UNIFIED JULY 1, 1970

• Certificate of Achievement for Excellence in Financial Reporting

CITY/BOROUGH OF JUNEAU ALASKA'S CAPITAL CITY

December 13, 2002

The Honorable Mayor and Assembly Mr. John MacKinnon, Interim Manager City and Borough of Juneau Juneau, Alaska 99801

I am pleased to transmit to you the Comprehensive Annual Financial Report (CAFR) of the City and Borough of Juneau, Alaska, (CBJ) for the fiscal year ended June 30, 2002.

Section 9.18 of the Charter requires an annual independent audit be made of the financial records and transactions of the CBJ by a certified public accountant. In addition the audit is designed to meet the requirements of the federal Single Audit Act Amendments of 1996, the related OMB Circular A-133 and the State of Alaska audit requirements under AS29.38.220 and 2 AAC 45.010.

The CBJ Finance Department prepared this CAFR. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. The enclosed data is accurate in all material aspects and is presented in a manner, which fairly sets forth the financial position and results of operations of the CBJ, on a government-wide and fund basis.

#### INTERNAL CONTROLS

To provide a reasonable basis for making these representations, a comprehensive internal control framework has been designed and established to protect the government's assets from loss, theft or misuse. The internal controls also allow for the preparation of the financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not exceed their benefits, the framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

#### AUDIT

Elgee, Rehfeld, Mertz & Barrett, LLC, Certified Public Accountants have audited the CBJ's financial statements. The goal of the independent audit is to provide reasonable assurance the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the financial statements for the fiscal year ended June 30, 2002 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the CBJ was part of a broader, federal and state mandated "Single Audit" designed to meet the special needs of grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of grant awards. These reports are available in the CBJ's separately issued Single Audit Reports.

#### **REPORT PRESENTATION**

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. This information is presented in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in

#### The Honorable Mayor and Assembly

conjunction with it. The MD&A can be found in the financial section, immediately following the independent auditor's report.

#### THE FINANCIAL REPORTING ENTITY

The financial reporting entity includes the primary government (CBJ) and its component unit, the School District, an organization for which the CBJ is financially accountable. The focus of the financial reporting of this entity allows users to distinguish between the financial position and operations of the CBJ and its legally separate component unit. Therefore, the financial data of the School District is presented in a separate column, component unit, in the combined financial statements of the reporting entity.

The CBJ provides a wide range of services including: general administrative, education, community development, port, boat harbors, airport, hospital, alpine and Nordic ski area, parking, library, road services, fire services, mass transit, water and sewer utilities and police. In the last three years, we have had one significant change in our service structure, which is the elimination of the Health and Social Service Department. In FY00, our chemical dependency services were transferred to the hospital and our mental health services were privatized.

#### MAJOR CONSTRUCTION INITIATIVES AND FACILITY IMPROVEMENTS

**Current:** In October 1999 voters approved a \$62.9 million general obligation bond to renovate the existing high school (\$13 million) and to construct a second high school (\$49.9 million) in the Mendenhall Valley. Construction of the valley high school was delayed due to the requirements for a 50% or greater state reimbursement under the State of Alaska's School Construction Bond Debt Reimbursement Program. Under this program the state will reimburse local government for bond debt service costs for construction or major maintenance and repair of school facilities. In the November 2002 general election, voters approved a state bonding proposition for design, construction and major maintenance of educational and museum facilities. This proposition implemented companion legislation that provided funding for the Alaska School Construction Bond Debt Program, and allows the CBJ to move ahead with the new high school project.

Currently various committees are reviewing the plans for the new high school. It is estimated that the new high school will cost \$50 - 60 million. Voters have authorized \$49.9 million for the project. If the \$60 million project is chosen, voters will be asked to approve an additional \$10 million in general obligation debt. Depending upon the final cost of the project, the state will reimburse the City at 60% (if it is a \$60 million project) or 70% (if it is a \$50 million project) of the bond debt service through the School Construction Bond Debt Reimbursement Program.

In October 2000 voters approved a proposition that imposes a temporary 5-year, 1% areawide sales tax to fund several large capital projects. The temporary tax provides partial funding for a major expansion of Bartlett Regional Hospital (BRH), construction of a seasonal ice arena (Treadwell Arena) at Savikko Park in Douglas and additional funding for the major renovation of the Juneau-Douglas High School. A description and status of these projects, all of which began in 2001, is presented below.

Bartlett Regional Hospital: Final design and bidding documents for the \$41 million project are nearing completion. The project is scheduled to go to bid in January 2003 with overall project completion anticipated in April 2006. Some work on the site (relocation of utilities, roadwork, etc.) has been done in preparation for demolition and construction. Construction is scheduled to begin as early as March 2003. The Medical Arts Building renovation (providing space to relocate departments impacted by construction) was completed in August 2002.

Temporary Sales Tax will provide about half (\$20 million) of the required funding, some Federal funds (\$.850 million) will be available for the rooftop heliport, and revenue bonds (\$25 million) secured by BRH will provide the rest of the funding. CBJ and BRH staff has begun working with the Alaskan Bond Bank authority. Using the Alaska Bond Bank will result in debt service and issuance cost savings.

- Treadwell Arena: Grants and private donations totaling about \$1.2 million have allowed the project to be completed in one phase instead of two phases, as originally planned. As a result, the project budget increased to approximately \$3.6 million. The additional funding provided for the construction of full locker rooms with showers, a paved access driveway and the purchase of numerous other items that were not initially funded. Construction began in late April 2002 and should be completed in early 2003. The facility's grand opening will follow closely after the completion of construction.
- J-D High School Renovation: The renovation of the J-D High School began during the summer of 2002. The current project budget is \$19.8 million, although an additional \$1.2 million is expected to be added to the project for necessary additional construction items. Funding for the project is provided from both the State of Alaska and local sources including general obligation bonds, sales tax and reappropriation of excess funds from other completed capital projects.

#### The Honorable Mayor and Assembly

Under the debt reimbursement program, the State of Alaska will reimburse the CBJ for approximately \$9.1 million of the bonds.

The scope of the project includes extensive interior renovation of the 50-year-old facility. In addition to functional repairs and modernization, the school will be given a new "heart" with a two-story atrium to accommodate a variety of student activities, as well as community activities during non-school hours. This space will also provide seating for dining as the renovation includes construction of a complete kitchen for hot lunches. The project is scheduled for completion by January 2004.

In October 2002 voters approved \$15 million in additional general obligation bonds to fund a variety of capital improvement projects. The following projects were included in the bonding proposition:

- \$9.25 million for various docks and harbors projects;
- \$2.6 million for water and sewer improvements in Douglas and at the Juneau International Airport;
- ▶ \$2.2 million for expansion of the water system 3.8 miles for the North Tee Harbor area; and
- ▶ \$0.95 million for West Juneau Park design and Eaglecrest ski area day lodge expansion.

Design and construction of these projects will begin over the next few fiscal years.

Another major construction project planned for Juneau is a National Oceanic and Atmospheric Administration (NOAA) and National Marine Fisheries Service (NMFS) Research Facility. In 2002, the federal government began moving ahead with the design and construction of this new facility, with a budget of \$51 million to fund the project. However, construction contract bids, opened in June 2002, were in excess of the available funding. The NMFS is currently evaluating the project, and it is hoped that a resolution to the budget shortfall will be determined by February 2003. The City is anticipating that the project will move ahead, and is proceeding with construction of the access road to the facility site and a sub-division of City-owned land that abuts the access road.

#### FACTORS AFFECTING FINANCIAL CONDITION

In presenting the financial information it may be helpful to obtain a broader perspective of the CBJ's economic environment. The following is an overview of the economic activity.

**Local Economy:** Juneau is Alaska's capital and its third largest city. Located in the southeast part of the state, the City is bounded on the north and east by the Coast Range; to the south and west by the extensive network of islands and waterways of the Alexander Archipelago.

As Alaska's Capital City, government largely supports our economic base. In efforts to diversify, the CBJ continues to encourage investments in mining, manufacturing, tourism and regional merchandising. These efforts have resulted in private sector growth and economic diversification.

Private sector jobs accounted for less than 50% of all employment in Juneau until 1992, when private sector employment climbed to just over 50%. This trend continued to where non-government jobs now represent 57% of total employment. However, this trend reversed itself slightly in 2001 as private sector jobs decreased by 195 positions, while public sector jobs increased by 426 positions.

Even though there is some indication that efforts to diversify are succeeding, the fact remains that Juneau's economic base still relies heavily on government employment. More than 7,630 of the 17,286 jobs reported by employers in 2001, were public sector jobs with the federal, state or local governments. The largest public sector employer is the state government with 4,441; while federal and local government employed 853 and 2,069, respectively.

The U.S. Forest Service and National Oceanic and Atmospheric Administration make up most of the federal work force. Other federal agencies providing employment in Juneau include the Coast Guard (U. S. Department of Transportation) and the U.S. Postal Service.

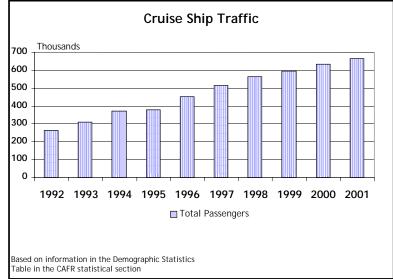

## The Honorable Mayor and Assembly

Except for the oil price crash and recession of 1986-88, Juneau's economy has shown moderate to significant growth. The 2001 unemployment rate was 4.8%, which was a slight decrease of .1% from the 2000 rate of 4.9%, and below the 2001

statewide average of 5.9%. In 2001, Juneau's growth trend was slightly lower than the preceding ten-year average. Indicators, such as real estate values and gross business sales, all grew at a slightly slower pace in 2001.

"Real property" assessed value, as of the January 1, 2002 assessment date, was \$2.323 billion, an increase of 2.9% over 2001. This increase was mainly due to a reevaluation of commercial and residential property although there was healthy growth in new construction. The CBJ issued 102 new residential unit-building permits in fiscal year 2002, an increase of 9.9% over fiscal year 2001.

Tourism experienced another active season in 2001. The majority of Juneau's visitors arrive by large cruise ships, traveling from Vancouver and Seattle by way of the "Inside Passage". During the summer of 2001, 666,499 passengers visited Juneau. This was a 6.9% increase over the previous

summer's traffic. The preliminary tallies for 2002 indicate that as many as 728,400 cruise ship passengers visited Juneau.

Other visitors to "Alaska's Capital City" arrive by major airline carriers and the Alaska Marine Highway. The number of passengers enplaning at the Juneau International Airport decreased from 269,880 in 2000 to 258,224 in 2001, a 4.3% decrease. Also, Alaska Marine Highway traffic decreased by 14.75%, to a total of 64,334 passengers.

Mining was Juneau's first basic industry and the backbone of the local economy until World War II. Thousands came at the turn of the century to mine gold in a string of highly mineralized deposits known as the "Juneau Gold Belt". Juneau was the hub of mining activity for this region, which stretched 120 miles from Berners Bay to Windham Bay. During the early 1900's the area produced dozens of mines with output totaling six million ounces of gold and one million ounces of silver. At today's prices, that amount of gold and silver would be worth approximately \$2 billion.

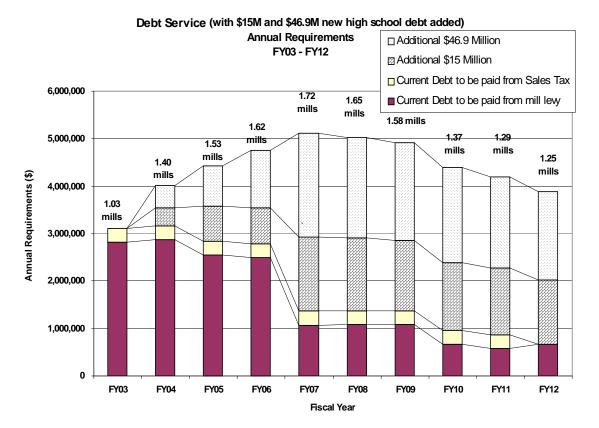

Juneau continues to benefit from large-scale mining. Improvements in mining techniques are making mining of the region's lower grade ore deposits profitable. The largest operating mine in the Juneau area, Greens Creek, is located on Admiralty Island 18 miles west of downtown Juneau, and within the CBJ's boundaries. A land exchange/agreement in 1998 provides the Kennecott Greens Creek Mining Company with title to additional mineralized property adjacent to the mine. The Company conducted an active exploration program on the land exchange property during FY01 and expects to continue exploration as long as mineral prices will support it. In FY01, the 269 workers employed at Greens Creek removed on average 2,000 tons of ore per day. From the mine's inception in 1989 to June 30, 2001, the production of silver reached 112 million ounces while the production of zinc reached 1.2 billion pounds.

The Kensington is another mining site that has been under analysis for possible development. In mid-1995 Coeur Alaska, Inc. acquired full ownership of the Kensington Gold Project. Since that time the company has performed engineering, design work and permitting on the mine site. The City approved a Large Mine Permit in November 1997. In 1998, Coeur conducted detailed studies to optimize/reduce costs of mine development and production. Additional exploratory drilling also occurred in 1998. However, the Kensington Mine development project, as approved, has been delayed by the low price for gold and other minerals.

Besides tourism and mining, Juneau is offering economic incentives to other smaller industries to broaden the City's economy. A small, but economically important, area targeted by CBJ is regional shopping. The City has made a concerted effort to establish itself as a regional shopping destination for Southeast Alaska residents. As an incentive, local legislation provides for sales tax exemptions for nonresidents and property tax exemptions on business inventory.

**Long-term Financial Position:** While Juneau's economic indicators continue to show modest annual growth, the dominance of state government in the local economy, coupled with state government's reliance on a single revenue source, oil royalties and taxes, make long-term economic stability less certain.

#### The Honorable Mayor and Assembly

Anticipating the eventual reduction in state funds due to decreasing oil production, the Mayor has appointed special ad hoc committees to develop ideas for long-term financial stability. Two such committees appointed in 1999 and 1990 respectively presented the Assembly with a number of economic suggestions. The Assembly implemented a number of efficiency recommendations, with the most significant recommendation being the creation of the Emergency Budget Reserve. The source of funding for the Emergency Budget Reserve is a portion of 1% of the 3% temporary sales tax levy. This sales tax levy has a five-year term. Juneau voters approved renewal of the temporary 3% tax levy in October 2000. The tax is effective July 1, 2002 and will expire July 1, 2007. The goal is to place \$10 million into the Emergency Budget Reserve. The CBJ has placed over half that amount, or about \$5.6 million, into the reserve as of June 30, 2002.

While we anticipate that the CBJ's long-term budgetary position will be tight, these future budgets should be well within our ability to conservatively manage. We are not anticipating any material changes in our long-range operation revenues or expenditures. Our projected operating mill levy need for FY04 is 10.37 mills. This is well below the 12-mill cap placed on the operating mill levy. However, we do have some concerns about mill levy increases necessary to fund future debt service. While there are no mill levy restrictions on the general obligation debt service mill levy, the tax impact to local residents is a concern. The potential mill levy for the voter authorized general obligation bonds is estimated to be as high as 1.72 mills in FY07. We are reviewing funding alternatives and possible ways to reduce the impact by matching maturing debt with this new debt service.

#### CASH MANAGEMENT

All cash used for operations and capital projects is maintained in an account referred to as the "Central Treasury". Central Treasury investments, consisting of temporarily idle cash, are managed in two separate portfolios. One portfolio is managed internally by CBJ staff while the second is managed through an investment management contract with Northern Trust. Authorized investments under both internal and external management are listed in Footnote 5 of this Comprehensive Annual Financial Report. The CBJ maintains a policy of minimizing risk through emphasis on investment security rather than the investment portfolio rate of return. Investments are selected after cash flow and risk analysis. The average yield on the Central Treasury investments for fiscal year 2002 was 5.59%. Investment revenues in the general fund, for the year ended June 30, 2002, represent 11.65% of the general fund Revenues. Overall, the CBJ earned investment earnings of \$4.8 million.

#### The Honorable Mayor and Assembly

#### RISK MANAGEMENT

The CBJ has successfully continued its existing risk management program. Departmental allocations and claims payable figures for incurred but not reported claims have been adjusted to assure the availability of adequate resources to fund potential losses. Deductible levels have been reviewed and have been increased to \$250,000 from \$25,000 for property and non-owned auto liability. This change was effective July 1, 2002. The Workers' Compensation self-insurance reserve (SIR) is \$350,000. Special policies are carried for boiler and machinery coverage, earthquake and flood coverage, airport, hospital, chemical dependency, mental health, ski resort, docks and harbors, police reserve and volunteer fire fighters. The CBJ also carries employee bonds when prudent. The following loss control techniques are employed to enhance our overall risk management program: (1) employee safety programs which include safety awareness and training; (2) regular inspections of all facilities and operations by the CBJ safety and loss control officers; and (3) inspections by third party inspectors such as state OSHA and insurance company loss control specialists. Risk Management also administers health benefits, group insurance and wellness and employee assistance programs.

Due to prior accumulations in fund balance, Risk Management reduced departmental charges for FY02 to help alleviate budgetary concerns for the CBJ. This reduction in charges, as well as an unexpected deterioration in the insurance market and significant increases in health and workers' compensation costs, was largely responsible for the \$2 million decrease in the fund balance.

#### AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City and Borough of Juneau, for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2001. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. CBJ has received a Certificate of Achievement for the last fifteen consecutive years (fiscal years ended 6/30/87 - 6/30/01). We believe that our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

#### ACKNOWLEDGEMENTS

I would like to thank the Finance Department staff for their efforts in preparing this comprehensive annual financial report. With the implementation of the new financial reporting model required by GASB 34, extra effort was expended on the project. It is our belief that we are one of very few governmental entities in the nation to present three year comparative statements in the year of implementation.

Mary Norcross, CBJ's Assistant Finance Director/Controller, coordinates the team efforts necessary for the report's production. Special thanks goes to Barbara Rolfe, Treasurer; Calvin Kubota, Deputy Treasurer; Helen Davies, Sonia DelGado, Julia Haldorson, Penny Kohler, James Lockwood, Jeromie Webster and Pat White, Accountants. Without their efforts, the production of the annual financial report would not be possible.

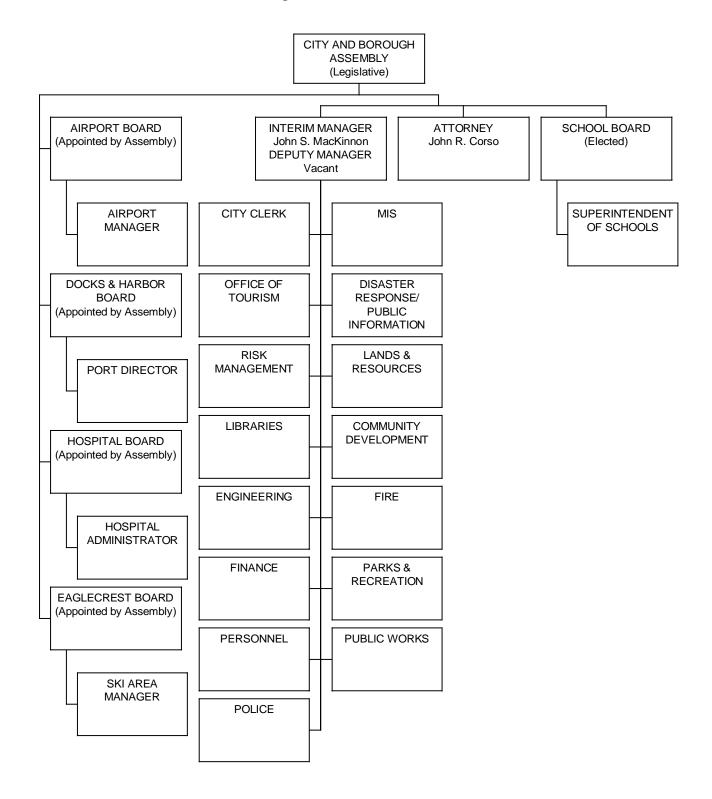

I wish to express my appreciation to John MacKinnon, our Interim City Manager, and to Dave Palmer, our past City Manager, for their support throughout the year in accomplishing our fiscal goals. Also, I want to thank the Mayor and Assembly for their interest and support in planning and conducting the financial operations of the City and Borough of Juneau in a responsible and progressive manner.

Respectfully submitted,

Toy W. L

#### INDEPENDENT AUDITORS' REPORT

The Members of the Assembly, City and Borough of Juneau, Alaska

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City and Borough of Juneau, Alaska (City and Borough) as of and for the year ended June 30, 2002, which collectively comprise the City and Borough's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the City and Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards of the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City and Borough as of June 30, 2002, and the respective changes in the financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and major Special Revenue Funds, as listed in the table of contents, for the year then ended in conformity with generally accepted accounting principles of the United States of America.

As discussed in Note 1 to the financial statements, the City and Borough adopted the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management Discussion and Analysis for State and Local Governments*, as of July 1, 2001. The fiscal year 2001 and 2000 comparative financial statement information has been restated.

The Management's Discussion and Analysis as listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated November 11, 2002 on our consideration of the City and Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City and Borough's basic financial statements. The introductory section, combining and individual major and nonmajor fund financial statements, and statistical data are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual major and nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical data have not been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole.

#### MANAGEMENT'S DISCUSSION and ANALYSIS June 30, 2002

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The City and Borough of Juneau (CBJ) Management's Discussion and Analysis provides the narrative overview and analysis of the financial activities of the CBJ for the fiscal year ended June 30, 2002. Readers should consider the information presented here in conjunction with additional information in the letter of transmittal, which can be found on pages vii-xii of this report.

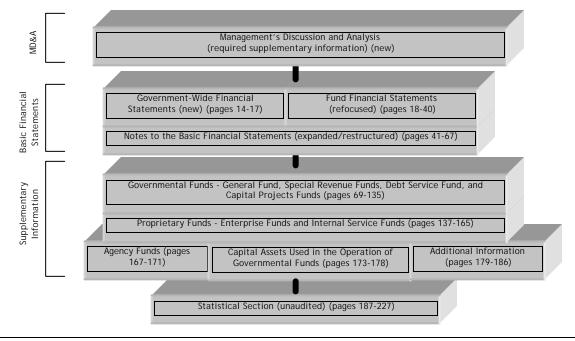

#### **FINANCIAL HIGHLIGHTS**

- CBJ net assets increased by \$11.3 million (2.2%). The governmental net assets increased by \$3.9 million (1.4%) and the business-type net assets increased by \$7.4 million (3.2%)
- The governmental activity revenue increased \$4.2 million (5.2%) due to increases in grants received, growth in the tax base and receipt of two years' federal payments in lieu of taxes (PILT). The recognition of two PILT payments in one year was due to timing changes in when the federal government remitted the funds as opposed to changes in the funding of the program.
- The total cost of all CBJ programs increased by \$9.4 million (7.4%) with the increase primarily centered in the hospital, general administration, parks and recreation, public safety, public transportation, and the airport.
- The most significant governmental activity is education, which represents 30.4% of governmental expenses and 15.9% of total expenses. The most significant business-type activity is the hospital, which represents 68.4% of business-type expenses and 32.6% of total expenses.
- Total liabilities of CBJ increased \$10.8 million (20.1%) due to the issuance of \$13.0 million in general obligation bonds for the renovation of the high school and \$2.7 million in revenue bonds for reconstruction of the Glacier/Willoughby water and sewer lines.
- The General Fund (the primary operating fund), on the current financial resources basis, reported an increase in fund balance of \$1.8 million (31.3%).

#### REPORT FORMAT

The comprehensive annual financial report is presented in a significantly different format from prior years. In addition to the Management's Discussion and Analysis (MD&A), the report consists of government-wide statements, fund financial statements, notes to the financial statements, combining statements of non-major funds and supplementary information.

The report layout is graphically presented in the following illustration:

#### MANAGEMENT'S DISCUSSION and ANALYSIS

June 30, 2002

The first statements are highly condensed and present a government-wide view of the City's finances. Within this view, all operations are reported as either governmental or business-type activities. Governmental activities include basic services such as public safety, transportation, public works, parks and recreation, community development and general government administration. Business-type activities are airport, hospital, water, sewer, harbor, dock, and waste management. The government-wide statements include the Statement of Net Assets and Statement of Activities.

The new focus is on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to focus on the more relevant financial issues and broaden their basis for year to year or government to government comparisons.

#### OVERVIEW OF FINANCIAL STATEMENTS

The MD&A is intended to serve as an introduction to the CBJ's basic financial statements, which comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report contains supplementary information in addition to the basic financial statements.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the CBJ's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the CBJ's assets and liabilities, with the difference reported as net assets. Over time, increases or decreases in net assets may serve as an indicator of whether our financial position is improving or deteriorating.

The statement of activities demonstrates how the net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused personal leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

These statements also discretely present the financial position and activities of the school district, which is a component unit.

The comparative amounts for prior years have been restated to reflect the new presentation.

The government-wide financial statements can be found on pages 14-17 of this report.

#### FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The CBJ, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the CBJ can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds**. Governmental funds are used to account for the same functions reported as *governmental activities* in the government-wide financial statements. Governmental fund financial statements help determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances. A reconciliation is presented to facilitate this comparison between *governmental funds* and *governmental activities*.

The CBJ maintains 23 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the major governmental funds. The major governmental funds are the general fund; the roaded service area, sales tax and lands

June 30, 2002

special revenue funds; the debt service fund and the school capital projects fund. Data from the remaining special revenue and capital projects funds is presented in aggregate. Detail by fund type is presented in the combining statements.

The CBJ adopts an annual budget for all operating funds. A budgetary comparison statement has been provided for the major governmental funds except for the school capital projects fund, which is budgeted by project rather than on an annual basis.

The basic governmental fund financial statements can be found on pages 18-29 of this report.

**Proprietary funds**. The CBJ maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are used to accumulate and allocate costs among the CBJ's various functions. Internal service funds account for central equipment and risk management services. Central equipment services predominately benefit governmental rather than *business-type functions*, and have been included within *governmental activities* in the government-wide financial statements. Risk management services predominately benefit *business-type* activities and have been included with the proprietary funds.

The proprietary fund financial statements provide separate information for the airport, hospital, water and sewer utilities, harbors, dock and waste management. The airport, hospital and water and sewer utilities are considered major funds. The internal service funds are combined in aggregate in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 30-39 of this report.

*Fiduciary funds*. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are *not* available to support the CBJ's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 40 of this report.

**Notes to the financial statements.** The notes provide additional information to support and clarify the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 41-67 of this report.

**Other information.** The combining statements referred to earlier for non-major governmental funds are presented immediately following the notes to the financial statements on pages 70-71. The combining statements for non-major enterprise and internal service funds are presented on pages 138-141 and 159-161, respectively. Individual fund statements and schedules can be found in this section of the report.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as an indicator of a government's financial position. In the case of the CBJ, assets exceeded liabilities by \$514.8 million as of June 30, 2002, compared to \$503.5 million and \$487.9 million for the years ended June 30, 2001 and June 30, 2000, respectively.

The largest portion of the CBJ's net assets (85.9%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt that is still outstanding. CBJ uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although CBJ's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this outstanding debt must be provided from other sources, as the capital assets themselves cannot be used as a source of funds to liquidate these liabilities. The amount of debt related to the investment in capital assets is \$43.8 million, of which \$21.0 million was unexpended as of June 30, 2002.

| net of related debt           | 241,154,267       | 236,824,428    | 200,862,486 | 194,959,815 | 442,016,753 | 431,784,243 |
| Restricted                    | 20,678,989        | 16,774,688     | 13,344,477  | 12,099,906  | 34,023,466  | 28,874,594  |
| Unrestricted                  | 17,556,170        | 21,891,028     | 21,185,124  | 20,976,643  | 38,741,294  | 42,867,671  |
| Total net assets              | \$<br>279,389,426 | 275,490,144    | 235,392,087 | 228,036,364 | 514,781,513 | 503,526,508 |

An additional portion of the CBJ's net assets (\$34.0 million or 6.6%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$38.7 million) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the CBJ was able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior two fiscal years, the period for which the financial information has been restated to conform to the new presentation.

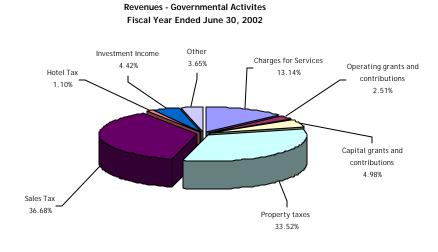

The government's net assets increased by \$11.3 million during the current fiscal year compared to \$15.6 million in the prior fiscal year. This variance resulted from expenses increasing (\$9.3 million or 7.4%) at a faster rate than revenues (\$5.0 million or 3.5%). Nearly all of this variance was in business-type activities as revenues only increased by \$0.9 million (1.4%) while expenses increased \$4.9 million (8.3%). The growth in service revenue, which was mainly centered in the hospital fund, was offset by a decrease in capital grants and contributions to the airport fund and in interest income for all funds.

**Governmental Activities.** Governmental activities increased net assets by \$3.9 million, thereby accounting for 34.6% of the total growth in net assets. Key elements of this increase are as follows:

|                      | Governm          | nental      | Business-   | type        |               |             |
|----------------------|------------------|-------------|-------------|-------------|---------------|-------------|
|                      | Activi           | ties        | Activities  |             | <u>Totals</u> |             |

| Other                | 6,789,786        | 6,073,379   | 1,164,467   | 1,357,424   | 7,954,253     | 7,430,803   |
| Total revenues       | \$<br>84,059,912 | 79,893,988  | 63,211,903  | 62,353,387  | 147,271,815   | 142,247,375 |

June 30, 2002

- Property taxes increased \$0.9 million (3.1%). This is the net of 8.6% growth in assessed valuation, offset by a 4.7% decrease in the mill levy.
- Other income increased \$0.7 million (11.8%). The receipt of two federal payments in lieu of taxes was offset by a decline in interest income from lower market rates.
- Operating grants increased \$0.7 million (47.5%) due to an increase Schools and Roads - Grants to States, passed through the State of Alaska from the United States Forest Service.

June 30, 2002

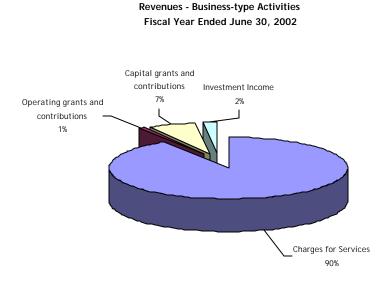

- Administration expenses increased \$1.0 million (28.3%) due to increases in Assembly grants and a new emergency management and public information office.
- Public transportation expenses increased \$0.6 million (19.0%) with the first full vear of half-hour bus service.
- Tourism and convention expenses increased \$0.4 million (23.5%) due primarily to expenditures for a long-term tourism plan and flight seeing mediation.

Other expenses Functions/Programs decreased \$0.3 million (22.9%) with the first full year of termination of directly provided social services.

Business-type activities. Business-type activities increased the CBJ's net assets by \$7.4 million, thereby accounting for 65.4% of the total growth in net assets. Key elements of this increase are as follows:

- Charges for services increased \$3.7 million (6.8%) due to the hospital's increased rates and expanded services.
- Capital grants decreased \$2.7 million (39.6%) due to fewer FAA funded airport capital projects and prior year receipt of a state grant for water utility construction at Lena Point.
- Airport expenses increased \$0.6 million (11.6%) in response to new federal security requirements.
- Hospital expenses

increased \$3.9 million (9.6%) due to the increase in services and the increase in personnel expenses and contractual services that can be attributed to the tight labor market for medical personnel.

#### MANAGEMENT'S DISCUSSION and ANALYSIS June 30, 2002

#### FINANCIAL ANALAYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the CBJ uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds. The focus of the CBJ's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the CBJ's financing requirements. In particular, unreserved fund balance may serve as a measure of a government's net resources available for spending at the end of the fiscal year.

\$45,000-\$40.000 \$35,000 \$30,000 thousands) \$25,000 Expenses \$20,000 Revenues Ŀ. \$15,000 \$10,000 \$5,000 \$0 pintor 0ò Water Program

Expenses and Revenues - Business-type Activities

June 30, 2002

As of the end of the current fiscal year, the CBJ's governmental funds reported combined ending fund balances of \$57.7 million, an increase of \$9.5 million (19.7%) over the prior year. Of this total amount, \$28.1 million represents unreserved undesignated fund balance, which is available for spending. The remainder is reserved, or designated, to indicate that it is not available for new spending. The remaining fund balance of \$29.6 million has already been committed to liquidate contracts and purchase orders of the prior period (\$25.7 million), to meet the liability for earned but unused leave (\$2.7 million), and for other restricted purposes (\$1.2 million).

The general fund is the primary operating fund of the CBJ. At the end of the current fiscal year, unreserved fund balance of the general fund was \$4.1 million, while total fund balance reached \$7.7 million. As a measure of the general fund's liquidity, both unreserved fund balance and total fund balance may be compared to total fund expenditures and other financing uses. Unreserved fund balance and total fund balance represent 7.5% and 19.0% of total expenditures and other financing uses, respectively.

Significant changes are as follows:

- Property taxes increased \$0.8 million (5.5%)
- Investment income decreased \$0.6 million (15.5%)
- Debt reimbursement from the State of Alaska increased \$0.8 million (43.6%)
- Transfers to the debt service fund increased \$1.2 million (28.7%)

Other governmental funds have a combined fund balance of \$49.9 million, an increase of \$7.6 million (18.0%). Significant changes are as follows:

- \$13.0 million in general obligation bonds were sold for repair and improvements to schools
- Capital project expenditures increased \$5.7 million (60.9%) due to the high school renovation and the Gastineau Avenue reconstruction projects.

Enterprise funds. The CBJ's enterprise funds encompass the business-type activities presented in the government-wide financial statements, except for the exclusion of internal service fund activity.

## MANAGEMENT'S DISCUSSION and ANALYSIS

June 30, 2002

As of the end of the current fiscal year, enterprise funds total combined net assets were \$232.8 million, an increase of \$8.2 million (3.6%) over the prior year. Of this amount, \$18.6 million represented unrestricted net assets. This amount is equal to 35.2% of operating expenditures exclusive of depreciation.

Significant changes are as follows:

- Charges for services increased \$3.5 million (6.9%).
- Salaries and fringe benefits increased \$2.7 million (10.1%).
- Contracted services increased \$1.5 million (16.5%).
- Capital contributions decreased \$2.7 million (39.6%).
- Transfers from other funds increased \$2.7 million (43.5%).

#### GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and final amended budget were relatively minor \$0.8 million (2.2%) and can be briefly summarized as follows:

- Grant revenue increased \$0.1 million due to grants received during the fiscal year.
- Expenditures increased \$0.9 million due to appropriation of supplemental grants and encumbrances from prior periods.
- Transfers from special revenue funds increased by \$0.3 million.

Actual revenues exceed budgeted revenues by \$1.6 million, while actual expenditures were \$0.8 million less than budgeted expenditures.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital Assets.** The CBJ's investment in capital assets for its governmental and business-type activities as of June 30, 2002, amounts to \$464.4 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The total increase in the CBJ's investment in capital assets for the current fiscal year was \$8.4 million (1.8%). Governmental capital assets increased \$2.2 million (0.9%), while business-type capital assets increased \$6.2 million (3.0%).

Major capital asset events during the current fiscal year included the following:

- Depreciation expense for fiscal year was \$25.3 million, an increase of \$3.0 million (13.3%) over the previous fiscal year.
- Construction in progress increased \$14.4 million (19.6%)
- Additions for plant, equipment and infrastructure were less than depreciation expense incurred by \$3.9 million and \$2.4 million respectively.

| Total   | \$ | 29,757,101            | 21,964,593  | 10,965,584  | 10,083,516  | 40,722,685    | 32,048,109  |  |

The last Moody's Investor's Services rating on the CBJ's bonds was A2. The government's general obligation bonded indebtedness is not subject to a legal debt ceiling. CBJ's general obligation bond debt per capita is \$1,096 gross and \$963 net (less amounts due from enterprise operations). A more detailed analysis of bonded debt is contained in the Statistical Section, pages 204-209.

Approximately 84.1% or \$28.5 million of CBJ's \$33.9 million in outstanding general obligation bond debt as of June 30, 2002 represents school debt issued for school construction, repairs or technology. Approximately \$22.5 million of the outstanding school debt gualifies for the State of Alaska's School Construction Bond Debt Reimbursement program. Under this program, the State financially assists local communities with the financing of construction and major repair of school facilities. The amount reimbursed varies depending on the year of issuance and the state appropriation levels. The state has historically reimbursed local communities between 70% and 100% of the debt service incurred for approved school facilities.

The general obligation debt increased \$7.0 million (25.9%) due to the issuance of \$13.0 million in bonds for the renovation of Juneau-Douglas High School. This debt qualifies under the State School Bond Debt Reimbursement Program for 70% reimbursement of the debt service cost.

Revenue bonded indebtedness increased \$1.6 million (144.0%) due to the issuance of \$1.7 million in bonds for the replacement of the water and sewer lines under Glacier and Willoughby avenues.

Additional information on the CBJ's long-term debt can be found in Note 10 on pages 55-60 of this report.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Economic diversity is very important to the future of the CBJ. The dominance of state government employment, coupled with the state's continued reliance on a single revenue source, oil, makes diversification a key factor in long-term economic stability. The CBJ is blessed with abundant resources: scenery for tourism; minerals for mining; fish for fishery development; and a prime location to provide regional merchandising to other communities. These resources, combined with our strongly reaffirmed role as Alaska's capital city, indicate that Juneau has a stable future.

However, as with most governments across the nation, the CBJ is in the midst of a challenging economic environment with sluggish growth counterbalanced by increasing costs. These conditions led to the preparation of a maintenance level budget for the FY03/04 biennial budget. Except for additional public safety personnel, very few increments were approved. With this

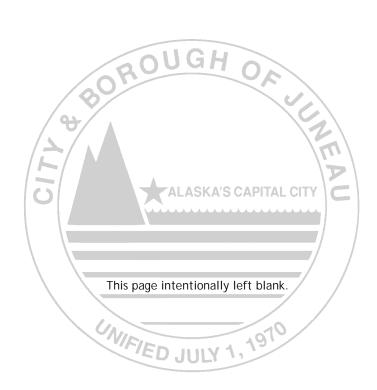

June 30, 2002

conservative approach, the CBJ was able to develop a budget that maintained services and personnel and covered increased insurance and other costs without an increase in the mill rate.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, a request should be addressed to the City and Borough of Juneau, Controllers Division, Finance Department, 155 S. Seward, Juneau, AK 99801 or please call (907) 586-5216.

The CBJ component unit issues its own separate audited financial statements. These statements may be obtained by directly contacting the City and Borough of Juneau School District offices at (907) 463-1700.

# Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds to the Statement of Activities

For the fiscal year ended June 30, 2002

| Amounts reported for governmental activities in the statement of activities are different because:       Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is is depreciated over the estimated useful lives.         Expenditures for capital assets       \$ 15,761,455 (14,1141,238) (1,620,217         Advances and payments on long term debt and bond issuance costs are reported as financial sources and uses in the governmental funds. In the statement of net assets, the advances and payments are reflected as changes in the liabilities and the bond issuance costs are reported as an asset.       (13,149,820) (180,382) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,711,827) (17,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411,238 (18,61,411 | Net change in fund balances - total governmental funds   | \$       | 9,471,854   |

## NOTES TO BASIC FINANCIAL STATEMENTS

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City and Borough of Juneau, Alaska (CBJ) has a population of an estimated 31,000 living within an area of 3,248 square miles making it the largest area city in the country. The population grows to approximately 500,000 during the summer when cruise ships frequent our port. Juneau is the capital of Alaska and located in the panhandle of Alaska along the British Columbia coast. The CBJ was formed as a unified government by a Home Rule Charter on July 1, 1970 under the provisions of Alaska Statutes, Title 29, as amended.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. Pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989 are not applied in the preparation of the financial statements of the proprietary fund types in accordance with GASB Statement No. 20. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below.

In June 1999, the GASB unanimously approved "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments" (Statement No. 34). This Statement provides for the most significant change in financial reporting in over twenty years and is scheduled for a phased implementation (based on size of government) starting with fiscal year ending 2002, for larger local governments such as CBJ. As part of this Statement, there is a new reporting requirement regarding the local government's infrastructure (roads, bridges, traffic signals, etc.).

The CBJ is implementing the basic model for the current fiscal year along with the infrastructure-related portion. In addition, the prior years presented for comparative purposes have been restated to reflect the new presentation format.

#### A. REPORTING ENTITY

The CBJ operates under an assembly-manager form of government and provides the following services; general administrative, education, planning and zoning, port, boat harbors, airport, sewer and water utility, hospital, ski resort, parking and library and, as approved by the citizens, road services, fire service, police, recreation, capital transit, land management, tourism and conventions.

The financial statements of the reporting entity include those of the CBJ (the primary government) and its component unit the City and Borough of Juneau School District (School District). The component unit is discussed below and is included in the reporting entity because of its financial dependence on the CBJ even though the voters elect the School Board.

The Assembly appoints the members of the Airport Board, Docks and Harbors Board and the Bartlett Regional Hospital Board to oversee routine operating activities. The entities are not legally separate from the CBJ and they are considered part of the primary government for financial reporting purposes.

#### Discretely Presented Component Unit

The financial data of the component unit included in the financial reporting entity meets the criteria for discrete presentation and is combined in the component unit column in the financial statements. It is reported in a separate column to emphasize that it is legally separate from the CBJ. The School District issues separate financial statements and has a June 30 year-end. Complete financial statements of the School District can be obtained from their administrative office at 10014 Crazy Horse Drive, Juneau, AK 99801.

The CBJ Assembly (Assembly) approves the total annual budget of the School District and may, during the year, increase or decrease the total appropriation. The Assembly approved the borrowing of monies and issuance of bonds for the School District to finance the acquisition and construction of the school facilities. CBJ retains ownership of the educationally related capital assets and has delegated the operational responsibility for public education to the School District.

#### Joint Ventures

CBJ participates in two joint ventures with a private corporation (Note 8) to lease property for the development of certain mineral rights. The joint venture agreement gives CBJ the authority to appoint one-half of the board members, but no authority to direct action by itself. The private sector partner maintains the operation and fiscal control of joint venture activities. CBJ, as a partner, has access to the joint venture's resources with the concurrence of the other partner. A substantial portion of the benefits generated by the joint ventures is retained by the private sector partner and not available to the general public. CBJ has not provided special support or financing arrangements for joint venture operations.

#### NOTES TO BASIC FINANCIAL STATEMENTS

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of net assets presents the financial condition of the governmental and business-type activities of the CBJ at year-end. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from good, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for the governmental, proprietary and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

#### Measurement Focus

*Government-wide Financial Statements* - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the CBJ are included on the statement of net assets. The statement of activities reports revenues and expenses.

*Fund Financial Statements* - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and all liabilities associated with the operation of these funds are included on the statements of net assets. The statements of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the CBJ finances and meets the cash flow needs of its proprietary activities.

#### Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting and fiduciary funds use the accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting of deferred revenue, and in the presentation of expenses versus expenditures.

**Revenues - Exchange Transactions** - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the CBJ, the phrase "available for exchange transactions" means expected to be received within sixty days of year-end.

**Revenues - Non-exchange Transactions -** Nonexchange transactions, in which the CBJ receives value without directly, giving equal value, in return, include sales taxes, property taxes, grants, and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, and donations is recognized in the fiscal year in which all eligibility

## NOTES TO BASIC FINANCIAL STATEMENTS

requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the CBJ must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the CBJ on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions also must be available (i.e., collected within 60 days) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes, interest and federal and state grants.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

On governmental fund financial statements (i.e., on the modified accrual basis), receivables that will not be collected within the available period have been reported as deferred revenue (i.e., they are measurable but not available) rather than as revenue.

*Expenses/Expenditures* - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

#### Financial Statement Presentation

The CBJ reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Roaded Service Area Fund* accounts for revenues and expenditures related to the roaded service area with in the City and Borough of Juneau. The services provided include parks and recreation, air pollution, public works; street, and police.

The *Sales Tax Fund* accounts for the revenues received from tax on the sale of goods and services. Funds are designated for use in specific areas and/or for specific purposes. The component parts are Areawide-General Purpose, Areawide-Recreation, Areawide-Capital Projects, Areawide CIP/Sales Tax Reserve and Liquor Sales.

The Lands Fund accounts for revenues and expenditures relating to land sales, non-enterprise fund leases and gravel sales.

The *Debt Service Fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The *Schools Capital Projects Funds* account for capital improvement projects for construction, major maintenance and renovation of school buildings.

The CBJ reports the following major enterprise funds:

The *Juneau International Airport* accounts for operations, maintenance, capital improvements and expansion of the Juneau International Airport. Its major revenues consist of property leases, airport user fees, fuel flowage fees, service charges, concessions and short-term rental agreements.

The Bartlett Regional Hospital fund accounts for the health care services provided by the city owned and operated hospital.

The Areawide Water Utility fund accounts for the provision of water treatment and distribution to the residents and commercial users of the CBJ.

The Areawide Sewer Utility fund accounts for provision of collection and treatment of wastewater to the residents and commercial users of the CBJ.

Additionally, the CBJ reports the following fund types:

#### Governmental Fund Types:

*Special Revenue Funds* account for operating fund activities financed by specific revenue sources that are restricted for specified purposes. Examples include transportation and taxes.

*Capital Projects Funds* account for the acquisition or construction of major CBJ capital facilities financed by bond proceeds and sales tax proceeds. Capital Projects Funds are used to account for financing resources to be used for acquisition or construction of major capital facilities (other than those financed by Proprietary Fund Types).

#### Proprietary Fund Types:

*Enterprise Funds* account for the activities for which fees are charged to external users for goods or services. This fund type is also used when the activity is financed with the debt that is secured by a pledge of the net revenues from the fees. The CBJ's Boat Harbors, Dock, and Waste Management are reported in this type.

*Internal Service Funds* account for goods or services provided primarily to other agencies or funds of the CBJ, rather than to the general public. These goods and services include risk management, health-related fringe benefits, fleet, and fleet management. In the government-wide statements, internal service funds are allocated based on the history of its primary customers. Central equipment services are allocated to the governmental activities while risk management services are allocated to business-type activities.

#### Fiduciary Fund Types:

Agency Funds report assets and liabilities for deposits and investments entrusted to the CBJ as an agent for others.

#### D. ASSETS, LIABILITES, AND NET ASSETS OR EQUITY

#### Equity in Central Treasury

This account represents a fund's equity in cash and investments of the central treasury of CBJ. All investments are stated at fair value. For funds with a negative equity in the central treasury, the amount is shown as an interfund payable to the General Fund.

#### Cash and Cash Equivalents

On the statement of cash flows for the proprietary funds, the CBJ has defined cash and cash equivalents as deposits maintained in the central treasury.

#### Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles.

#### Inventories

Inventories, principally supplies, for all fund types are valued at cost (first-in, first-out) using the consumption method.

#### Investments

Generally, investments are reported at fair value. Additional disclosures describing investments are provided in Note 4.

#### Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2002, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved as this amount is not available for general appropriation.

#### **Restricted Assets**

All resources related to the construction of new capital assets and other expenses are recorded as restricted assets in the respective enterprise funds. Any reimbursements from outside sources for these projects are restricted accordingly.

Liabilities payable from these restricted assets include accounts payable, deferred revenue, and interfund payables to the general fund.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The threshold for capitalization of assets is individual cost of \$3,000 or more and an estimated useful life in excess of two years. Bartlett Regional Hospital is the exception to this rule and follows the Center for Medicare and Medicaid

## NOTES TO BASIC FINANCIAL STATEMENTS

Services (CMS) threshold of \$2,500. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of acquisition.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method (half year convention the year the asset is placed in service) over the following estimated useful lives:

| Assets  | Years |
|---|-------|
| Buildings                                     | 5-40  |
| Building improvements                         | 5-40  |
| Public domain infrastructure                  | 15-40 |
| Parking areas and garages                     | 30-40 |
| Water and sewer systems                       |       |
| Treatment, distribution and reservoir systems | 20-50 |
| Lift stations, interceptors and laterals      | 20-40 |
| Motor vehicles and motorized equipment        | 3-12  |
| Furniture, machinery and equipment            | 5-28  |

#### Compensated Absences

CBJ employees earn personal leave rather than separate vacation and sick leave. Unpaid personal leave is accrued and reported as a liability in the period earned. In Governmental Fund Types, leave is recorded as an expenditure when it is due. In Proprietary Fund Types, leave is recorded as an expense when it is earned.

#### Deferred Revenue

Property taxes receivable but not collected within 60 days of year-end have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met (e.g., cash advances) also are recorded as deferred revenue.

#### **Retirement Plans**

All full-time employees of CBJ and the School District participate in either the State of Alaska Public Employees' Retirement System (PERS) or the State of Alaska Teachers' Retirement System (TRS). CBJ and the School District accrue pension costs, which include current costs and amortization of prior service costs. Pension costs are funded as incurred.

#### Long-term Note Receivable

CBJ has received various grants from the State to stimulate low-income housing and small business development. No interest loans were made for construction of low-income housing and small business development. As the loans are repaid the funds are used to make additional loans or grants for similar purposes. Other interest bearing loans are related to the purchase of land from the CBJ.

The activities relating to these loans are recorded in the Low-income Housing, Community Development Block Grant and Land Special Revenue Funds.

#### **General Obligation Bonds**

General obligation bonds are reported on the government-wide statements or in the respective Enterprise Funds. The debt is recorded in the funds responsible for retiring the debt.

#### Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

#### Fund Balance

Generally, fund balance represents the difference between the current assets and current liabilities. The CBJ reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available, spendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance that is available for appropriation in future periods. Designations are management's intent to set aside these resources for specific services.

#### Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external

restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net assets are reported as unrestricted.

The CBJ applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

#### Reservations

Fund balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reserved fund balances reflect either: 1) funds legally segregated for specific purposes or use or 2) assets which, by their nature, are not available for current appropriation and expenditure. Unreserved fund balances reflect the balances available for appropriation for the general purposes of the fund.

#### E. REVENUES AND EXPENDITURES/EXPENSES

In the government-wide statement of activities, revenues and expenses are segregated by activity (governmental or businesstype), then further by function (e.g. administration, education, public transportation, etc). Additionally, revenues are classified between program and general revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

#### Reimbursements

Reimbursement transactions occur when an expenditure is initially made from one fund but which is more appropriately applicable to another fund. These items are recorded as expenditures and expenses in the fund initially charged. An example of this type of transaction is when the Fire Service Area pays all fire protection costs, including those for the General Fund. The expenditures are transferred to the General Fund with a corresponding reduction of expenditures in the Fire Service Area Special Revenue Fund.

#### Interfund Services Provided and Used

Because governmental units operate with a number of funds, with each individual fund performing its specific functions, there are instances where funds are required to do business with each other. This business can be categorized as either an interfund transaction or an interfund transfer.

Interfund transactions are divided into two categories: exchange type activity and reimbursement transactions. Exchange type activities are those transactions that would be treated as revenues, expenditures or expenses if they involved parties external to CBJ. These types of transactions are accounted for as ordinary revenues, expenditures or expenses of the funds involved. An example of this type of transaction is when the Parks and Recreation Department buys water from the Water Department. This transaction is treated as an expenditure to the Parks and Recreation Department and as a revenue to the Water Department.

Interfund transfers are transfers between funds or the component unit that are required when revenue is generated in one fund and expenditures are paid from another fund. The majority of the transfers occur with respect to capital projects where General Fund and Special Revenue Fund monies are transferred to finance various capital projects.

#### Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

## NOTES TO BASIC FINANCIAL STATEMENTS

#### Comparative data/reclassifications

Comparative total data for the prior two years have been presented for all statements, schedules and presentations except for budget to actual statements and partial fund type combining schedules. This three-year presentation is consistent with prior year presentations and prior year data have been reclassified in order to be consistent with the current year's presentation.

#### NOTE 2 - RESTATEMENT OF FUND BALANCE

The following is the impact on the previously reported fund equity for governmental activities resulting from the implementation of the new financial reporting model:

|   | Fund Equity<br>June 30 | GASB Int. No.6            |              |              |
|---|------------------------|---------------------------|--------------|--------------|
|   | as previously          | adjustment<br>compensated | Adjusted fu  | nd equity    |
|   | reported               | absences                  | <u>2001</u>  | 2000         |
| General Fund                            | \$<br>4,770,745        | 1,107,545                 | 5,878,290    | 3,700,961    |
| Roaded Service Area Fund                | 2,253,371              | 933,441                   | 3,186,812    | 2,517,861    |
| Sales Tax Fund                          | 10,460,763             | -                         | 10,460,763   | 7,182,124    |
| Lands Fund                              | 1,136,699              | 19,536                    | 1,156,235    | 2,742,612    |

## NOTE 3 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. BUDGETARY INFORMATION

CBJ prepares, reviews, approves and appropriates a biennial operating budget on a July 1 to June 30 fiscal year. Future appropriation will continue to be on an annual basis to comply with Charter provisions.

CBJ follows these procedures in establishing the budgetary data reflected in the basic financial statements:

- The manager must submit to the Assembly, by April 5, the proposed operating budget for the fiscal year commencing July 1. The budget is a complete financial plan for all CBJ operations, including the education function. The budget is required to show reserves, estimated revenues from all sources, and proposed expenditures for all purposes.
- Public hearings are conducted between the submission and adoption dates to obtain taxpayer comments.
- The Assembly, by ordinance, must adopt by June 15, an operating budget for the following fiscal year.

## NOTES TO BASIC FINANCIAL STATEMENTS

The manager may transfer part or all of any unencumbered balance between classifications of expenditures within a department, excluding the education function. The Assembly must approve revisions to the total budget of any fund or department. Expenditures may not legally exceed budgeted appropriations. If during the fiscal year it is necessary to amend the originally adopted budget, the Assembly by ordinance may increase or decrease the original appropriation.

Formal budgetary integration is employed as a management control device during the year for all funds with adopted budgets. CBJ budgets on the modified-accrual basis plus encumbrances and compensated absences excluding capital leases for all Governmental Fund Types. Proprietary Fund Types are budgeted on a modified-accrual basis plus encumbrances, compensated absences and replacement reserve.

CBJ adopts annual budgets for all Government Fund Types (except for Community Development Block Grant Special Revenue Fund and Capital Projects Funds) and Proprietary Fund Types. The budget for the Community Development Block Grant Special Revenue Fund is budgeted when grants are appropriated and budgets for capital improvement projects are budgeted on a project-length basis. There is no reconciliation necessary for these Special Revenue Funds since there is no revenue or expenditure activity. Budgeted amounts are as originally adopted or as amended by the Assembly during the fiscal year ended June 30, 2002. Amendments are due to new or amended grant awards from the State of Alaska or federal government and to revenues exceeding original estimates.

The Assembly, as the oversight authority, approves the total annual budget of the School District. After adoption of the School District budget, the School District cannot exceed the total budget (legal level of control) without Assembly approval.

Appropriations lapse at year-end to the extent that they have not been expended or encumbered for all funds except Capital Project Funds, which lapse at project completion.

#### B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

| Excess of expenditures, expenses and other financing<br>uses over appropriations in individual funds by<br>department level for the year ended June 30, 2002 | Ē  | Final<br>Appropriation        | Actual<br>expenditure<br>expenses an<br>other financi<br>uses on<br><u>budget basi</u> | d<br>ng | <u>Excess</u>                 |

#### NOTE 4 - CENTRAL TREASURY

Mental Health

CBJ uses a central treasury concept to account for cash and investments for all funds and the component unit. The financial activity of the central treasury is accounted for in the General Fund. In some instances funds may overdraft their available cash balance in the central treasury. Specific fund overdrafts are treated as short-term loans and are reported on the balance

(632, 156)

## NOTES TO BASIC FINANCIAL STATEMENTS

sheets as liabilities, "interfund payable to the General Fund." The corresponding receivable is reported as an asset on the balance sheet "interfund receivables from other funds." Specific fund overdrafts are not reported as part of the central treasury investments included in the general fund balance sheet. The cash and investment total of \$85,103,245 reported in the fund balance sheets as "equity in central treasury" represents the total actual central treasury balances as of June 30, 2002.

Investment income is allocated to funds when required by ordinance; regulation or bond covenant based on each fund's average monthly cash balance.

#### Demand Deposits

All demand deposits are fully collateralized by securities held in CBJ's name by CBJ's agent or insured by the Federal Deposit Insurance Corporation. CBJ had the following demand deposits at June 30, 2002:

|                 | Carrying Amount     | Bank Balance        |
|-----------------|---------------------|---------------------|
| Demand deposits | <u>\$ 2,160,938</u> | <u>\$ 3,532,126</u> |

#### Investments

CBJ's Finance Ordinance Code 57.25.020 authorizes CBJ to invest in the following securities:

Under internal portfolio management:

- 1. Obligations, direct or otherwise of the United States and secured bank obligations;
- 2. Bankers' acceptances drawn on and accepted by a rated bank and commercial paper issued by corporations or business rated at least A2/P2;
- 3. Negotiable certificate of deposit issued by rated banks and non-negotiable certificates of deposit fully secured;
- 4. Repurchase and reverse repurchase agreements secured by obligations insured or guaranteed, direct or otherwise by the United States;
- 5. Loans to specified funds of the city and borough for the purpose of capital acquisition;
- 6. An investment pool for public entities authorized by AS 37.23

#### Under external portfolio management:

In addition to the first four items listed under internal portfolio management, the external manager may invest in the following:

- 1. Money market funds and other mutual funds;
- 2. U.S. dollar denominated corporate bonds and rated investment grade or higher by a nationally recognized rating agency at the time of purchase.
- 3. Mortgage-backed securities issued by an Agency of the U. S. Government;
- 4. Mortgage backed securities, collateralized mortgage obligations and asset backed securities rated "A" or higher by a nationally recognized rating agency at the time of purchase.
- 5. Futures and options subject to certain limitations.

A summary of CBJ's investments is displayed below by type of instrument. The CBJ's investments in the external investment pool, as described below, are not categorized. The remaining investments fall under GASB's Category 1 (the category of least risk) which includes investments that are insured or registered or for which the securities are held by the CBJ or its agent in the CBJ's name.

The Alaska Municipal League Investment Pool (AMLIP) is considered to be an external investment pool. Regulatory oversight of AMLIP is established by Alaska State Statute 37.23, which sets forth the requirements regarding authorized investments and reporting. The CBJ's share of the fair value in AMLIP is determined by the fair value per share of AMLIP's underlying portfolio. As of June 30, 2002, the fair value of CBJ's position in the pool approximates the value of CBJ's pool shares.

|   | Fair Value           |
|---|----------------------|
| Categorized Investments:                |                      |

| Totals              | \$ | 11,150,327        | 11,092,667        | 22,242,994  | 20,916,838  | 19,581,121  |

## NOTE 6 - PROPERTY TAXES

Property tax is considered an enforceable lien at the January 1 assessment date. Mill levies are set prior to June 15 to finance the period July 1 through June 30 of the following year as required by ordinance. Receivables are recognized and revenues are recorded when taxpayer liability is calculated and billed on July 1. Property tax bills are due September 30.

#### NOTE 7 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Each fund participates in the central treasury as described in Note 1. Deficit equities in the central treasury are accounted for as interfund payables to the General Fund and represent payable balances in addition to the amounts described above. Interfund payables to the General Fund amounted to \$3,453,355 at June 30, 2002. General Fund balance has been reserved for that portion of deficit equities in central treasury that are considered long-term. A balance is considered long-term if budgeted revenues over expenditures for fiscal year 2002 do not exceed the current year deficit cash balance.

#### **NOTE 8 - JOINT VENTURE**

CBJ and AJT Mining Properties, Inc. (AJT) participate in two joint ventures, Juneau Gold and Douglas Gold, which are accounted for by the equity method in the Lands Special Revenue Fund. Both joint ventures are formed for the purpose of leasing or selling all or portions of property and property interests to a company which will engage in the exploration, development or mining of ore on these lands. There is no formal budget adopted for the joint venture.

No action can be taken under the joint venture agreement unless CBJ and AJT both agree. In the event of a dispute that cannot be settled by CBJ and AJT, such dispute will be submitted to arbitration.

The company to which the CBJ and AJT had leased its mining properties decided not to proceed with development, terminating the lease December 31, 1997. Since that time, activity has consisted of shutting down the mine and ensuring the property is left in a safe and environmentally sound condition. The future of the joint venture is uncertain but will be kept going indefinitely in anticipation that another mining company will become interested in the property. At this time, however, it appears there will not be much activity in the joint venture.

The participants' shares of operating results in these joint ventures are as follows:

## NOTE 10 - DEBT

The majority of the debt service of CBJ is paid through the Debt Service Fund, Central Equipment, Lands Fund, Juneau International Airport, Bartlett Regional Hospital and Areawide Water and Sewer Utilities Enterprise Funds. The Debt Service Fund pays the general obligation debt and property purchase agreements debt for CBJ not accounted for in the Proprietary Fund Types with interfund transfers, bond proceeds or earnings on bond proceeds. Installment contract payments are paid by the benefiting fund with general tax revenues or other applicable revenue sources. The Proprietary Fund Types pay their general obligation bonds, revenue bonds and other long-term debt obligations with user fees or special assessment revenues, except Bartlett Regional Hospital which receives a 70% reimbursement from the General Fund for its original 1985 Bond that was refinanced in 1992. Finally, compensated absences are paid by the benefiting fund with general tax revenues or other applicable revenue sources.

#### Retirement Incentive Program

In November 1996 CBJ adopted a resolution to participate in the Retirement Incentive Program (RIP) available through the State of Alaska Public Employees Retirement System (PERS). The Retirement Incentive Program was designed to encourage eligible employees to voluntarily retire in order to reduce personnel service costs. The program was available until December 31, 1999, to eligible employees. CBJ reimburses the plans for three years after the end of the fiscal year in which the employee retired. The amount of reimbursement is the actuarial equivalent of the difference between the benefits the employee receives after the addition of the retirement incentive under the program and the amount the employee would have received without the incentive, less any amount the participant has paid as part of retiring under the program.

Under this plan, an outstanding indebtedness at the time an employee has elected to retire will result in an actuarial adjustment to the employee's benefit. Employees participating in the RIP are indebted a percentage of the annual compensation for the calendar year in which they terminated employment as follows: police and fire fighters at 22.5%; all others at 20.25%.

The effect of the Retirement Incentive Program on the actuarial present value of accumulated benefits or their related contributions due from employers and employees electing to fund their early retirement has not yet been determined. As of June 30, 2002, CBJ's liability for the early retirement program is \$85,535 for employees who have already retired under the program.

## NOTES TO BASIC FINANCIAL STATEMENTS

#### A summary of long-term debt excluding compensated absences at June 30, 2002 follows:

| Interest   |            |                |               | Date of  | Date            |  |

### Bonds

Amounts in the Debt Service Fund to service the general obligation bonds and property purchase agreements as of June 30, 2002 are \$488,114.

#### General Obligation Bonds

On October 5, 1999, the voters of the CBJ approved the issuance of \$62.9 million for 15 years in general obligation bonds for the design, construction, and equipping of a new high school and the renovation of the existing Juneau - Douglas High School. Voters approved the immediate issuance of \$3 million of the general obligation debt for the project design and some demolition costs. The remaining \$59.9 million would only be issued if portions of the project which qualify for the State of Alaska Construction Bond Debt Reimbursement Program are funded by the State at a level of 50 percent or greater. On June 1, 2000, \$657,000 of the \$3 million authorization was sold in an initial bond offering. The remaining \$2.343 million were sold on December 15, 2000. During the 2001 legislative session, the State approved 70% reimbursement on \$12,955,900 of the \$59.9 million. Voters approved splitting the \$59.9 million in the October 2, 2001 election so that the \$12,995,900 could be issued separately from the \$59.9 million. The \$12,995,900 were issued March 1,2002. In November 2002, Alaskan voters approved a statewide GO bonding proposal for school construction and major maintenance projects. Approval of this proposition triggered legislation to become effective regarding the State of Alaska's School Construction Bond Debt Reimbursement program. This legislation authorized the State of Alaska to reimburse municipalities in the organized cities and boroughs for up to 70 percent of the cost of local school construction projects approved by local voters on or after June 30, 1999, and before January 1, 2005. Because of this, the remaining \$46,904,100 of the original \$62.9 million can now be issued.

On May 30, 2002, the CBJ Assembly authorized the sale and issuance of refunding bonds in the amount of \$4,250,000. These refunding bonds were issued July 1, 2002 to refund an outstanding general obligation bond issue (the 1992 Refunding bonds). The refunding bonds were issued due to changes in interest rates favorable to the CBJ.

On September 23, 2002, the CBJ Assembly authorized the sale and issuance of refunding bonds in the amount of \$1,420,000. These refunding bonds will be issued December 1, 2002 to refund an outstanding general obligation bond issue (the 1996A General Obligation bonds). The refunding bonds are being issued due to changes in interest rates favorable to the CBJ.

## NOTES TO BASIC FINANCIAL STATEMENTS

On October 1, 2002, the voters of the CBJ approved the issuance of not to exceed \$15 million in general obligation bonds for the purpose of acquiring, constructing and equipping various harbor, utility and park improvements within the CBJ. An amount not to exceed \$1,000,000 of these bonds will be offered in an over-the-counter bond sale January 25, 2003. The remaining \$14 million is expected to be issued sometime in 2003.

#### Revenue Bonds

On December 17, 2001, the CBJ Assembly authorized the sale and issuance of revenue and refunding bonds in the amount of \$2,685,000. This bond issue consisted of revenue bonds in the amount of \$1,680,000 and refunding bonds in the amount of \$1,005,000. The revenue bonds were authorized on March 2, 1998 for the purpose of replacing the water and sewer systems during the Glacier/Willoughby Avenue reconstruction project. The refunding bonds were authorized on December 17, 2001 to refund an outstanding water revenue bond (the 1997 Salmon Creek Revenue bond). The refunding bonds were issued due to changes in interest rates favorable to the CBJ.

On September 9, 2002, the CBJ Assembly authorized the issuance of \$4,700,000 revenue bonds to provide funding for port planning and development projects. These bonds are expected to be issued sometime in February 2003.

Additionally, the CBJ is in the process of issuing revenue bonds in an amount not to exceed \$25 million to fund the Hospital's Project 2005 - the final phase of a construction and renovation project. These bonds are expected to be issued sometime in April 2003.

### **Description of Leasing Arrangements**

#### Capital Leases

CBJ has entered into various leasing arrangements. CBJ has entered into lease agreements for an over snow vehicle and a fire truck. Respectively, the lease terms are for three and seven years and will terminate in fiscal years 2004 and 2006.

Bartlett Regional Hospital has entered into three leases. These leases are for CCU equipment, a computer information system, radiology equipment, and magnetic resonance imaging equipment. The three hospital leases are for five-year terms expiring in fiscal years 2004 and 2005.

The following is an analysis of equipment leased under capital leases as of June 30, 2002:

| 2006   |    | -            | 16,756       |
| Total minimum lease payments                   | _  | 1,771,480    | 372,961      |
| Less: Amount representing interest             | _  | 116,719      | 22,962       |
| Present value of future minimum lease payments | \$ | 1,654,761    | 349,999      |

#### **Operating Leases**

In addition, CBJ leases land, buildings and copier equipment under leases classified as operating leases. All land lease terms range from ten to fifty-five years, building leases range from two to three years and copier leases range from two to seven years. In most cases of the land and buildings leases, leases will likely be renewed. In most cases of the copier equipment leases, other leases will likely replace them.

## NOTES TO BASIC FINANCIAL STATEMENTS

The following is a schedule by years of future minimum rental payments required under operating leases as of June 30, 2002:

| Fiscal year ending June 30:     |    | Amount    |
|---------------------------------|----|-----------|
| 2003                            | \$ | 628,344   |
| 2004                            |    | 476,175   |
| 2005                            |    | 290       |
| 2006                            |    | 290       |
| 2007                            |    | 290       |
| Later years                     | _  | 12,090    |
| Total minimum payments required | \$ | 1,117,479 |

#### Compensated Absences

Employees earn accrued leave based on their length of service. The accrued leave vests as it is earned and is payable to the employee on termination.

The current portion of compensated absences is the portion that is estimated to be utilized in the following fiscal year based upon prior usage patterns.

## NOTE 11 - ACCRUED LIABILITIES

## NOTE 12 - PENSION PLANS

### State of Alaska Public Employees' Retirement System

#### Plan Description

The General Government, School District component unit and Bartlett Regional Hospital contribute to the State of Alaska Public Employees' Retirement System (PERS). PERS is an agent multiple-employer public employee defined benefit retirement system established and administered by the State of Alaska (State) to provide pension, post employment health care, death and disability benefits to eligible employees. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

Each fiscal year, PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P. O. Box 110203, Juneau, Alaska 99811-0203.

#### Funding Policy and Annual Pension Cost

Employee contribution rates are 7.5% for peace officers and fire fighters and 6.75% for other employees, as required by State Statute. The funding policy for PERS provides for periodic employer contributions at actuarially determined rates that, expressed as a percentage of annual covered payroll, are sufficient to accumulate sufficient assets to pay benefits when due.

An actuarial valuation for the plan is done on a biennial basis.

## NOTES TO BASIC FINANCIAL STATEMENTS

Annual pension cost and post employment health care (in thousands) for the current year and the related information is as follows:

| Contribution rates:        | Employee | Employer |
|----------------------------|----------|----------|
| General Government         | 6.75%    | 6.04%    |
| Police and Fire            | 7.50%    | 6.04%    |
| School District            | 6.75%    | 8.76%    |
| Bartlett Regional Hospital | 6.75%    | 7.81%    |

The City and Borough of Juneau has determined, in accordance with provisions of GASB 27, that no pension liability (asset) exists to PERS and there was no previously reported liability (asset) to PERS.

### State of Alaska Teachers' Retirement System Plan Description

#### Plan Description

As of June 30, 2002, substantially all permanent School District certificated employees participate in the State of Alaska Teachers' Retirement System (TRS), a defined benefit, cost-sharing, multiple-employer public employee retirement system established and administered by the State of Alaska (State). TRS provides pension, post employment health care, death and disability benefits to participants. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

Each fiscal year, TRS issues a publicly available financial report which includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P. O. Box 110203, Juneau, Alaska 99811-0203.

### Funding Policy and Annual Pension Cost

Employees contribute 8.65% of their base salary as required by State statute. The funding policy for TRS provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate sufficient assets to pay benefits when due. During the year ended June 30, 2002, required employee and employer contribution rates were 8.65% and 12%, respectively. The amounts contributed to TRS by the CBJ School District during the years ended June 30, 2002, 2001 and 2000 were \$2,185,111, \$2,290,794, and \$2,311,459, respectively, equal to the required employer contributions for each year. The actuarial assumptions for TRS are the same as were reported above for the State of Alaska Public Employees' Retirement System (PERS).

An actuarial valuation for the plan is done on a biennial basis.

In the current year, the CBJ determined in accordance with provisions of GASB 27 that no pension liability (asset) existed to TRS and there was no previously reported liability (asset) to TRS.

### **Required Supplementary Information**

The supplementary information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due. Three-year information (in thousands) follows:

## NOTES TO BASIC FINANCIAL STATEMENTS

## NOTE 15 - SALES TAX

CBJ levies a 5% sales tax on the sale of goods, rents and services performed within its taxing boundaries unless specifically exempted. Sales tax levies are approved by ballot proposition for specific operational and capital purposes. State law precludes the dedication of taxes, although it has been the CBJ Assembly policy to use the taxes for the purposes as originally approved by the voters.

Of the 5%, 1% is a permanent sales tax; 3% is a temporary sales tax, subject to renewal by the voters every five years, and a 1% temporary sales tax which began January 1, 2001 and ends December 31, 2003.

Voters renewed the temporary 3% sales tax on October 3, 2000. This tax will remain in effect until July 1, 2007 and is used for capital improvements, budget reserve, youth activities, and general fund operations. The temporary 1% sales tax is for repair, rehabilitation and improvement of schools, expansion and improvement of Bartlett Regional Hospital and construction of a covered ice rink and recreational facility.

### NOTE 16 - LITIGATION

CBJ, in the normal course of their activities, is involved in various claims and pending litigation. While the outcome of certain of these matters is not presently determinable, in the opinion of management, CBJ and the School District have adequate insurance coverage and reserves to prevent these matters from having a material adverse effect on the basic financial statements.

### NOTE 17 - CONTINGENT LIABILITIES

CBJ and the School District component unit participate in a variety of State and Federal assistance grant programs. These programs are subject to program compliance reviews by the grantors or their representatives. The audits of these programs for and including the year ended June 30, 2002 have not yet been conducted. Accordingly, compliance with applicable grant requirements by CBJ and the School District unit will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although CBJ and the School District expect any such unrecorded amounts, if any, to be immaterial.

### NOTE 18 - MENTAL HEALTH AND CHEMICAL DEPENDENCY SPECIAL REVENUE FUND CHANGES

In February 2000, CBJ developed a plan to transition mental health services provided by the CBJ to various local nonprofit mental health service providers. The CBJ mental health service was terminated effective June 30, 2000. The decision to transition this service to the private sector was made for two main reasons. First, the direct mental health services being provided by the CBJ are services typically performed by the private sector. At the time the CBJ originally started providing mental health service, the private sector was not in the position to offer this service. Second, it was felt that the private sector was now capable of providing the services more efficiently. The Mental Health Fund will be maintained until all financial activity ceases and until the fund deficit is eliminated with transfers from the General Fund. The plan calls for the deficit to be eliminated by fiscal year 2005. All activity for fiscal year 2002 related to prior service and the retirement of the deficit.

Effective April 1, 2000, management of the Chemical Dependency Fund was transferred to Bartlett Regional Hospital (BRH), a CBJ enterprise fund. It was felt that BRH management was more capable of effectively managing the chemical dependency service and combining services would be more efficient. The Chemical Dependency Fund operated under BRH management until September 1, 2000, at which time the fund became the responsibility of the Hospital Fund, except for the collection of residual receivables. All activity for fiscal year 2002 related to prior service and the collection of the receivables.

## NOTE 19 - CONDUIT DEBT

On August 12, 1999, the CBJ participated in a nonrecourse revenue bond issue. The \$18 million proceeds from the issuance of these bonds were used to provide funds to St. Ann's Care Center, Inc., an Alaska nonprofit corporation, to construct and equip a new assisted living and long term care facility. The bonds are special, limited obligations of the CBJ, and do not constitute a debt, liability or general obligation of the CBJ, or a pledge of the faith and credit or the taxing power of the CBJ. The bonds are payable solely from the revenues and proceeds provided by St. Ann's Care Center, Inc.

## NOTES TO BASIC FINANCIAL STATEMENTS

The principal amount outstanding as of June 30, 2002 for this bond issue is \$17.7 million. The bonds are term bonds with \$1,350,000 maturing December 1, 2004 and the remaining \$16,650,000 maturing December 1, 2025. A sinking fund is held by a Trustee to accumulate the required funds needed at each June 1 and December payment dates. The amount held in the sinking fund at June 30, 2002 is \$287,523. Interest on the bonds is payable on each June 1 and December 1, with first payment made December 1, 1999. The first principal payment was made on December 1, 2001.

On August 6, 2001, the CBJ participated in a second nonrecourse revenue bond issue in the amount of \$6.7 million to provide funds to South East Alaska Regional Health Consortium (SEARHC), an Alaska nonprofit corporation, to finance the construction of a healthcare facility. The bonds are special, limited obligations of the CBJ, and do not constitute a debt, liability or general obligation of the CBJ, or a pledge of the faith and credit or the taxing power of the CBJ. The bonds are payable solely from the revenues and proceeds provided by SEARHC.

The \$6.7 million is held with a financial institution to which pay requests are submitted for reimbursement of applicable construction expenditures. The total amount requested as of June 30, 2002 is \$1,369,387.74. Interest only payments are to be paid in monthly installments commencing September 1, 2001 to end on August 1, 2003. Then, commencing on September 1, 2003, both principal of and interest on the Bonds shall be payable in monthly installments until maturity of the bonds on August 1, 2033.

## NOTE 20 - RISK MANAGEMENT

CBJ has a self-insurance/co-insurance program that is accounted for within the Self-insurance Fund. All insurance payments to this Internal Service Fund from other funds are accounted for as external interfund transactions transactions.

CBJ is exposed to various risks of loss from legal liabilities, property damage, business interruption and personnel claims. Under this program, the Risk Management Fund provides coverage that has deductibles up to a maximum of \$350,000 for each worker's compensation claim, \$25,000 for each property claim, \$25,000 for each general liability claim. CBJ purchases commercial insurance for claims in excess of coverage provided by the Fund up to various limits depending on the specific coverage. Settled claims have not exceeded these commercial coverage limits in any of the past three fiscal years.

CBJ provides coverage for medical/dental/vision claims up to maximum annual claims of \$75,000 per employee. Coverage in excess there of is provided by a private stop loss carrier. CBJ also purchases term life coverage for CBJ employees and their dependents.

Unemployment compensation expense is based on actual claims paid by the State of Alaska and reimbursed by CBJ.

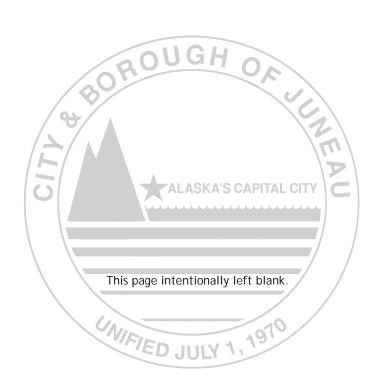

All funds of CBJ participate in the risk management program and make payments to the Risk Management Fund based on estimates of the amounts needed to pay prior- and current-year claims.

Claims payables represent estimates of claims to be paid based upon past experience modified for current trends and information. This liability includes reserves for known claims, provision for additional development on known claims, and provision for incurred but not reported claims. The evaluation of pending and ongoing claimants' claims uses established historical information unique to unemployment compensation claims incurred but not paid by the State of Alaska.

## NOTES TO BASIC FINANCIAL STATEMENTS

# SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for revenues from specific sources, including grants, service fees, rental charges and sales taxes, which are designated to finance particular functions and activities. This section contains a combining non-major balance sheet and a combing non-major statement of revenues, expenditures, and changes in fund balance for fiscal year ended June 30, 2002. This section also includes individual three-year statements of revenues, expenditures, and changes in fund balance and budget and actual presentations for all of the following special revenue funds.

# Major Special Revenue Funds

**Roaded Service Area** - To account for revenues and expenditures related to the roaded service area within the City and Borough of Juneau.

**Sales Tax** - To account for revenues received from tax on the sale of goods and services. Funds are designated for use in specific areas and/or for specific purposes. The component parts are Areawide-General Purpose, Areawide-Recreation, Areawide-Capital Projects, Areawide CIP/Sales Tax Reserve and Liquor Sales.

Lands - To account for revenues and expenditures relating to land sales, non-enterprise fund leases, and gravel sales.

# Non-Major Special Revenue Funds

**Hotel Tax** - To account for revenues from tax on transient room rentals. Proceeds are used to fund operations of the convention center.

**Tobacco Excise Tax** - To account for revenues received from excise taxes levied on the imported value of tobacco products. Funds are used specifically for various social service functions.

Capital Transit - To account for revenues and expenditures for the operation of the mass transit bus system.

**Community Development Block Grant** - To account for revenues and expenditures for the Community Development Block Grants received from the U. S. Federal Government.

**Mental Health -** To account for revenues and expenditures associated with mental health support and counseling services to children, youth, and adults.

**Chemical Dependency Services -** To account for revenues and expenditures for operation of the Juneau Recovery Hospital (a facility for the treatment of substance abuse) and related outpatient services.

Visitor Services - To account for revenues and expenditures for the operation of the convention center.

Library Minor Contributions - To account for revenues designated for specific library expenditures.

**Pass-through Grants** - To account for revenues received from State and Federal grants. The funds are passed on to specific agencies to fund operations.

**Eaglecrest** - To account for revenues and expenditures for the operation of a ski area.

**Downtown Parking** - To account for revenues and expenditures for parking.

**Port Development** - To account for revenue obligated for major port improvements.

Low-income Housing - To account for a grant received from the State to stimulate low-income housing in the Juneau area.

Fire Service Area - To account for revenues and expenditures related to the fire service area within the City and Borough of Juneau.

Marine Passenger Fee - To account for revenues approved by the voters to mitigate the cost of tourism and tourism development.

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

## Major Capital Projects Funds

**Schools** - To account for capital improvement projects for construction, major maintenance and renovation of school buildings.

## Non-Major Capital Project Funds

**Roads and Sidewalks** - To account for capital improvement projects for improvements, repair, reconstruction, and paving of roads, sidewalks and stairways.

**Fire and Safety** - To account for capital improvement projects for construction and major maintenance of fire and police stations.

**Community Development** - To account for capital improvement projects such as environmental studies and city wide plans, and construction of facilities benefiting the city as a whole.

**Parks and Recreation** - To account for capital improvement projects for construction and rehabilitation of recreational facilities, parks and trails.

## NON-MAJOR CAPITAL PROJECTS FUNDS

# INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a governmental unit, or to other governmental units, on a cost-reimbursement basis.

<u>Central Equipment Service Fund</u> - To provide for the maintenance, repair and purchase of vehicles and electronics for City and Borough services. Revenues are from rental charges from user departments within the City and Borough. Expenses include labor, materials, supplies and services. Replacement of equipment is part of the rental rate of the equipment.

<u>Self-insurance Fund</u> - To provide for the cost of administering the City and Borough's Risk Management Program. This program provides coverage for the various risks of loss from legal liabilities, property damage and workers' compensation claims. The program also provides coverage for medical, dental and vision claims and term life coverage. Charges for services are based on estimates of the amounts needed to pay prior and current year claims in addition to the cost of the excess and special insurance policy premiums.

# FIDUCIARY FUNDS

## Agency Funds

The Agency Funds are used to account for the resources received and held by the City and Borough in a fiduciary capacity.

<u>Mental Health Payee</u> - To account for monies received from state sources to be used for housing and food for individuals deemed incapable of handling these monies themselves.

<u>Senior Citizens Housing</u> - To account for monies received from state sources to be used specifically for acquisition of senior citizen housing.

<u>Golf Club</u> - To account for monies received from private sources to be used for the construction of the Juneau Golf Course.

<u>Sister City</u> - To account for monies received from private sources to be used to promote relationships between Juneau and her sister cities.

Museum Grant - To account for monies received from private sources to be used to promote historical projects.

<u>Juneau Public Library Endowment</u> - To account for monies received from private sources to be used to purchase materials for the public library.

UNIFIED JULY 1, 1910

#### Footnote:

CBJ Ordinance 69.10.020 exempts the following property from taxation:

- (1) Property exempt by state or federal law
- (2) Household property of a head of a family or household
- (3) Motor vehicles not used for commercial purposes
- (4) Vessels
- (5) Airplanes not used for commercial purposes
- (6) Residential property of qualifying repairs and rehabilitation not exceeding \$10,000
- (7) Historic property not to exceed \$20,000
- (8) Federally funded Low-income Housing
- (9) Property used exclusively for community purposes
- (10) Commencing January 1, 1994, business inventories
- (11) Commencing January 1, 1994, export manufacturing

The same millage rate is applied to both real property and personal property subject to taxation.

Footnote: Per Alaska Title 29, Section 29.45.110, the assessed value is the full and true value as of January 1 of each calendar year. The true and full value being defined as fair market value.

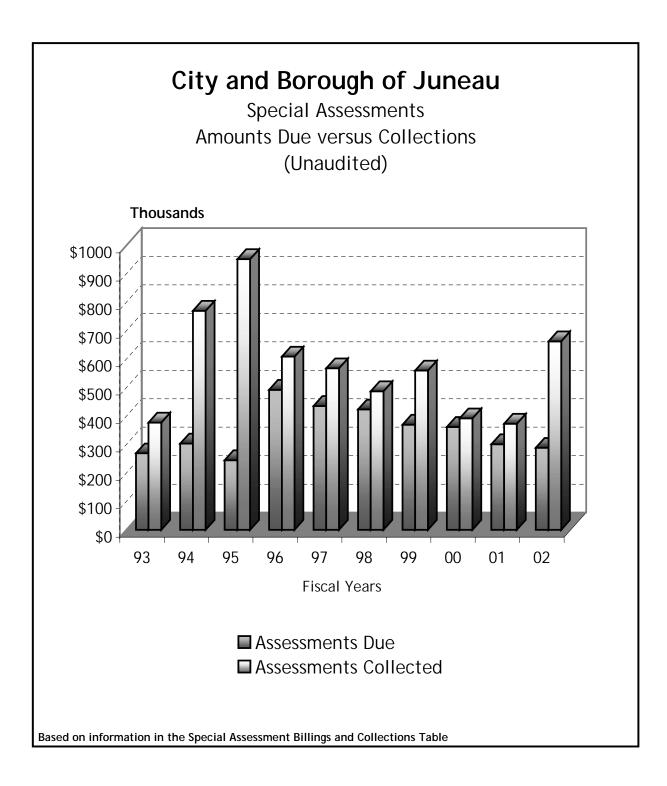

\* SAs were restructured effective March 7, 1994 by ordinance 94-11. Amending the Service Area Code to abolish SA No.3 and to consolidate SA Nos. 1, 2, 4, 5, 6, 7, and 8 into a single service area to be known as Fire Service.

Notes: Fire Service Area, is former SA's 1, 2, 4, 5, 6, 7, 8. Rural Roaded is former SA No. 3 Roaded. (includes Airport Area and Cohen Drive to Echo Cove) Roaded Service Area is the total of all SAs except Rural Nonroaded. Rural Nonroaded is former SA No. 3 Non-Roaded. (Includes Taku River, Shelter Island and Greens Creek)

Footnote: N/A equals information not available at this time.

+ equals updated information

- \* The population reporting date has changed, so we will have two years with the same information. Marriages are reported by census area of occurrence.
- Divorces are reported by Judicial District where granted. Juneau is in the First District.

Gross business sales have been updated to agree with amounts given by CBJ's Sales Tax Office.

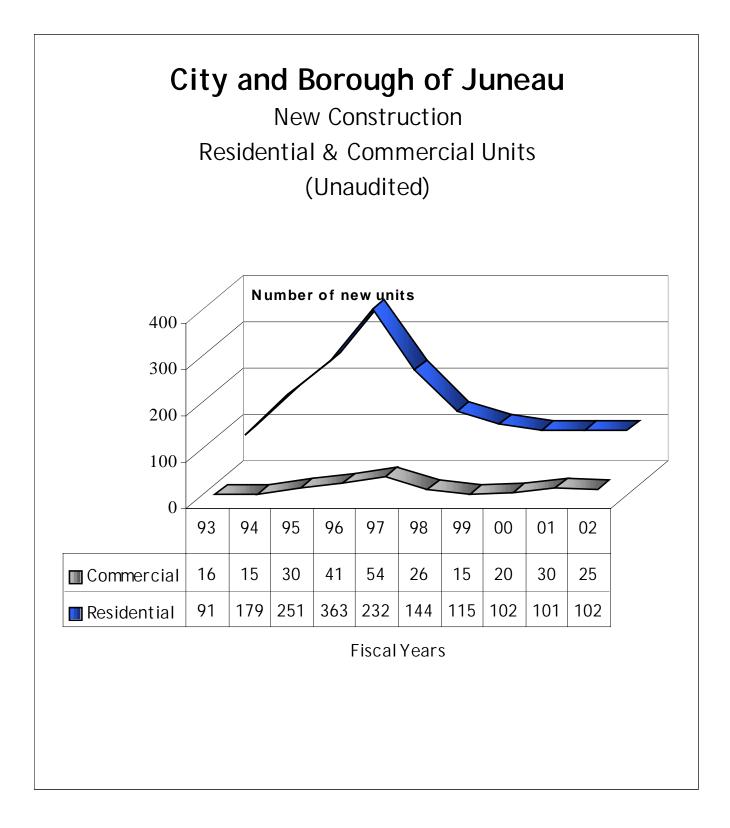

University enrollment for fall has been updated to agree to University published information for FY94-FY99.

Information for deposits in financial institutions has not been available for more than ten years.

Sources: Alaska Department of Vital Statistics, Alaska Marine Highway, Visitors Bureau and City and Borough of Juneau Treasury, Fire, Police, Harbor, and Community Development Departments. Sources also include the CBJ School District, Bartlett Regional Hospital, and the University of Alaska Southeast.

Footnote: The gross business sales by tourist-related business figures are a subset of the gross sales by category presented above. This subset is intended to provide a general guideline of gross sales generated by businesses operating within the tourism industry. The subset does not attempt to exclude gross sales made to local residents by businesses classified as tourist-related.

In 2002, the Sales Tax Office underwent a one-time reclassification of merchants operating in the tourism industry to more accurately reflect the class of tourism-related businesses broken out above. All years shown have been adjusted accordingly.

Source: Detailed analysis derived from the Merchant Tax Filings maintained by the City and Borough of Juneau, Sales Tax Office.
