EOC Highlights

The EOC began Operational period 5, which concludes on Sunday, April 5 at 1:30 pm. The CBJ ICS team met today.

Issues in the critical path continue to be decompressing shelters, planning for quarantine and isolation facilities, and childcare for essential employees. Ongoing conversations with shelter providers about how best to coordinate resources moving forward.

Getting ready to stand up a dashboard, DHSS stood one up to day and we are looking at how best to coordinate information between the two and we continue to work on a simplified mechanism for community operational updates.

Supply chain is operational and stores are reporting fewer out of stock items.

Operational Highlights

CBJ operations continue with staff reassigned to EOC functions where appropriate. Minor staff outages due to childcare and medically advised quarantine. Staffing issues are not impairing operations.

JEDC: Reports loan fund is up and operational.

Airport Screening: 10 passengers out of 34 arriving went through the voluntary screening process at the airport. Alaska Airlines reduced flights to 7 per day.

Mobile Screening: Received 7+ calls for screening which resulted in 7 tests at drive through. Produced public relations video. To date, they have screened 157+ individuals and sampled 91 for testing.

JACC: had 47 individuals overnight. Hours were extended at the JACC 8:00 pm to 8:00 am. Noon to 4:00 pm each day at Centennial Hall while weather is cold.

Vessel Screening: No ferry yesterday

Isolation & Quarantine Taskforce: Mt. Jumbo has been stood up for either quarantine or isolation, but not yet staffed. Work on getting Centennial Hall ready

Volunteer Taskforce: received information from 204 volunteers, 70 of whom have been connected with services. Received 20 requests for assistance.
