The following information is posted online. Please refer to the CBJ Engineering Contracts Division webpage at: <http://www.juneau.org/engineering-public-works>. This is **not** an addendum.

**CLARIFICATIONS:**

*Question: "Has the contractor submitted a construction schedule. Can that be made available?"*

*Response: No, the contractor has not submitted a schedule. Conversations with the contractor has indicated a construction project start of April 19 - May3.*

*Question: "I have heard that the submittal process has already started. How does that impact the selected consultant?"*

*Response: No submittals have been received by the CBJ to date. The contractor was directed to forward submittals to the CBJ project manager until a CA&I firm has been selected, so there would be no delay in ordering project materials by the contractor. The proposer should assume they will review all submittals.*
