### **II. Airport Finances 101**

Patricia deLaBruere, Deputy Airport Manager, referred to several attachments to the agenda to illustrate how revenues and expenses are assigned to cost centers and revenue sources.

### **III. FY10 Projected and FY11/12 Proposed Budget**

Ms. deLaBruere referred to several attachments to show a projected surplus in FY10, and deficits in FY11 and 12. She said that in FY10, both revenues and expenses were projected to be less than budgeted. Jeannie Johnson, Airport Manager, requested an additional administrative staff member, which is not included in the projections. John Coleman, Administrative Officer said that revenues from aviation and non-aviation activities are currently down, but a slow recovery is projected. The committee directed staff to project flat aviation activity revenues based on Alaska Airlines' projected activity.
