1.9 Terms and Conditions

Compliance: The Contractor must comply with all applicable federal and state labor, wage, hour and safety laws. To determine compliance, the City reserves the right to inspect and audit the Contractor's records and to inspect the Contractor's premises and job sites.

Contract Amendments: Any requested changes or alterations to the contract must be approved by the CBJ Project Manager. Any changes or work performed without such approval, even if approved by the user department, will not be binding.

Defective Work: The Contractor, at its own expense, must remedy and correct any defect in its work or in articles, materials or services which it provides in connection with the work when said defects are brought to its attention. The CBJ has the right to withhold 10% percent of the payment until the project is completed and accepted by the CBJ Project Manager. The Contractor must, without additional expense to the City, be responsible and make whole all injury, loss or damages to persons or property which may result from the use of any equipment, materials or workmanship which is inferior, defective or not in conformance with the terms or

conditions, as specified in this bid.

If the Contractor fails to correct any defective work within a reasonable time frame set by the City, the City may, at its sole option, terminate the contract and/or obtain the necessary contract services from another source. The City may hold the original Contractor responsible for any excess costs the City has incurred in order to correct the deficiencies.

Impossibility to Perform: The Contractor will not be liable for default or breach of contract resulting from impossibility to perform when caused by "Acts of God" or as otherwise provided by the law.

Performance of Contract: If the Contractor is not performing according to the conditions stated in the bid document (contract), City staff will list the nonconformance issues and notify the Purchasing Division in writing and copy the Contractor. If, for some reason, these complaints are not resolved and/or the same type of complaint is being demonstrated over and over and the "good faith effort" in correcting differences appears to be ignored, the Purchasing Division will consider the contract "in breach" and terminate immediately. In the event the City finds it mandatory to obtain services of another Contractor, the original Contractor may be held ultimately responsible. For any additional costs which may be incurred by the City.

Permits, Laws and Taxes: The Contractor must obtain all required permits (including building permits, if needed), licenses and bonds to comply with applicable municipal, state and federal laws, unless otherwise stated in the Project Agreement.

1.10 Performance Specifications

1.10.1 Types of Work

Scheduled Work During Business Hours. Regular business hours are from 8:00 am to 4:30 pm. Monday through Friday, excluding City holidays. The contractor will not begin work on any job until a Notice to Proceed has been issued. Work extending beyond regular business hours must be approved in writing by the CBJ Project Manager. All scheduled work shall be scheduled a minimum of 24 hours in advance.

- **Scheduled Work During Non-Business Hours.** The Contractor will not begin work on any job during non-business hours until a Notice to Proceed has been issued.
- **Emergency or Non-Scheduled Work.** This work may occur during regular business hours or non-business hours. The Contractor will not begin work on any job classified as emergency or non-scheduled work until a Notice to Proceed has been issued.

1.10.2 Response Time

All projects shall require a signed proposal provided by the Contractor which includes a complete description of the work to be performed, written cost estimate and schedule of completion that includes all labor, materials and equipment costs. An appointment to visit the job must be scheduled within 24 hours of the request from the CBJ Project Manager. The City shall not be charged for the preparation of the proposal and cost estimate. Work is to begin and be completed within a reasonable timeframe, unless the CBJ Project Manager indicates that a longer response time is acceptable. A "reasonable time frame" implies that the work is to commence and be completed in an amount of time that is "reasonable" by industry standards and is acceptable to the City. If needed, the City will contact other vendors to determine/verify the industry standard.

18. INSURANCE REQUIREMENTS. The Contractor has secured and shall maintain insurance for the risks and in the amounts specified in Appendix C. The Contractor and its insurance carrier waive subrogation against the City.

19. INDEMNIFICATION. Contractor agrees to defend, indemnify, and hold harmless City, its employees, volunteers, Contractors, and insurers, with respect to any action, claim or lawsuit arising out of this contract, without limitation as to the amount of fees, and without limitation as to any damages resulting from settlement, judgment, or verdict, and includes the award of any attorneys fees even if in excess of Alaska Civil Rule 82, but only to the extent such action, claim, or lawsuit is caused or alleged to have been caused by Contractor's negligence. "Contractor" includes the Contractor's employees, its agents, and its subcontractors. The Contractor shall not be required to indemnify City for a claim of, or liability for, the independent negligence of City. "Independent negligence" is negligence other than in the City's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work. If there is a claim of, or liability for, the joint negligent error or omission of the City and Contractor, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. City shall notify Contractor in a timely manner of the need for indemnification, but such notice is not a condition precedent to Contractor's obligations and may be waived where the Contractor has actual notice.

20. CHOICE OF LAW; JURISDICTION. This Contract shall be governed by the laws of the State of Alaska. Jurisdiction shall be in the State of Alaska, First Judicial District.

21. SUCCESSORS. This Contract shall be binding upon the successors and assigns of the parties.

23. TERMS AND CONDITIONS.

Defective Work: The Contractor, at its own expense, must remedy and correct any defect in its work or in articles, materials or services which it provides in connection with the work when said defects are brought to its attention within one year of completion of the work. The CBJ has the right to withhold 10% percent of the payment until the project is completed and accepted by the CBJ Project Manager. The Contractor must, without additional expense to the City, be responsible and make whole all injury, loss or damages to persons or property which may result from the use of any equipment, materials or workmanship which is inferior, defective or not in conformance with the terms or conditions, as specified in this bid.

If the Contractor fails to correct any defective work within a reasonable time frame set by the City, the City may, at its sole option, terminate the contract and/or obtain the necessary contract services from another source. The City may hold the original Contractor responsible for any excess costs the City has incurred in order to correct the deficiencies.

Permits, Laws and Taxes: The Contractor must obtain all required permits (including building permits, if needed), licenses and bonds to comply with applicable municipal, state and federal laws.

Compliance: The Contractor must comply with all applicable federal and state labor, wage, hour and safety laws. To determine compliance, the City reserves the right to inspect and audit the Contractor's records and to inspect the Contractor's premises and job sites.

Contract and Project Agreement Amendments: Any requested changes or alterations to the contract must be approved by the Contract Administrator. Any requested changes or alterations to a specific project agreement must be approved by the designated CBJ Project Manager for that project. Any changes or work performed without such approval, even if approved by the user department, will not be binding.

Impossibility to Perform: The Contractor will not be liable for default or breach of contract resulting from impossibility to perform when caused by "Acts of God" or as otherwise provided by the law.

Performance of Contract: If the Contractor is not performing according to the conditions stated in the bid document (contract), City staff will list the nonconformance issues and notify the Purchasing Division in writing and copy the Contractor. If, for some reason, these complaints are not resolved and/or the same type of complaint is being demonstrated over and over and the "good faith effort" in correcting differences appears to be ignored, the Purchasing Division will consider the contract "in breach" and terminate immediately. In the event the City finds it mandatory to obtain services of another Contractor, the original Contractor may be held ultimately responsible. For any additional costs which may be incurred by the City.

Alaska Statute 36 (Little Davis-Bacon) Requirements

The following will apply if work exceeds \$25,000 and employees or subcontractors are hired to perform the work.

Title 36 AS (Little Davis-Bacon) requires that prevailing rates of pay be paid for work performed on any public works project which exceeds \$2,000.00 (contained in pamphlet number 600 and 400, copies available from the Alaska Department of Labor (ADOL), P.O. Box 020630, Juneau, Alaska 99802, or call 465-4842 or 465-4839).

AS 36.05.035 requires that the contracting agencies notify ADOL of the award of public contracts, as well as the name of the Contractors and subcontractors.

AS 36.05.040 requires the weekly filing of certified payrolls directly with the Wage and Hour Administration. It also requires any other information which ADOL may request. One specific requirement is that all Contractors and subcontractors notify ADOL as to the identity of all subcontractors they may have.

Contractors and contracting agencies are required to keep the ADOL notified of all subcontractors. This requirement is two-fold; one is to ensure proper Contractor licensing of all subcontractors and two, to enable the ADOL to notify subcontractors of their legal obligations under Title 36. If a subcontractor fails to respond to its legal requirements, ADOL may hold the Contractor responsible.

- The contracting agency and the Contractors must notify the ADOL of all Contractors and subcontractors on the project on a continuing basis.
- Certified payrolls must be sent weekly to the address below by each Contractor and subcontractor on the project.
- Failure to comply may result in the ADOL withholding progress payments to obtain compliance and/or debarment of the Contractor or subcontractor found to be in non-compliance.

Certified payrolls must be sent to the following:
