

Climate, Energy & Environment

1. Building Resilient Infrastructure and Communities Program – FEMA program will distribute \$1 billion to support communities undertaking hazard mitigation projects to reduce the risks they face from disasters and other natural hazards
2. Flood Mitigation Assistance – \$3.5 billion from this existing FEMA program can be used for projects that reduce or eliminate the risk of repetitive flood
3. Brownfields Remediation Program – This existing EPA program will provide \$1.2 billion in grants and technical assistants to communities to assess and safely clean-up contaminated properties and offer job training programs.
4. **Energy Efficiency and Conservation Block Grants** – This Department of Energy block grant program will provide \$550 million to states, local governments, and tribes for projects that reduce energy use, increase energy efficiency, and cut pollution. The first funding opportunity is expected for release in the Fall of 2022.
5. Grants for Energy Efficiency and Renewable Energy Improvements in Schools – This new Department of Energy Program will provide \$500 million for local government education agencies and nonprofit partners to make energy efficiency, renewable energy, and clean vehicle upgrades and improvements at public schools.
6. Energy Improvement in Rural or Remote Areas – This new Department of Energy program will provide \$1 billion to entities in rural or remote areas (defined as cities, towns, or unincorporated areas with fewer than 10,000 inhabitants) to increase environmental protection from the impacts of energy use and improve resilience, reliability, safety, and availability of energy.
7. Grants for Energy Efficiency and Resilience Code Adoption – This Department of Energy program will provide \$225 million to state energy agencies to enable sustained, cost-effective implementation of updated building energy codes.
8. **Regional Clean Hydrogen Hubs** – This new Department of Energy program will provide \$8 billion to support the development of at least four regional clean hydrogen hubs to improve clean hydrogen production, processing, delivery, storage, and end use. Applications for funding will open in the Summer of 2022.
9. Community Wildfire Defense Grant Program. This new \$1 billion program for Department of Agriculture.
