DATE: March 26, 2021
 TO: CBJ Assembly
 FROM: Mila Cosgrove, Incident Commander
 RE: **Situational Update –Level 1 Minimal-** Operational Period 31 (03/25/21 – 04/22/21)

Overall Community Risk	Disease Situation	Hospital Capacity	Public Health Capacity
Level 1 - Minimal	Overall cases have dropped. Some community spread is present. Travel related cases are increasing. Vaccine is available.	The hospital case load is stable.	Contact tracing is stable.

The Complete CBJ COVID-19 Dashboard can be found [here](#) or by going to [Juneau.org/ COVID-19](http://Juneau.org/COVID-19)

Situation Assessment: Our 14 day and 7 day case rate indicators are at the low alert level. The community continues to see COVID transmit via community spread, secondary infection, and travel. Travel related cases are climbing. COVID vaccine distribution is on the rise which should begin to offer the community some level of protection. The more aggressive variants of COVID-19 have been identified in Alaska. We continue to caution the public to strictly adhere to all travel related rules and to continue strict adherence to masking and social distancing when outside your immediate home.

Issues of Note:

A [community survey](#) about vaccines is now live. The purpose is to identify barriers and specific hesitations among our population that will allow us to focus on specific groups with education and support. A mailer will go out to all households, the survey will be pushed through all media sources, and paper copies will be distributed at City Hall, the Libraries and BRH.

POD Information:

POD 6A: is scheduled for April 5-8, 10am to 2pm. Registration for this clinic opened is open. 1630 doses were allocated for the clinic. Approximately 950 slots remain open – enrolment is slow but steady. POD 6B (Second dose clinic) is scheduled for April 26 – 29.

POD 7A: Will be held on April 9. This is a closed POD for age eligible High School students. POD 7A (Second dose clinic) will be held on April 30. Registration for these clinics will be conducted through the School District. Details will be forthcoming next week through the School District.

Daily Numbers Report: We are reporting 1 new case today.

COVID-19 In Juneau				
	Active	Recovered	Deceased	Cumulative
Resident	7	1,178	5	1,190
Nonresident	2	143	0	145
Total	9	1,321	5	1,335

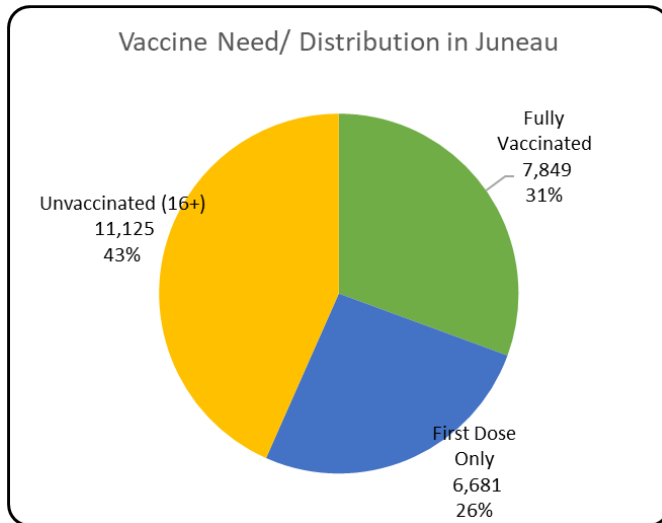

Note: CBJ EOC data may differ from the data reported on the State of Alaska dashboard.

Disease Transmission/Contact Tracing:

We are reporting 1 new resident case and no new nonresident case today. The new case is secondary infection.

The State is reporting 183 new cases today bringing the statewide cumulative total to 62,248 cases.

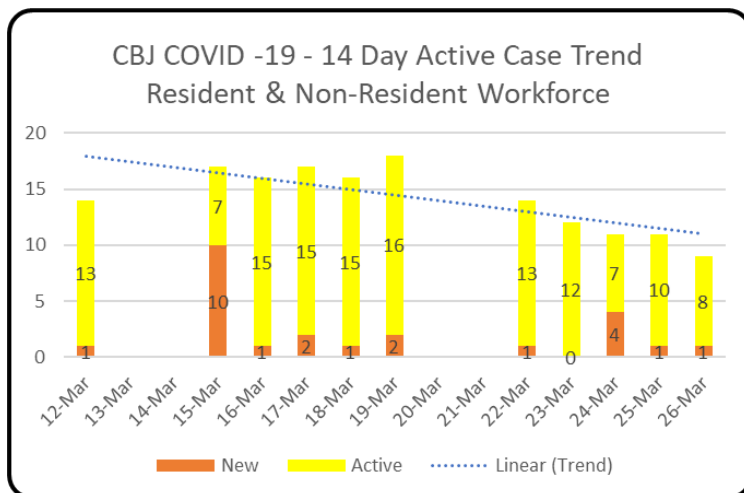

Testing: 33 tests were processed at BRH, all of which returned within 24 hours.

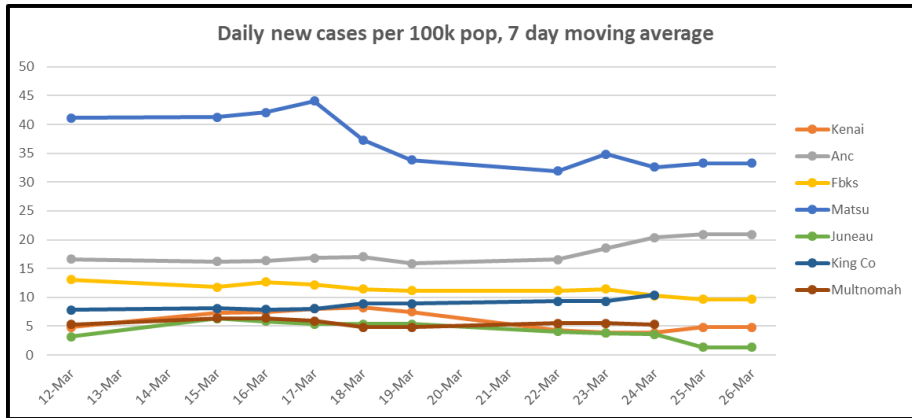

45.4% of the of the total population of Juneau has received at least 1 dose of vaccine and 24.5% are fully vaccinated.

56.6% of the Juneau population age 16 and above have received at least 1 dose of vaccine and 30.6% of the age eligible population is fully vaccinated.

The State is reporting that 77.83% of the population in Juneau age 65+ is fully vaccinated.

This chart tracks the number of new cases in the past 7 days, controlled for population. King County (Seattle) and Multnomah County (Portland) are included for context and due to travel frequency. The source data for Alaska is from the SOA dashboard. Out of state data is from the Harvard Global Health Institute (<https://globalepidemics.org/key-metrics-for-covid-suppression/>) and generally lags a day behind most of our other reporting. Policy recommendations at varying levels (<1, <10, <25, 25+) can be found on their website
