 RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

Situational Update – Incident Level 2 - Operational Period 17 (7/9/2020 – 7/23/2020).

Disease Transmission/Contact Tracing:

There are no new resident cases reported in Juneau today and 46 new cases statewide. There are additionally 3 new statewide non-resident cases, none in Juneau.

Contact tracing continues to be strained statewide. More information on contact tracing here:

<https://www.uaa.alaska.edu/academics/college-of-health/departments/ACRHHW/>

Testing:

Staff and collection supplies are unconstrained. Recent test turnaround times have been between 3 and 7 days.

Hospital Response:

BRH reports adequate supply of PPE and no concerns related to workforce availability.

Issues of Note:

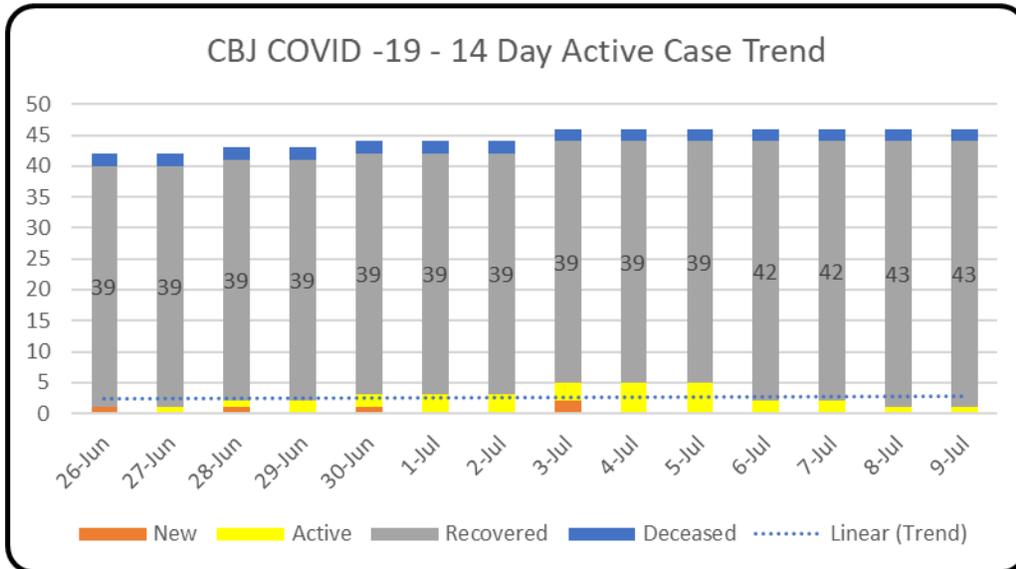

The EOC focus today has been on planning for the COVID-19 hotline transition as well as continued planning for local testing.
