RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 1124

A RESOLUTION AMENDING RESOLUTION 1051 am. TO AUTHORIZE OVERHEAD PLACEMENT OF UTILITY LINES ON AN EASEMENT ACROSS LOT 4, U. S. SURVEY 3559, OFF OF SUNDOWN DRIVE NEAR THE BAYVIEW SUBDIVISION ON NORTH DOUGLAS ISLAND.

WHEREAS, Resolution 1051 am., adopted September 10, 1984, authorized the manager to lease an easement to Aran M. Conheady across Lot 4, U. S. Survey 3559, for the purpose of providing electrical service to a residence on Lot D-1, U. S. 2560, and

WHEREAS, Resolution 1051 am. conditioned that authorization with stipulation 2(d) which reads, "that the utilities placed within the easement be placed underground," and

WHEREAS, Ms. Conheady requests that the conditions of the easement be altered to allow for placement of the utility line overhead rather than underground, and

WHEREAS, the Alaska Department of Natural Resources and the Alaska Department of Fish and Game have expressed their preference for an overhead utility line due to its smaller environmental impact, and

WHEREAS, an underground utility line would offer no significant aesthetic advantage because the same line would be overhead across adjoining state land and buried only through a narrow strip of municipal land, and

WHEREAS, underground placement would impose significant private costs without providing public benefits;

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

1. That condition 2(d) of Resolution 1051 am. be amended to read as follows:

d. That the utilities placed within the easement may be placed overhead.

2. That all other conditions of Resolution 1051 am.  
shall remain the same.

Adopted this 5th day of August, 1985.
