WHEREAS, Resolution Serial No. 510, as amended by Resolution Serial Nos. 579 and 624 establish the current rates charged for various services and uses at the Eaglecrest ski area, and

WHEREAS, said resolutions do not provide any flexibility for staff to establish special or promotional rates as may be desirable during the season, nor is any mechanism provided for mid-season reduction on various seasonal rates, and

WHEREAS, the manager or his designee should be authorized to establish such rates and make such adjustments and to establish interim rates for new services,

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Such special rates may be less than the rates established elsewhere in this resolution.

(b) The manager or his designee is authorized to establish a schedule for the reduction of season rates based upon the estimated time remaining in the skiing season.

(c) The manager or his designee may establish interim rates to be applied to any new service or use at Eaglecrest. Such rates shall be effective until changed by the assembly by motion or resolution.
