EOC Highlights

New Operational Period 10 (4/23/2020 – 4/30/2020).

EOC is working on identifying any barriers to soft openings of the economy, specifically PPE and testing kit availability. Will brief the Assembly tonight.

BRH and Public Health both report a general readiness to ease restrictions a little bit. Everyone agrees close monitoring will be required to assure that systems aren't overwhelmed.

Still working with social service providers to assure adequate services are being provided to the unsheltered community.
