A final Sales Tax Return is required within 15 days when a business closes or transfers to new ownership. Any unpaid tax liabilities, including interest and penalties, become personal liabilities of the new owner. Before the sale, lease, assignment, transfer or other disposition of the business is completed, the seller is to file with the sales tax office an informational notice identifying the name and address of each person or entity involved in the transaction, the nature of the transaction, and the effective date of the transaction.
