FROM: Mila Cosgrove, Incident Commander  
RE: City & Borough of Juneau COVID-19 Response – Emergency Operations Center Update

---

**Situational Update – Incident Level 2 - Operational Period 18 (7/23/2020 – 8/6/2020).**

Disease Transmission/Contact Tracing:

The state is reporting 59 new statewide resident cases and 7 new statewide non-resident cases. Within these numbers, 1 resident and 0 non-resident cases are attributed to Juneau.

The CBJ EOC numbers differ from the state dashboard due to more timely reporting. Locally, we are reporting 5 resident and 3 nonresident cases. There are a total of 16 active cases in the community.

The cases reported today are under investigation.

UnCruise: There are four close contacts associated with the positive case from the UnCruise vessel. All guests have been taken to a hotel where they are quarantining. Meals will be delivered to guests and security has been engaged to assure compliance. Follow up testing protocols are being established now.

Testing:

Staff and collection supplies have episodic interruptions, but test results continue to come in generally in the 3 – 6 day range. 173 test results were received yesterday which were collected on July 30<sup>th</sup> and August 1<sup>st</sup>, 3 – 5 days after collection. The majority of the tests (113) were from July 31<sup>st</sup>. 58 were from August 1<sup>st</sup>

Hospital Response:

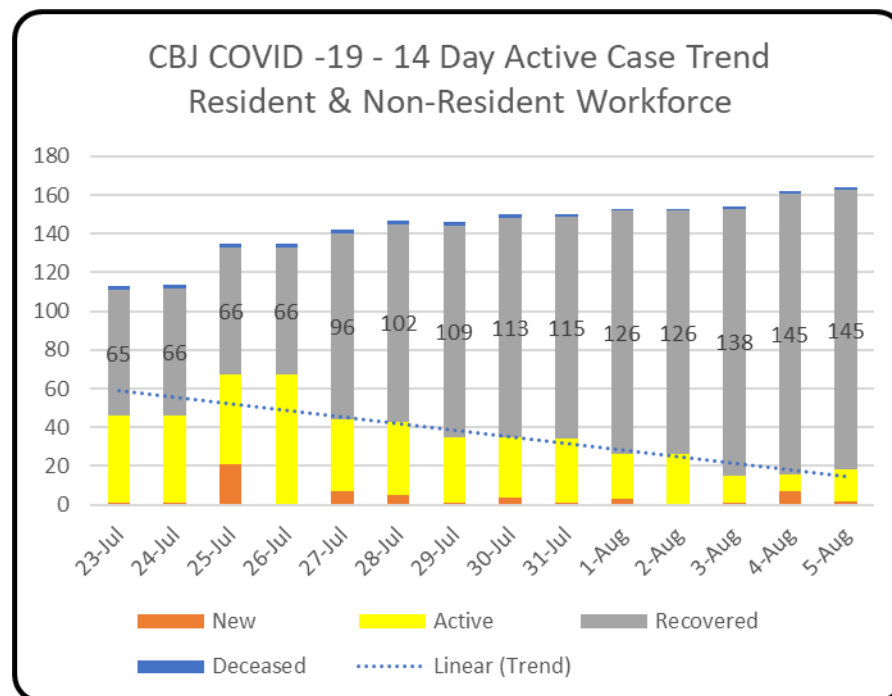

BRH reports adequate supply of PPE and no concerns related to workforce availability.

Issues of Note:

- HM10 is still scheduled to go live on August 11. Working with the State EOC on implementation details. We expect to have a written policy document/FAQ by tomorrow. We believe that voluntary intrastate travel testing will be available. In addition, the state is rolling out an app based system for registering and tracking travelers. This should provide more efficient and hopefully timely information sharing.
- BRH is out of Cepheid test kits. They do have a back up that is less desirable. At present, rapid testing kits are primarily used when they are unable to get test results back in a 72 hour timeframe.
- The EOC continues to work on the risk matrix and community mitigation measures.
- Cloth face coverings will be distributed in the community this Thursday and Friday at various points around the community. A press release with details was sent out.

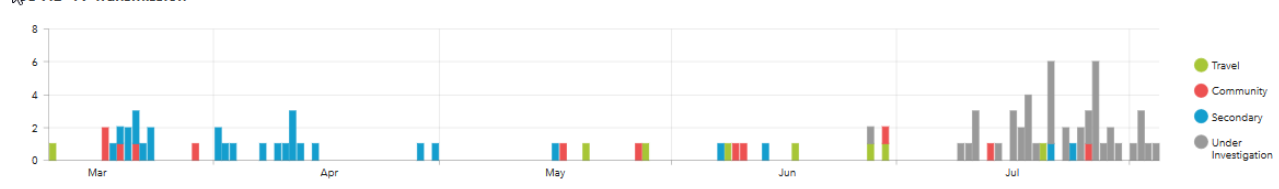

Numbers changed from yesterday are highlighted.

Category	Juneau		Statewide
Total Confirmed resident cases	96	(+1)	3,449 (+56)
Recovered/Active resident	87	8	1,017 (+30)
Total Confirmed nonresident cases	68	(+1)	734 (+3)
Recovered/Active nonresident cases	60	8	
DPH PUIs	64		
Cumulative Tests & % of resident population tested	7,865 (+73)	25%	257,279 (+4,630)
Average # of resident tests per day over the last 14 days	108.5	Up	
Total positive tests over the last 14 days	55	Down	
Average test turnaround time for CBJ testing operations/range	4 days	3-5 days	
Hospitalized COVID + and PUI (current)	0	2	32 (+5)
Resident Fatalities	1		25 (-)

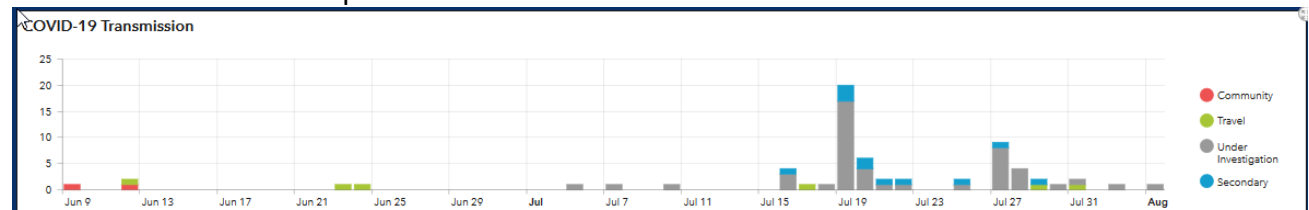

## Resident Disease Acquisition

COVID-19 Transmission

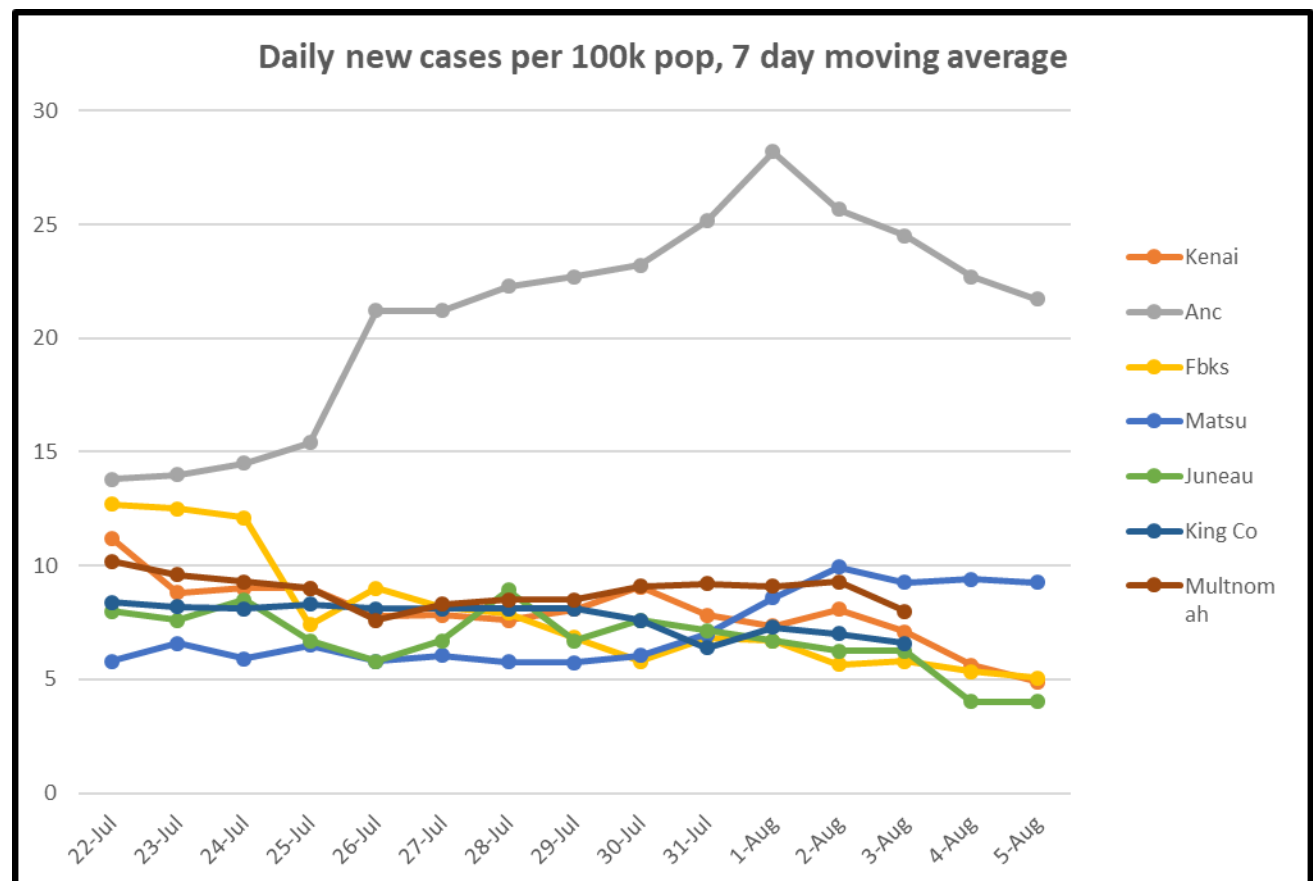

Positive cases are back dated by the Division of Public Health during their contact tracing phase to the day of onset of COVID-19 symptoms. CBJ & DHSS Dashboards can be found at: [www.Juneau.org/COVID-19](http://www.Juneau.org/COVID-19).

## Non Resident Disease Acquisition

Positive cases are back dated by the Division of Public Health during their contact tracing phase to the day of onset of COVID-19 symptoms. CBJ & DHSS Dashboards can be found at: [www.Juneau.org/COVID-19](http://www.Juneau.org/COVID-19).

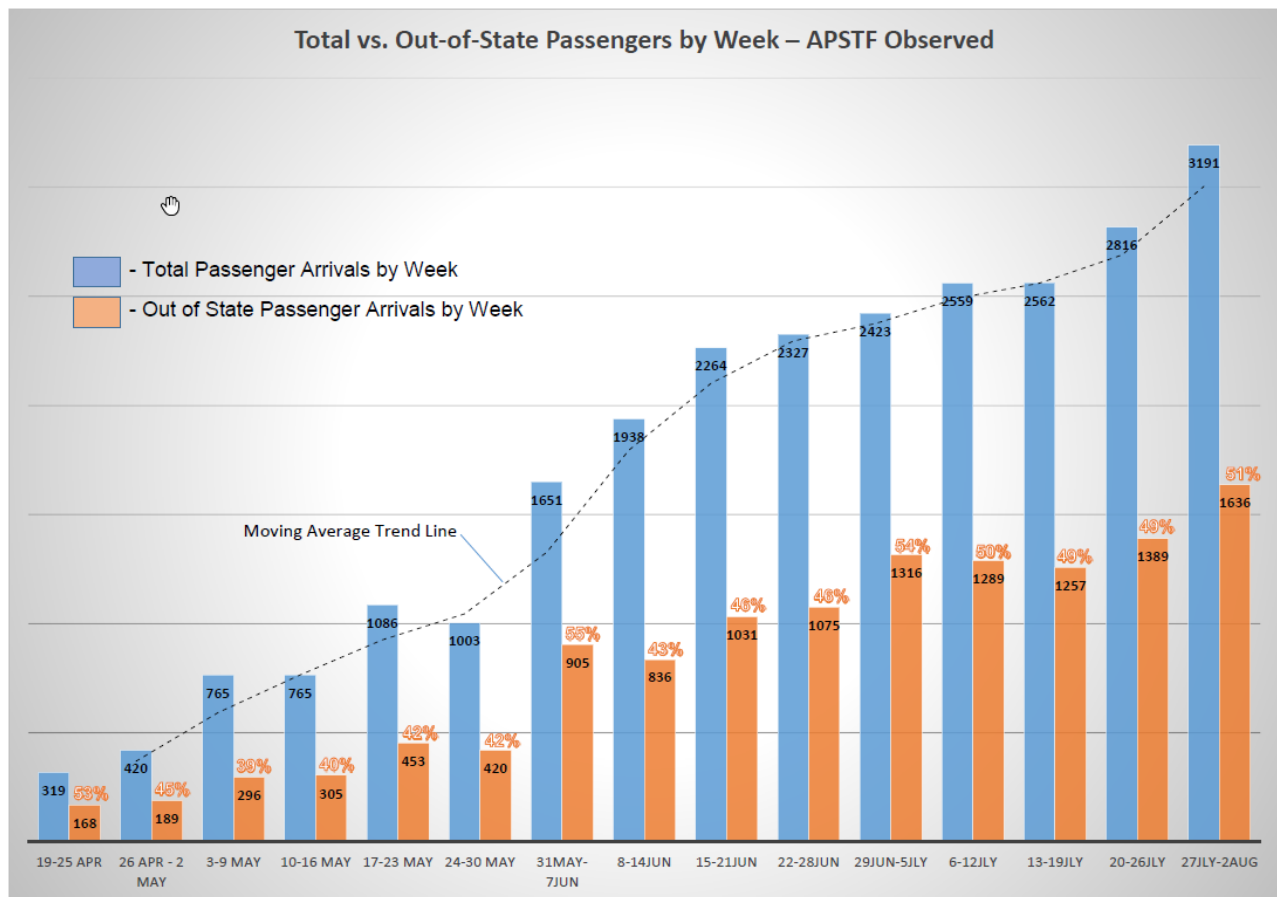

This chart tracks the number of new cases in the past 7 days, controlled for population. Other than Alaskan boroughs, King County (Seattle) and Multnomah County (Portland) are included for context and due to travel frequency.

The source data for Alaska is from the SOA dashboard. Out of state data is from the Harvard Global Health Institute (<https://globalepidemics.org/key-metrics-for-covid-suppression/>) and is generally lags a day behind most of our other reporting. Policy recommendations at varying levels (<1, <10, <25, 25+) can be found on their website.

## Tuesday Focus: Travel

SHIPS WITH JUNEAU TURN PORT	
UnCruise Adventures	August 1, 2020
Alaskan Dream Cruises (12 pax only)	July of 2020
