

# Small Cruise Ship Master Plan

## **ONLINE COMMUNITY MEETING**

**Tuesday, November 10, 2020 @ 5 PM**

The meeting will be virtual through ZOOM. See the project website for the link 72 hours prior to the meeting or contact Erich Schaal, Port Engineer, 907-586-0397.

The community meeting will discuss the Small Cruise Ship Harbor Master Plan, review the feasibility study, and summarize the Harbor Meeting that took place on June 25, 2020. The consultant team will go through market research conducted by McDowell Group, the concept designs and costs of each facility, additional information about the project, and provide input on the preferred site design. The public will have a chance to address comments and concerns about the process. The content of the virtual meeting will be posted for two weeks on the project website after the date of the meeting for further comments.
