 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 15 (6/11/2020 – 6/25/2020).

Disease Transmission/Contact Tracing:

There are no new resident or nonresident cases in Juneau today. Contact tracing capability remains unconstrained.

Testing:

Staff and supplies are unconstrained.

Hospital Response:

BRH reports adequate supply of PPE and no concerns related to workforce availability.

Issues of Note:

Still seeking clarity from AMHS regarding testing protocols for in-state ferry service on mainline vessels. There were 3 positive tests of seafood industry workers in Excursion Inlet. Those individuals and close contacts are isolated there and it is our understanding that there are plans to medevac south if there are complications that require hospitalization.
