

ADDENDUM TO THE CONTRACT

for the

AURORA HARBOR REBUILD, PHASE III Contract No. DH23-015

ADDENDUM NO.: THREE

CURRENT DEADLINE FOR BIDS:
April 12, 2023

PREVIOUS ADDENDA: TWO

ISSUED BY: City and Borough of Juneau
ENGINEERING DEPARTMENT
155 South Seward Street
Juneau, Alaska 99801

DATE ADDENDUM ISSUED: April 5, 2023

The following items of the contract are modified as herein indicated. All other items remain the same. This addendum has been issued and is posted online. Please refer to the CBJ Engineering Public Purchase webpage at: <https://www.publicpurchase.com/gems/juneau.ak/buyer/public/home>

CLARIFICATIONS:

Question 1: *“Creosote preservative treatment is no longer available may the Contractor utilize Alternate treatment methods?”*

Response: Contractor may submit for Engineer approval an alternative preservative treatment meeting the American Wood Protection Association (AWPA) Use Category UC5A.

Question 2: *“How should the Project Elevation be established?”*

Response: For pile cutoff, Contractor shall match elevation of existing piling cutoffs in adjacent float section. For underwater features, Contractor shall utilize tidal observations from NOAA Station 9452210 (Juneau) to establish seafloor elevation based on sea level elevation.

Question 3: *“Drawings U2 and U3 are blank?”*

Response: These drawings were intentionally left blank. The provided schematic and details provide sufficient information to bid the work.

Question 4: *“Cheyenne Manufacturing was specified as a manufacturer for a number of items in the plan set. They are out of business. Please provide alternatives.”*

Response: Marina Dock Parts (marinadockparts.com) stocks fiberglass fire extinguisher cabinets, life ring cabinets, pile caps and hose hangers.

Question 5: *"There are electrical and water system items associated with the additive alternates 1 and 3 that are not assigned a bid item, how should these be bid?"*

Response: Please see revised bid schedule and measurement and payment

MINIMUM RATES OF PAY For Laborers and Mechanics

Effective April 1, 2023

Issue 46

PAMPHLET No. 600

Title 36. Public Contracts
AS 36.05

**DEPARTMENT OF LABOR
AND WORKFORCE DEVELOPMENT**

Wage and Hour

- This page intentionally left blank -

April 1, 2023

TO ALL CONTRACTING AGENCIES:

At the Alaska Department of Labor and Workforce Development our goal is putting Alaskans to work. This pamphlet is designed to help contractors awarded public construction contracts understand the most significant laws of the State of Alaska pertaining to prevailing wage.

This pamphlet identifies current prevailing wage rates for public construction contracts (any construction projects awarded for the State of Alaska or its political subdivisions, such as local governments and certain non-profit organizations). Because these rates may change in a subsequent determination, please be sure you are using the appropriate rates. The rates published in this edition become effective April 1, 2023.

The prevailing wage rates contained in this pamphlet are applicable to public construction projects with a final bid date of April 11, 2023, or later. As the law now provides, these rates will remain stable during the life of a contract or for 24 calendar months, whichever is shorter. **The 24-month period begins on the date the prime contract is awarded.** Upon expiration of the initial 24-month period, the latest wage rates issued by the department shall become effective for a subsequent 24-month period or until the original contract is completed, whichever occurs first. This process shall be repeated until the original contract is completed.

The term "original contract" means the signed contract that resulted from the original bid and any amendments, including changes of work scope, additions, extensions, change orders, and other instruments agreed to by the parties that have not been subject to subsequent open bid procedures.

If a higher federal rate is required due to partial federal funding or other federal participation, the higher rate must be paid.

For additional copies of this pamphlet go to: <http://labor.state.ak.us/lss/pamp600.htm>

For questions regarding prevailing wage or employment preference requirements, please contact the nearest Wage and Hour office. These offices are listed on Page x.

Sincerely,

A handwritten signature in blue ink that reads "Catherine Muñoz".

Catherine Muñoz
Acting Commissioner

EXCERPTS FROM ALASKA LAW

Sec. 36.05.005. Applicability.

This chapter applies only to a public construction contract that exceeds \$25,000.

Sec. 36.05.010. Wage rates on public construction.

A contractor or subcontractor who performs work on a public construction contract in the state shall pay not less than the current prevailing rate of wages for work of a similar nature in the region in which the work is done. The current prevailing rate of wages is that contained in the latest determination of prevailing rate of wages issued by the Department of Labor and Workforce Development at least 10 days before the final date for submission of bids for the contract. The rate shall remain in effect for the life of the contract or for 24 calendar months, whichever is shorter. At the end of the initial 24-month period, if new wage determinations have been issued by the department, the latest wage determination shall become effective for the next 24-month period or until the contract is completed, whichever occurs first. This process shall be repeated until the contract is completed.

Sec. 36.05.040. Filing schedule of employees, wages paid, and other information.

All contractors or subcontractors who perform work on a public construction contract for the state or for a political subdivision of the state shall, before the Friday of every second week, file with the Department of Labor and Workforce Development a sworn affidavit for the previous reporting period, setting out in detail the number of persons employed, wages paid, job classification of each employee, hours worked each day and week, and other information on a form provided by the Department of Labor and Workforce Development.

Sec. 36.05.045. Notice of work and completion; withholding of payment.

- (a) Before commencing work on a public construction contract, the person entering into the contract with a contracting agency shall designate a primary contractor for purposes of this section. Before work commences, the primary contractor shall file a notice of work with the Department of Labor and Workforce Development. The notice of work must list work to be performed under the public construction contract by each contractor who will perform any portion of work on the contract and the contract price being paid to each contractor. The primary contractor shall pay all filing fees for each contractor performing work on the contract, including a filing fee based on the contract price being paid for work performed by the primary contractor's employees. The filing fee payable shall be the sum of all fees calculated for each contractor. The filing fee shall be one percent of each contractor's contract price. The total filing fee payable by the primary contractor under this subsection may not exceed \$5,000. In this subsection, "contractor" means an employer who is using employees to perform work on the public construction contract under the contract or a subcontract.
- (b) Upon completion of all work on the public construction contract, the primary contractor shall file with the Department of Labor and Workforce Development a notice of completion together with payment of any additional filing fees owed due to increased contract amounts. Within 30 days after the department's receipt of the primary contractor's notice of completion, the department shall inform the contracting agency of the amount, if any, to be withheld from the final payment.
- (c) A contracting agency
 - (1) may release final payment of a public construction contract to the extent that the agency has received verification from the Department of Labor and Workforce Development that
 - (A) the primary contractor has complied with (a) and (b) of this section;
 - (B) the Department of Labor and Workforce Development is not conducting an investigation under this title; and
 - (C) the Department of Labor and Workforce Development has not issued a notice of a violation of this chapter to the primary contractor or any other contractors working on the public construction contract; and

- (2) shall withhold from the final payment an amount sufficient to pay the department's estimate of what may be needed to compensate the employees of any contractors under investigation on this construction contract, and any unpaid filing fees.
- (d) The notice and filing fee required under (a) of this section may be filed after work has begun if
 - (1) The public construction contract is for work undertaken in immediate response to an emergency; and
 - (2) The notice and fees are filed not later than 14 days after the work has begun.
- (e) A false statement made on a notice required by this section is punishable under AS 11.56.210.

Sec. 36.05.060. Penalty for violation of this chapter.

A contractor who violates this chapter is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$100 nor more than \$1,000, or by imprisonment for not less than 10 days nor more than 90 days, or by both. Each day a violation exists constitutes a separate offense.

Sec. 36.05.070. Wage rates in specifications and contracts for public works.

- (a) The advertised specifications for a public construction contract that requires or involves the employment of mechanics, laborers, or field surveyors must contain a provision stating the minimum wages to be paid various classes of laborers, mechanics, or field surveyors and that the rate of wages shall be adjusted to the wage rate under AS 36.05.010.
- (b) Repealed by §17 ch 142 SLA 1972.
- (c) A public construction contract under (a) of this section must contain provisions that
 - (1) the contractor or subcontractors of the contractor shall pay all employees unconditionally and not less than once a week;
 - (2) wages may not be less than those stated in the advertised specifications, regardless of the contractual relationship between the contractor or subcontractors and laborers, mechanics, or field surveyors;
 - (3) the scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work;
 - (4) the state or a political subdivision shall withhold so much of the accrued payments as is necessary to pay to laborers, mechanics, or field surveyors employed by the contractor or subcontractors the difference between
 - (A) the rates of wages required by the contract to be paid laborers, mechanics, or field surveyors on the work; and
 - (B) the rates of wages in fact received by laborers, mechanics, or field surveyors.

Sec. 36.05.080. Failure to pay agreed wages.

Every contract within the scope of AS 36.05.070 shall contain a provision that if it is found that a laborer, mechanic, or field surveyor employed by the contractor or subcontractor has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid, the state or its political subdivision may, by written notice to the contractor, terminate the contractor's right to proceed with the work or the part of the work for which there is a failure to pay the required wages and to prosecute the work to completion by contract or otherwise, and the contractor and the contractor's sureties are liable to the state or its political subdivision for excess costs for completing the work.

Sec. 36.05.090. Payment of wages from withheld payments and listing contractors who violate contracts.

- (a) The state disbursing officer in the case of a state public construction contract and the local fiscal officer in the case of a political subdivision public construction contract shall pay directly to laborers, mechanics, or field surveyors from accrued payments withheld under the terms of the contract the wages due laborers, mechanics, or field surveyors under AS 36.05.070.
- (b) The state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees. A person appearing on this list and a firm, corporation, partnership, or association in which the person has an interest may not work as a contractor or

subcontractor on a public construction contract for the state or a political subdivision of the state until three years after the date of publication of the list. If the accrued payments withheld under the contract are insufficient to reimburse all the laborers, mechanics, or field surveyors with respect to whom there has been a failure to pay the wages required under AS 36.05.070, the laborers, mechanics, or field surveyors have the right of action or intervention or both against the contractor and the contractor's sureties conferred by law upon persons furnishing labor or materials, and in the proceedings it is not a defense that the laborers, mechanics, or field surveyors accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.

Sec. 36.05.900. Definition.

In this chapter, "contracting agency" means the state or a political subdivision of the state that has entered into a public construction contract with a contractor.

EXCERPTS FROM ALASKA ADMINISTRATIVE CODE

*****Notice:** Regulations relating to board and lodging and per diem went into effect on November 25, 2018. The new regulations are excerpted here***

8 AAC 30.051. Purpose. The purpose of 8 AAC 30.052 – 8 AAC 30.056 is to ensure that wages paid to laborers, mechanics, and field surveyors do not fall below the prevailing rate of pay.

8 AAC 30.052. Board and lodging; remote sites. (a) A contractor on a public construction project located 65 or more road miles from the international airport closest to the project area in either Fairbanks, Juneau, or Anchorage, or that is inaccessible by road in a two-wheel drive vehicle, shall provide adequate board and lodging to each laborer, mechanic, or field surveyor while the person is employed on the project. If commercial lodging facilities are not available, the contractor shall provide temporary lodging facilities. Lodging facilities must comply with all applicable state and federal laws. For a highway project, the location of the project is measured from the midpoint of the project.

(b) A contractor is not required to provide board and lodging:

(1) to a laborer, mechanic, or field surveyor who is a domiciled resident of the project area; or

(2) on a laborer, mechanic, or field surveyor's scheduled days off, when the person can reasonably travel between the project and the person's permanent residence; for the purposes of this paragraph, "scheduled day off" means a day in which a person does not perform work on-site, is not required to remain at or near the job location for the benefit of the contractor, and is informed of the day off at least seven days before the day off.

(c) Upon a contractor's written request, the commissioner may waive the requirements of (a) of this section where:

(1) the project is inaccessible by road in a two-wheel drive vehicle, but the laborer, mechanic, or field surveyor can reasonably travel between the project and the person's permanent residence within one hour; or

(2) a laborer, mechanic, or field surveyor is not a domiciled resident of the project area, but has established permanent residence, with the intent to remain indefinitely, within 65 road miles of the project, or for a highway project, the mid-point of the project.

8 AAC 30.054. Per diem instead of board and lodging. (a) A contractor may pay a laborer, mechanic, or field surveyor per diem instead of providing board and lodging, when the following conditions are met:

(1) the department determines that per diem instead of board and lodging is an established practice for the work classification; the department shall publish and periodically revise its determinations in the pamphlet *Laborers and Mechanics Minimum Rates of Pay*;

(2) the contractor pays each laborer, mechanic, or field surveyor the appropriate per diem rate as published and periodically revised in the pamphlet *Laborers and Mechanics Minimum Rates of Pay*; and

(3) the contractor pays the per diem to each laborer, mechanic, or field surveyor on the same day that wages are paid.

(b) A contractor may not pay per diem instead of board and lodging on a highway project located

- (1) west of Livengood on the Elliot Highway, AK-2;
- (2) on the Dalton Highway, AK-11;
- (3) north of milepost 20 on the Taylor Highway, AK-5;
- (4) east of Chicken on the Top of the World Highway; or
- (5) south of Tetlin Junction to the Alaska-Canada border on the Alaska Highway, AK-2.

8 AAC 30.056. Alternative arrangement. Upon a contractor’s written request, the commissioner may approve an alternative board and lodging or per diem arrangement, provided

- (1) the arrangement does not reduce the laborer, mechanic, or field surveyor’s wages below the prevailing wage rate; and
- (2) the laborer, mechanic, or field surveyor voluntarily enters into and signs the written arrangement; a labor organization representing laborers, mechanics, or field surveyors may enter into the written agreement on their behalf.

8 AAC 30.900. General definitions (selected excerpts only):

In this chapter and in AS 36

(22) “domiciled resident” means a person living within 65 road miles of a public construction project, or in the case of a highway project, the mid-point of the project, for at least 12 consecutive months prior to the award of the public construction project;

(23) “employed on the project” means the time period from the date the laborer, mechanic, or field surveyor first reports on-site to the project through the final date the person reports on-site to the project.

ADDITIONAL INFORMATION

PER DIEM

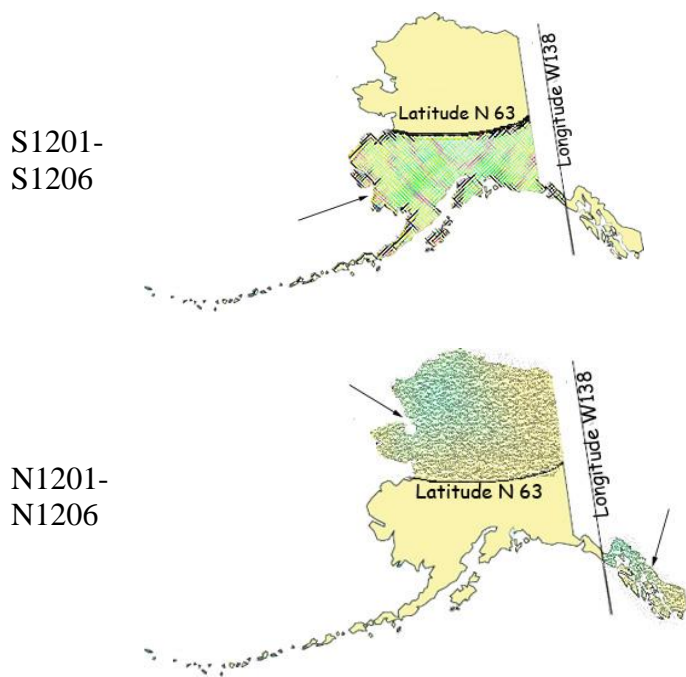

Notice: New regulations relating to board and lodging and per diem went into effect on November 25, 2018. The regulations provide a comprehensive set of requirements for the provision of board and lodging or per diem for workers on remote projects. Please refer to Alaska Administrative Code 8 AAC Chapter 30 and read the chapter carefully.

The Alaska Department of Labor and Workforce Development has determined that per diem is an established work practice for certain work classifications. These classifications are indicated throughout the Pamphlet by an asterisk (*) under the classification title. If all of the conditions of 8 AAC 30.054 are met, an employer may pay workers in these classifications per diem instead of providing board and lodging on a remote project.

Per Diem Rate: As of May 1st, 2019, the minimum per diem rate is \$100.00 per day, or part thereof, the worker is employed on the project. In the event that a contractor provides lodging facilities, but no meals, the department will accept a payment of \$48 per day for meals to meet the per diem requirements.

LABORER CLASSIFICATION CLARIFICATION

The laborer rates categorized in class code S1201-S1206 apply in one area of Alaska; the area that is south of N63 latitude and west of W138 Longitude. The laborer rates categorized in class code N1201-N1206 apply in two areas of Alaska; the Alaska areas north of N63 latitude and east of W138 longitude. The following graphic representations should assist with clarifying the applicable wage rate categories:

APPRENTICE RATES

Apprentice rates at less than the minimum prevailing rates may be paid to apprentices according to an apprentice program which has been registered and approved by the Commissioner of the Alaska Department of Labor and Workforce Development in writing or according to a bona fide apprenticeship program registered with the U.S. Department of Labor, Office of Apprenticeship Training. **Any employee listed on a payroll at an apprentice wage rate who is not registered as above shall be paid the journeyman prevailing minimum wage in that work classification.** Wage rates are based on prevailing crew makeup practices in Alaska and apply to work performed regardless of either the quality of the work performed by the employee or the titles or classifications which may be assigned to individual employees.

FRINGE BENEFIT PLANS

Contractors/subcontractors may compensate fringe benefits to their employees in any one of three methods. The fringe benefits may be paid into a union trust fund, into an approved benefit plan, or paid directly on the paycheck as gross wages.

Where fringe benefits are paid into approved plans, funds, or programs including union trust funds, the payments must be contributed at least monthly. If contractors submit their own payroll forms and are paying fringe benefits into approved plans, funds, or programs, the employer’s certification must include, in addition to those requirements of 8 AAC 30.020(c), a statement that fringe benefit payments have been or will be paid at least monthly. Contractors who pay fringe benefits to a plan must ensure the plan is one approved by the Internal Revenue Service and that the plan meets the requirements of 8 AAC 30.025 (eff. 3/2/08) in order for payments to be credited toward the prevailing wage obligation.

SPECIAL PREVAILING WAGE RATE DETERMINATION

Special prevailing wage rate determinations may be requested for special projects or a special worker classification if the work to be performed does not conform to traditional public construction for which a prevailing wage rate has been established under 8 AAC 30.050(a) of this section. Requests for special wage rate determinations must be in writing and filed with the Commissioner at least 30 days before the award of the contract. An applicant for a special wage rate determination shall have the responsibility to support the necessity for the special rate. An application for a special wage rate determination filed under this section must contain:

- (1) a specification of the contract or project on which the special rates will apply and a description of the work to be performed;
- (2) a brief narrative explaining why special wage rates are necessary;
- (3) the job class or classes involved;
- (4) the special wage rates the applicant is requesting, including survey or other relevant wage data to support the requested rates;
- (5) the approximate number of employees who would be affected; and
- (6) any other information which might be helpful in determining if special wage rates are appropriate.

Requests made pursuant to the above should be addressed to:

Director
Alaska Department of Labor and Workforce Development
Labor Standards and Safety Division
Wage and Hour
P.O. Box 111149
Juneau, AK 99811-1149

EMPLOYMENT PREFERENCE INFORMATION

In October 2019, the Alaska Attorney General issued a formal opinion stating that the Alaska Statutes 36.10.150 of the State’s 90% Employment Preference law, also known as the Alaska Resident Hire law, violates both the U.S. and Alaska Constitutions. As a result, the state has stopped all enforcement activity. A copy of the Attorney General opinion is found here:

LABOR STANDARDS AND SAFETY NOTICE REQUESTS

If you would like to receive Wage and Hour or Mechanical Inspection **regulation notices** or **publications information**, they are available via electronic mail, by signing up in the GovDelivery System, <https://public.govdelivery.com/accounts/AKDOL/subscriber/new> and selecting topics *LSS – Wage and Hour – Forms and Publications*, *LSS – Mechanical Inspection Regulations*, or *LSS – Wage and Hour Regulations*.

Publications are also available online at <http://labor.alaska.gov/lss/home.htm>

DEBARMENT LIST

AS 36.05.090(b) states that “the state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees.”

A person appearing on the following debarment list and a firm, corporation, partnership, or association in which the person has an interest may not work as a contractor or subcontractor on a public construction contract for the state or a political subdivision of the state for three years from the date of debarment.

Company Name

Debarment Expires

No companies are currently debarred.

Shipyards Rates Addendum

This Addendum was developed to address the specialized industry of shipbuilding/repair in Alaska, as it relates to public works. For the purposes of providing rates for shipyard work the Department is adopting Shipyards rates from the state of Washington (King County). These rates only apply to work done in shipbuilding/repair in Alaska, under a public contract. This addendum will be updated two times a year to coincide with the corresponding Issue of *Laborers and Mechanics MINIMUM RATES OF PAY*.

*The THR includes the base hourly rate (BHR) and fringe benefits. Employers must pay a BHR and fringe benefit package that adds up to the THR. Fringe benefits included in the THR can be paid to employees in three ways; paid into a union trust fund, into an approved benefit plan, or paid directly on the paycheck as gross wages.

Wage benefits key: BHR=basic hourly rate; H&W=health and welfare; IAF=industry advancement fund; LEG=legal fund; L&M=labor/management fund; PEN=pension fund; SAF=safety; SUI=supplemental unemployment insurance; S&L=SUI & LEG combined; TRN=training; THR=total hourly rate; VAC=vacation

SECTION 01025 - MEASUREMENT AND PAYMENT

PART 1 - GENERAL

1.1 SCOPE

- A. Payment for the various items of the Bid Schedule, as further specified herein, shall include all compensation to be received by the CONTRACTOR for furnishing all tools, equipment, supplies, and manufactured articles, and for all labor, operations, and incidentals appurtenant to the items of WORK being described, as necessary to complete the various items of the WORK all in accordance with the requirements of the Contract Documents, including all appurtenances thereto, and including all costs of PERMITS and cost of compliance with the regulations of public agencies having jurisdiction, including Safety and Health Requirements of the Occupational Safety and Health Administration of the U.S. Department of Labor (OSHA).
- B. No separate payment will be made for any pay item that is not specifically set forth in the Bid Schedule, and all costs therefore shall be included in the prices named in the Bid Schedule for the various appurtenant items of WORK.
- C. In addition to other incidental items of WORK listed elsewhere in the contract, the following items shall also be considered as incidental to other items of WORK under this contract:
 - 1. Removal and replacement of survey monuments and markers disturbed during construction, whether shown on the Plans or not.
 - 2. Re-vegetating areas disturbed during construction.
 - 3. Trench excavation and bedding as required for all piping, structures and vault installations.
 - 4. Siltation and pollution control.
 - 5. Maintenance of all services through the Project area, including water, storm, garbage pickup, mail delivery, other deliveries and emergency vehicles.
 - 6. All traffic control, including flaggers, safety barriers, etc., and preparation of satisfactory Traffic Control Plans.
 - 7. Minor grading of fill materials as required to match existing grades and maintain positive surface drainage.
 - 8. Minor changes in grades to fit site conditions.
 - 9. Miscellaneous connecting and attachment hardware as required to install new equipment.
 - 10. Excavating, bedding, and backfilling for all electrical equipment including transformers, junction boxes, vaults, and conduit.
 - 11. Pile splices required to make up the pile lengths shown in the pile schedule.
 - 12. Transport, shipping and delivery of all materials to the project site, undamaged and in new condition.
 - 13. Continual coordination with the Harbormaster for safe passage and transit of vessels entering and exiting the facility throughout the construction period.

PART 2 – PAY ITEMS

DIVISION 1 – GENERAL REQUIREMENTS

1.2 MOBILIZATION (Pay Item Nos. 1505.1 and 1505.1A) PRICE BASED ON LUMP SUM

- A. Measurement for payment for Mobilization shall be based upon the completion of the entire WORK as a Lump Sum Pay unit, complete, all in accordance with the requirements of the Contract Documents.

SECTION 01025 - MEASUREMENT AND PAYMENT

- B. Payment for Mobilization shall be made at the amount shown on the Bid Schedule under Pay Item No. 1505.1, which payment shall constitute full compensation for all WORK described in Section 01505 - Mobilization, as shown on the Plans and as directed by the ENGINEER.
- C. Payment for Mobilization shall be made at the amount shown on the Bid Schedule under Pay Item No. 1505.1A, which payment shall constitute full compensation for all WORK described in Section 01505 - Mobilization, as shown on the Plans and as directed by the ENGINEER.
- C. Partial payments will be made as the WORK progresses as follows:
 - 1. When 5% of the total original contract amount is earned from other pay items, 50% of the amount bid for Mobilization, or 5% of the original contract amount, whichever is lesser, will be paid.
 - 2. When 10% of the total original contract amount is earned from other pay items, 100% of the amount bid for Mobilization, or 10% of the original contract amount, whichever is lesser, will be paid.
 - a. Upon completion of all WORK on the Project, payment of any amount bid for Mobilization in excess of 10% of the total original contract amount will be paid.

DIVISION 2 – SITE WORK

2.1 DEMOLITION AND DISPOSAL (Pay Item No. 2060.1) PRICE BASED ON LUMP SUM

- A. Measurement for payment for Demolition and Disposal will be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete, and in accordance with the requirements of the Contract Documents.
- B. Payment for Demolition and Disposal shall be made at the amount shown on the Bid Schedule under Pay Item No. 2060.1, which payment will constitute full compensation for all WORK described in Section 02060 - Demolition and Disposal, as shown on the Plans and as directed by the ENGINEER.

2.2 DOMESTIC WATER SYSTEM AND APPURTENANCES (Pay Item No. 2601.1, 2601.1A, 2601.1C) PRICE BASED ON LUMP SUM

- A. Measurement for payment for Domestic Water System and appurtenances shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, furnished and installed complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans.

SECTION 01025 - MEASUREMENT AND PAYMENT

- B. Payment for Domestic Water System and appurtenances shall be made at the amount shown on the Bid Schedule under Pay Item No. 2601.1, which payment shall constitute full compensation for all WORK described in Section 02601 – Domestic Water System, as shown on the Plans, and as directed by the ENGINEER.
 - C. Payment for Domestic Water System and appurtenances shall be made at the amount shown on the Bid Schedule under Pay Item No. 2601.1A, which payment shall constitute full compensation for all WORK described in Section 02601 – Domestic Water System, as shown on the Plans, and as directed by the ENGINEER.
 - D. Payment for Domestic Water System and appurtenances shall be made at the amount shown on the Bid Schedule under Pay Item No. 2601.1C, which payment shall constitute full compensation for all WORK described in Section 02601 – Domestic Water System, as shown on the Plans, and as directed by the ENGINEER.
- 2.3 DRY FIRE SUPPRESSION SYSTEM (Pay Item No. 2611.1) PRICE BASED ON LUMP SUM
- A. Measurement for payment for Dry Fire Suppression System shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, furnished and installed complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Dry Fire Suppression System shall be made at the amount shown on the Bid Schedule under Pay Item No. 2611.1, which payment shall constitute full compensation for all WORK described in Section 02611 – Dry Fire Line System, as shown on the Plans, and as directed by the ENGINEER.
- 2.4 CONSTRUCTION SURVEYING (Pay Item No. 2702.1) PRICE BASED ON LUMP SUM
- A. Measurement for payment for Construction Surveying will be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Construction Surveying under the base bid shall be made at the amount shown on the Bid Schedule under Pay Item No. 2702.1, which payment will constitute full compensation for all WORK described in Section 02702 - Construction Surveying, as shown on the Plans and as directed by the ENGINEER.
- 2.5 SIGNAGE (Pay Item No. 2718.1) PRICED BASED ON LUMP SUM
- A. Measurement for payment for Signage shall be based on the completion of the entire WORK as a Lump Sum Pay Unit, furnished and installed, including signs, posts, bases and other appurtenant materials complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Signage shall be made at the amount shown on the Bid Schedule under Pay Item No. 2718.1, which payment shall constitute full compensation for all WORK described in Section 02718 - Signage, as shown on the Plans, and as directed by the ENGINEER.
- 2.6 CONTINGENT WORK – MARINE MAMMAL WORK SUSPENSION (Pay Item No. 2882.1)

SECTION 01025 - MEASUREMENT AND PAYMENT

PRICE BASED ON QUANTITY, HOUR

- A. Measurement for Payment for Contingent Work - Marine Mammal Work Suspension shall be per hour of work suspended by the OWNER based on marine mammal observations, complete, all in accordance with the requirements of the Permits and Contract Documents.
- B. CONTRACTOR shall fully comply with all Mitigation Measures outlined in the permit documents to receive compensation under this item.
- C. Payment for Contingent Work - Marine Mammal Work Suspension under the Base Bid shall be made at the Unit Price shown on the Bid Schedule under Pay Item No. 2882.1, which payment shall constitute full compensation for all WORK described in Section 02882 – Contingent Work, as shown on the Plans, and as directed by the ENGINEER.

2.7 [] FLOAT [] (Pay Item Nos. 2895.1, 2895.2, 2895.3, 2895.4, 2895.5, 2895.2A, 2895.4B, 2895.6C) PRICE BASED ON LUMP SUM

- A. Measurement for payment for [] Float [] shall be based on completion of the entire WORK as a Lump Sum Pay Unit, furnished and installed complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
- B. Payment for **Electrical Utility Float, 16’x25’** shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.1**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- C. Payment for **Headwalk Float, 10’x126’** shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.2**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- D. Payment for **Mainwalk Float H, 10’x268’**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.3**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- E. Payment for **Finger Float, 6’x48’**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.4**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- F. Payment for **Finger Float, 8’x60’**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.5**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- G. Payment for **Headwalk Float H3, 10’x54’**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.2A**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.

SECTION 01025 - MEASUREMENT AND PAYMENT

- H. Payment for **Finger Float, 6'x48'**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.4B**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.
- I. Payment for **Tee Float, 10'x118'**, shall be made at the amount shown on the Bid Schedule under Pay Item No. **2895.6C**, which payment shall constitute full payment for all WORK described in Section 02895 – Moorage Floats, as shown on the Plans and as directed by the ENGINEER.

2.8 FURNISH 12.75" DIA. STEEL PIPE PILE (Pay Item No. 2896.1, 2896.1A) PRICE BASED ON QUANTITY, LINEAR FOOT

- A. Measurement for Furnish 12.75-Inch dia. Steel Pipe Pile shall be per actual number of linear feet, furnished and supplied, all in accordance with the requirements of the Contract Documents and as shown on the Plans. Steel pipe piles shall be furnished by the CONTRACTOR in the lengths indicated on the Plans.
- B. Payment for Furnish 12.75-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.1, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
- C. Payment for Furnish 12.75-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.1A, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.

2.9 FURNISH 16-INCH DIA. STEEL PIPE PILE (Pay Item No. 2896.2, 2896.2B, 2896.2C) PRICE BASED ON QUANTITY, LINEAR FOOT

- A. Measurement for Furnish 16-Inch dia. Steel Pipe Pile shall be per actual number of linear feet, furnished and supplied, all in accordance with the requirements of the Contract Documents and as shown on the Plans. Steel pipe piles shall be furnished by the CONTRACTOR in the lengths indicated on the Plans.
- B. Payment for Furnish 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.2, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
- C. Payment for Furnish 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.2B, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
- D. Payment for Furnish 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.2C, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.

SECTION 01025 - MEASUREMENT AND PAYMENT

- 2.10 INSTALL [] 12.75-INCH DIA. STEEL PIPE PILE (Pay Item Nos. 2896.3, 2896.3A) PRICE BASED ON QUANTITY, EACH
- A. Measurement for payment for Install [] 12.75-Inch dia. Steel Pipe Pile shall be measured per each, furnished and installed complete in place, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Install 12.75-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.3, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER
 - C. Payment for Install 12.75-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.3A, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER
- 2.11 INSTALL [] 16-INCH DIA. STEEL PIPE PILE (Pay Item Nos. 2896.4, 2896.4B, 2896.4C) PRICE BASED ON QUANTITY, EACH
- A. Measurement for payment for Install [] 16-Inch dia. Steel Pipe Pile shall be measured per each, furnished and installed complete in place, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Install 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.4, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
 - C. Payment for Install 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.4B, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
 - D. Payment for Install 16-Inch dia. Steel Pipe Pile shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.4C, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.
- 2.12 CONTINGENT WORK - PILE SOCKET (Pay Item No. 2896.5), PRICE BASED ON QUANTITY, EACH
- A. Measurement for payment for Contingent Work - Pile Socket shall be measured per each socket, complete in place and suitable for pile installation, all in accordance with the requirements of the Contract Documents.
 - B. Payment for Contingent Work - Pile Socket shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2896.5, which payment shall constitute full compensation for all WORK described in Section 02896 - Steel Pipe Piles, as shown on the Plans and as directed by the ENGINEER.

SECTION 01025 - MEASUREMENT AND PAYMENT

- 2.13 [] FLOTATION BILLET (Pay Item Nos. 2897.1 and 2897.2) PRICED BASED ON QUANTITY, EACH
- A. Measurement for payment for [] Flotation Billet shall be measured per each, complete, all in accordance with the requirements of the Contract Documents.
 - B. Payment for Supply Flotation Billet shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2897.1, which payment shall constitute full compensation for all WORK described in Section 02897 - Flotation Billets, as shown on the Plans and as directed by the ENGINEER.
 - C. Payment for Install Flotation Billet shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2897.2, which payment shall constitute full compensation for all WORK described in Section 02897 - Flotation Billets, as shown on the Plans and as directed by the ENGINEER.
- 2.14 REFURBISH EXISTING [] (Pay Item Nos. 2898.1 and 2898.2) PRICE BASED LUMP SUM
- A. Measurement for payment for Refurbish Existing [] shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete including all hardware, and other appurtenances, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - B. Payment for Refurbish Existing Aluminum Gangway shall be made at the amount shown on the Bid Schedule under Pay Item No. 2898.1, which payment shall constitute full payment for all WORK described in Section 02898 – Refurbished Structures, as shown on the Plans and as directed by the ENGINEER.
 - C. Payment for Refurbish Existing Gangway Landing Float shall be made at the amount shown on the Bid Schedule under Pay Item No. 2898.2, which payment shall constitute full payment for all WORK described in Section 02898 – Refurbished Structures, as shown on the Plans and as directed by the ENGINEER.
- 2.15 LIFE RING AND BASE (Pay Item No. 2899.1) PRICE BASED ON QUANTITY, PER EACH.
- D. Measurement for payment for Life Ring and base shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete including all hardware, and other appurtenances, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
 - E. Payment for Life Ring and base shall be made at the amount shown on the Bid Schedule under Pay Item No. 2899.1, which payment shall constitute full payment for all WORK described in Section 02899 – Float Appurtenances, as shown on the Plans and as directed by the ENGINEER.
- 2.16 FIRE EXTINGUISHER AND BASE (Pay Item No. 2899.2) PRICE BASED ON QUANTITY, PER EACH.
- F. Measurement for payment for Fire Extinguisher and base shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete including all hardware, and other appurtenances, all in accordance with the requirements of the Contract Documents and as shown on the Plans.

SECTION 01025 - MEASUREMENT AND PAYMENT

- G. Payment for Fire Extinguisher and base shall be made at the amount shown on the Bid Schedule under Pay Item No. 2899.2, which payment shall constitute full payment for all WORK described in Section 02899 – Float Appurtenances, as shown on the Plans and as directed by the ENGINEER.
- 2.17 HOSE MOUNT AND BASE (Pay Item No. 2899.3) PRICE BASED ON QUANTITY, PER EACH.
- H. Measurement for payment for hose mount and base shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete including all hardware, and other appurtenances, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
- I. Payment for hose mount and base shall be made at the amount shown on the Bid Schedule under Pay Item No. 2899.3, which payment shall constitute full payment for all WORK described in Section 02899 – Float Appurtenances, as shown on the Plans and as directed by the ENGINEER.
- 2.18 SUPPLY PILE ANODE (Pay Item No. 2996.1) PRICE BASED ON QUANTITY, PER EACH
- A. Measurement for payment for Supply Pile Anode shall be measured per each, complete in place, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
- B. Payment for Supply Pile Anode shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2996.1, which payment shall constitute full payment for all WORK described in Section 02996 – Pile Anodes, as shown on the Plans and as directed by the ENGINEER.
- 2.19 INSTALL PILE ANODE (Pay Item No. 2996.2) PRICE BASED ON QUANTITY, PER EACH
- C. Measurement for payment for Install Pile Anode shall be measured per each, complete in place, all in accordance with the requirements of the Contract Documents and as shown on the Plans.
- D. Payment for Install Pile Anode shall be made at the Unit Price named in the Bid Schedule under Pay Item No. 2996.2, which payment shall constitute full payment for all WORK described in Section 02996 – Pile Anodes, as shown on the Plans and as directed by the ENGINEER.
- 2.20 ANODE POTENTIAL READINGS AND CONTINUITY TESTING (Pay Item No. 2996.3) PRICE BASED ON LUMP SUM
- A. Measurement for payment for Anode Potential Readings and Continuity Testing shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete in place, all in accordance with the requirements of the Contract Documents.

SECTION 01025 - MEASUREMENT AND PAYMENT

- B. Payment for Anode Potential Readings and Continuity Testing shall be made at the amount shown on the Bid Schedule under Pay Item No. 2996.3, which payment shall constitute full payment for all WORK described in Section 02996 – Pile Anodes, as shown on the Plans and as directed by the ENGINEER.

DIVISION 13 – SPECIAL CONSTRUCTION

13.1 Electrical Utility Building (Pay Item Nos. 13121.1) PRICE BASED ON LUMP SUM

- A. Measurement for payment for Electrical Utility Building shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, furnished, constructed and installed complete in place, all in accordance with the requirements of the Contract Documents.
- B. Payment for Electrical Utility Building shall be made at the amount shown on the Bid Schedule under Pay Item No. 13121.1, which payment shall constitute full compensation for all WORK described in Section 13121 – Utility Building, as shown on the Plans and as directed by the ENGINEER.

DIVISION 16 – ELECTRICAL

16.1 ELECTRICAL SYSTEM (Pay Item Nos. 16000.1, 16000.1A, 16000.1C) PRICE BASED ON LUMP SUM

- A. Measurement for electrical system shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete, all in accordance with the requirements of the Contract Documents.
- B. Payment for electrical system shall be made at the amount shown on the Bid Schedule under Pay Item No. 16000.1, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.
- C. Payment for electrical system shall be made at the amount shown on the Bid Schedule under Pay Item No. 16000.1A, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.
- D. Payment for electrical system shall be made at the amount shown on the Bid Schedule under Pay Item No. 16000.1C, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.

16.2 ELECTRICAL SUPPORT ASSEMBLIES (Pay Item Nos. 16052.1, 16052.1A, 16052.1C) PRICE BASED ON LUMP SUM

- A. Measurement for Electrical Support Assemblies shall be based upon the completion of the entire WORK as a Lump Sum Pay Unit, complete, all in accordance with the requirements of the Contract Documents.
- B. Payment for Electrical Support Assemblies shall be made at the amount shown on the Bid Schedule under Pay Item No. 16052.1, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.

SECTION 01025 - MEASUREMENT AND PAYMENT

- C. Payment for Electrical Support Assemblies shall be made at the amount shown on the Bid Schedule under Pay Item No. 16052.1A, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.
- D. Payment for Electrical Support Assemblies shall be made at the amount shown on the Bid Schedule under Pay Item No. 16052.1C, which payment will constitute full payment for all WORK as shown on the Plans and as directed by the ENGINEER.
