visiting Juneau via Carnival Cruise Line and we are wondering if there is anywhere near where the cruise ship docks that has wireless Internet connections?
