

MARINE PARKING GARAGE ELECTRIC VEHICLE CHARGING STATION:

The charging station is **located on Level One of the Marine Parking Garage**, between spaces 24 and 25. The station will be active between the hours of 8:00 a.m. and 10:00 p.m. Sunday through Saturday.

Hourly parking spaces 24 and 25 in the Marine Parking Garage are designated parking for electric vehicles only. As there are limited options for vehicles to charge in the downtown area, parking is **limited to two hours each day, and is also limited to vehicles that are actively charging.**

There is no additional fee for the use of the charging station, but **vehicles must pay to park** during enforcement hours. Enforcement hours are Monday through Friday, 8:00 a.m. to 4:00 p.m.

Hourly payment can be made via cash or coin in the pay box, located near the entrance of the parking garage. **Payments must be made in hourly increments, and checks or credit cards are not accepted.**

MPG parking permit holders may also park in these spaces while charging their electric vehicles and will not be required to pay the hourly parking fee. Once your vehicle is charged or the two hour time limit has been reached, you are required to move into another parking space.

Please utilize the charging station to charge your electric vehicle. **Using the regular outlets in the parking garage to charge a vehicle is prohibited.**
