 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 13 (5/14/2020 – 5/28/2020).

Disease Transmission/Contact Tracing:

No new cases today. DPH continues to follow 3 individuals as PUIs.

Testing:

PCR testing capacity and supplies remain good for current levels of testing. 57 individuals were tested as part of our shelter testing initiative. Operations went smoothly. There will be another round of testing tonight. 2 individuals reported symptoms and are housed at Centennial Hall pending test results. LCCC tests results are completed. 62 staff tests were taken, 1 was positive which was previously reported. 170 inmate tests came back negative, there were no positive tests. There were two tests that had collection issues. Those two inmates are being retested.

Hospital Response:

BRH reports adequate supply of PPE and no concerns related to workforce availability.

Issues of Note:

Governor Dunleavy combined Phase 3 and 4 of the Reopen Alaska plan effective May 22nd. That document is attached for your review. Interstate travel restrictions remain in place.

Numbers changed from yesterday are highlighted.

Weekly Highlights

Things are quieting down on this front. We have referred six businesses/organizations to Public Health for support with re-opening. We have also received questions from businesses regarding additional supports for their loss of income. We have been distributing the last of the hand sanitizer from the brewery to some elders and people with disabilities who were not able to attend the give away. That has been very positively received.
