Subject: Thanks for keeping the trail open

Jeannie,

I walked the dike trail yesterday when the dumptrucks were dropping rock on the riverbank at the end of the floatpond.

I want to compliment you and the contractors for accommodating runners, dogwalkers and hikers by arranging a way for us to use the trail we love so much even while there is work being done. The crew were kind and thoughtful in guiding us the proper way to travel.

I know this would not have happened without your direction.

Thank you!

Best regards,

Laurie
