 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 11 (4/30/2020 – 5/07/2020).

Disease Transmission:

Local case numbers remained the same today. The number of COVID positive individuals currently identified is 2. DPH is following 2 additional people.

Testing:

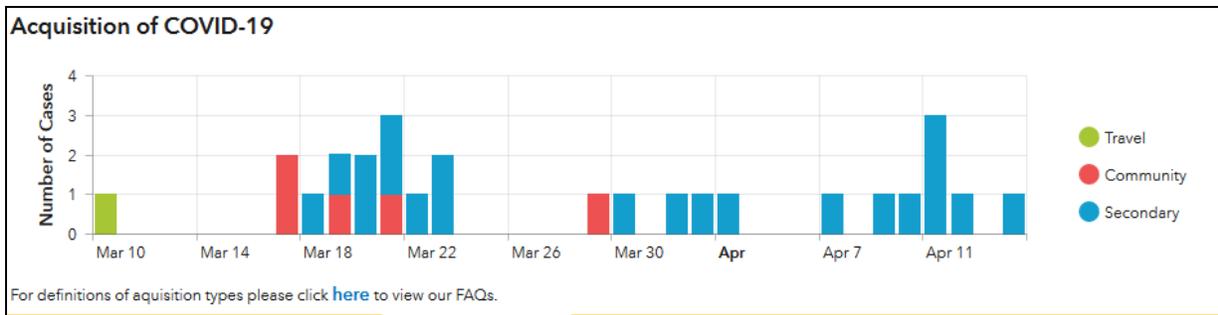

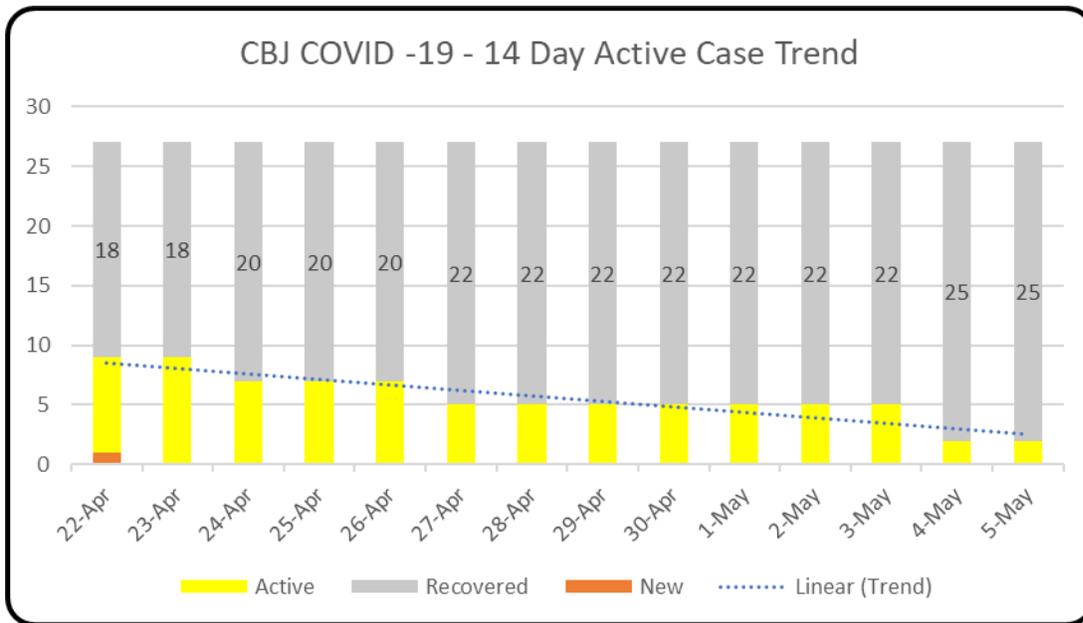

The CBJ EOC is working with a small taskforce led by DPH to put a testing plan in place for people who are currently sheltering at the Armory and potentially the Glory Hall and AWARE. We anticipate having a plan in place by the end of the week. The timing of the testing will be dependent on how many pieces need to be put in place prior to the event.

Issues of Note:

EOC continues to work through sheltering issues in general.

Numbers changed from yesterday are highlighted.
