DATE: March 23, 2021
 TO: CBJ Assembly
 FROM: Mila Cosgrove, Incident Commander
 RE: **Situational Update –Level 1 Minimal-** Operational Period 30 (2/25/2021 – 3/25/21)

Overall Community Risk	Disease Situation	Hospital Capacity	Public Health Capacity
Level 1 - Minimal	Overall cases have dropped. Some community spread is present. Travel related cases are increasing. Vaccine is available.	The hospital case load is stable.	Contact tracing is stable.

The Complete CBJ COVID-19 Dashboard can be found [here](#) or by going to [Juneau.org/ COVID-19](http://Juneau.org/COVID-19)

Situation Assessment: Our 14 day and 7 day case rate indicators are at the low alert level. The community continues to see COVID transmit via community spread, secondary infection, and travel. Travel related cases are climbing. COVID vaccine distribution is on the rise which should begin to offer the community some level of protection. The more aggressive variants of COVID-19 have been identified in Alaska. We continue to caution the public to strictly adhere to all travel related rules and to continue strict adherence to masking and social distancing when outside your immediate home.

Issues of Note:

CBJ will be hosting a Community Forum on Vaccines on Wednesday, March 24th at 5:00 pm. Dr. Zink, Dr. Urata, Ali Gottschlich (DPH), Charlee Gribbon (BRH), and Scott Watts will be panelists. Community members will have a chance to ask their question in advance and through the Q&A function in Zoom. The meeting will be streamed live on Facebook and recorded for future viewing.

Vaccine appointments are available through private providers and mass clinics. Appointment availability can be found [here](#).

POD Information:

POD 5a was held today. A dose count will be provided in tomorrow's EOC report. The second dose clinic (5b) will be held on Tuesday, April 13th.

POD 6A: is scheduled for April 5-8, 10am to 2pm. Registration for this clinic opened is open. 1630 doses were allocated for the clinic. At present about 1150 slots remain open. POD 6B (Second dose clinic) is scheduled for April 26 – 29.

POD 7A: Will be held on April 9. This is a closed POD for age eligible High School students. POD 7A (Second dose clinic) will be held on April 30. Registration for these clinics will be conducted through the School District. Details will be forthcoming next week through the School District.

Daily Numbers Report: We are reporting no new cases today.

COVID-19 In Juneau				
	Active	Recovered	Deceased	Cumulative
Resident	10	1,169	5	1,184
Nonresident	2	143	0	145
Total	12	1,312	5	1,329

Note: CBJ EOC data may differ from the data reported on the State of Alaska dashboard.

Disease Transmission/Contact Tracing:

We are reporting no new resident cases and no new nonresident cases today.

The State is reporting 178 new cases today bringing the statewide cumulative total to 61,693 cases.

Testing: 55 tests were processed at BRH, all of which returned within 24 hours.

23.7% of the total population of Juneau is fully vaccinated.

52.1% of the Juneau population age 16 and above have received at least 1 dose of vaccine and 29.6% of the age eligible population is fully vaccinated.

The State is reporting that 77.15% of the population in Juneau age 65+ is fully vaccinated.

This chart tracks the number of new cases in the past 7 days, controlled for population. King County (Seattle) and Multnomah County (Portland) are included for context and due to travel frequency. The source data for Alaska is from the SOA dashboard. Out of state data is from the Harvard Global Health Institute (<https://globalepidemics.org/key-metrics-for-covid-suppression/>) and generally lags a day behind most of our other reporting. Policy recommendations at varying levels (<1, <10, <25, 25+) can be found on their website
