

## **2016 Marine Passenger Fee Requests from Facilities, Parks, and Landscape**

### **Downtown Restroom Maintenance \$88,000**

#### ***Project Description***

This provides contractual services (labor and materials) required to clean the public restrooms in City Hall, Marine Parking Garage, Juneau Library and the Downtown Transportation Center, seven days a week, six times per day, for five months during the summer.

(This is an increase of \$13,000. Juneau Library (Robert Barr) has requested that the same level of service be provided during the tourist season as the other public restrooms, general cleaning and restocking every two hours. I support this request)

### **Landscape Maintenance \$33,900**

#### ***Project Description***

This provides partial support for installation and maintenance of hanging flower baskets, flower beds and decorative banners along Marine Way, Ferry Way, Main Street, Front Street and S. Franklin Street.

(This is a new request)
