to request electronic
statements.

Launch Ramp Permits:
Please purchase your
2022 launch ramp permit
before heading out with
your vessel. It's simple to
do so online at:
www.juneauharbors.com

Port Director's Corner: At its August 1st meeting, the Assembly approved \$60M of projects to be considered by Juneau citizens as part of the One-Percent Sales Tax Initiative. Every five years, the voting citizens of Juneau are asked whether they wish to support an October referendum to fund capital improvement projects. Docks & Harbors is extremely grateful that two harbor initiatives valued at \$6.5M are under ballot consideration, Aurora Harbor and Deferred Maintenance. The Aurora Harbor Floats and Upland Improvements proposal is \$5M to continue rebuilding the small boat harbor float system and to improve the uplands with replacement of harbor office building, lighting, parking lot paving, and partial boatyard recapitalization. The second initiative is for \$1.5M for Harbor Deferred Maintenance to dredge Wayside Park Fishing Float and for repairs to Taku Harbor.

Cruise Ship Capacity: The average cruise ship capacity for arriving passengers in Juneau is 69% through July 2022. The percentage is figured from the ship's lower berth capacity multiplied by the number of visits to Juneau and the actual reported passengers. The total berths are 796,998 and the passenger reported numbers are 546,311.

Aurora Harbor Phase III Project. Governor Dunleavy signed the State's FY23 Capital Budget in late June. Part of the appropriations is \$2M destined for the Aurora Harbor matching ADOT municipal Harbor Facility grant. We had been applying for this grant since 2018 and we are anxious to move forward with a \$4M project. We estimate that \$10M is required to complete the float replacement in the north end of Aurora Harbor. Docks & Harbors is planning to design the work primarily with in-house resources and the Board has been briefed at the July Board & Committee meetings with the following proposed layout:

There are many design considerations which went into this proposal keeping in mind the funding limitations, the length of vessels on the waitlist, the proximity to the size of vessels across the fairway and the depth of available water in the basin.

Golden Salmon Derby Weekend August 12th-14th: D & H

will continue its support to the community. Of note is the low tides for launching each day. Please exercise patience and caution. The North Douglas Boat Launch is especially challenging and boaters should consult with our on line information pertaining to [bathymetry at that location](#).

Date	Time	Tide
Friday, August 12	8:05 AM	Minus 4.21 feet
Saturday, August 13	8:47 AM	Minus 4.04 feet
Sunday, August 14	9:28 AM	Minus 3.25 feet

Docks & Harbors Employee-of-the-Quarter: Ms. Cierra Kendrick was recognized at the July D & H Board meeting for her performance. She received a \$100 cash award and our thanks. The citation read in part: *As CBJ and D & H emerged from the pandemic, you distinguished yourself as a leader amongst your peers. Your efforts and attitude have been positively observed by your supervisor and harbor patrons alike, resulting in numerous accolades. Within one year of employment, you have gained an intimate understanding of our harbor management financial software and have been eager to share this knowledge with your cohorts. As the operational tempo increased in April, and with the hiring of an inexperienced Aurora Harbor seasonal administrative assistant, you took it upon yourself to successfully mentor your coworker... In April, you set to work to modernize our auto-pay system and bring the department into compliance with industry standards for protecting customer's credit card information... You tirelessly researched how other harbor departments around the State were handling their auto-pay systems and incorporated their successes into our system. This effort has resulted in a much more secure and efficient process for processing credit card transactions.*

Proposed regulation and ordinance changes: D & H embarked on a process to clean-up and improve several of our CBJ regulations & ordinances. At the July Board meeting, staff was directed to begin the public process to hold a special Board hearing on August 25th at 5 pm. Any public who wishes to comment on the proposed changes can email the [Port Director](#) or Board at HarborBoard@juneau.org. The formal public notification can be found [here](#):

Port Office

907-586-0292
Monday-Friday
8:00am-4:30pm
Closed 12-1 for lunch
