 FROM: Mila Cosgrove, Incident Commander
 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 15 (6/11/2020 – 6/25/2020).

Disease Transmission/Contact Tracing:

There was one new case in Juneau today and no new nonresident cases associated with Juneau. The new case is considered secondary transmission. There are still 3 cases under investigation. Contact tracing capability remains unconstrained.

Testing:

We are experiencing delays in testing turnaround from both the state lab and commercial labs. We continue to explore ways to reduce the turnaround time for both.

Hospital Response:

BRH reports adequate supply of PPE and no concerns related to workforce availability.

Issues of Note:

We are exploring options on increasing capacity for local rapid testing.

The Division of Public Health reported that we have had 3 total positive tests from our Airport Screening operations: 6/5 – 6/11: 2 positive, 6/12 – 6/18: 1 positive

Numbers changed from yesterday are highlighted.

Category	Juneau		Statewide
Total Confirmed cases	39		708
Recovered	36		449
Cumulative Tests & % of population tested	3,226	10.09%	77,709
