Good Morning Dwight,

The local FD will be observing and participating in this fire drill on the Veendam August 12<sup>th</sup> at the Alaska Steamship Wharf. You may want to block off an area for the fire hoses when they try to connect and charge the ships system as a part of the drill. There will be 16 firefighters participating from shore now. I will ask our people to keep all their cars out of the area except for the agent van that comes and goes.

Thanks

Drew

Drew,

the drill is planned for 10:30, but we will be in contact with the FD before that time. I expect most of them will be around at 09:30.

Kind Regards

Jeroen Schuchmann  
Chief Officer Veendam

Thanks Jeroen,

Approximately what time will the drill begin? I want to make sure the harbormaster is aware of the activity in case they need to help with pedestrian traffic/flow.

Best regards,

Drew

Nathan,

Just clarify what will be done during this exercise:

FD - rig up connection with ships main fire line.  
Liaise Ships OSC with FD OSC on board.  
Liaise Ship C/O with FD fire coordinator (on the bridge)  
Study of ships fire plan (from gangway).  
Two FD fire teams to monitor/follow ships Fire Teams.

Please let me know if there are other items that were discussed or you would like to address.

Thanks,

Kind Regards

Jeroen Schuchmann  
Chief Officer Veendam

Good Morning,

Thank you for the hospitality yesterday. It was very educational to observe your crews in action.

For Wednesday, the 12<sup>th</sup>, we would like to have our crews focus on supplying your system with water. We would like to have a few of our

Officers observe on the bridge and with your on scene commander during the drill. If time allows our crews would appreciate a walk through of your spaces.

Below is a list of our personnel in attendance.

Again thank you,

Nathan

Name	DOB	AKDL #	Rank
Nathan Young	3/3/1980	6671786	FTO
Eric Mohrmann	1/8/1953	0760502	Fire Chief

Rob,

Please put the below on the visitor list for upcoming Juneau.

Nathan - We have a fire drill scheduled for Juneau on the 6th as well. We have a prebrief at 09:30 with the fire team members and will execute the drill at 10:30, should be done by 11:15, including debrief.

You are welcome to observe, however we will need to wait until after the drill to discuss a exercise for Juneau on the 12th.

Thanks,

Kind Regards

Jeroen Schuchmann  
Chief Officer Veendam

Good Afternoon,

Let me introduce you to one another.

Nathan – Jeroen Schuchmann is the Chief Officer of the MS Veendam

Jeroen – Nathan Young is the Chief in charge of training for the Fire Department in Juneau

Exhibit LI  
Page 5 of 7

Nathan,

All is arranged for your August 6<sup>th</sup> visit on the ship. The Chief Officer will be able to meet at 1030 hrs August 6<sup>th</sup> which was a good time range for you per our previous conversation. The ship will be docked at the Alaska Steamship Wharf on Marine Way for both occasions. Now you have each other's e-mail addresses and can communicate anything as needed. As mentioned before a list of participant names, DOB and AKDL will be needed for the security list for both dates. You may supply this directly to the Chief if you wish or we can compile here too.

Jeroen,

Thanks for your cooperation and please feel free to correspond directly with the fire Chief.

If I may be of any assistance please let me know.

Best Regards,

Drew Green

Drew,

Ye still a go, please send details of the few that can come on the 6th, for the visitor list, so we can prepare a scenario.

Thanks

Kind Regards

Jeroen Schuchmann

Good Afternoon Chief,

I have confirmed with the local fire department that they will be able and are very excited to observe and maybe participate a little from shoreside in a drill with the Veendam. They are available August 12<sup>th</sup> which I believe is the date that was best for the ship. A few of them will also be able to come by the week before on August 6<sup>th</sup>. Please let me know if these dates are still a go. I can come by if convenient today to discuss as well.

Best Regards,

Drew Green
