

AIRPORT BOARD OPERATIONS COMMITTEE
Joint Meeting with
WILDLIFE HAZARDS WORKING GROUP
AGENDA
6:00 P.M., WEDNESDAY, MAY 10, 2010
Aurora Room

I. CALL TO ORDER

II. ROLL CALL

III. BUSINESS

A. Eagle Nest Permit at the Airport

1. **Introduction: The role of the groups participating in this meeting**

Juneau Airport Board Operations Committee
Juneau Airport Wildlife Hazards Working Group

2. **Review of the regulations and permitting opportunities**

Airport Manager Jeannie Johnson review:

- a. Juneau International Airport, Airport Certification Manual (Attachment #3)
- b. Appendix A, Title 14 Code of Federal Regulations, Part 139.337 (Attachment #4)
- c. Advisory Circular 150/5200-33B (Attachment #5)
- d. FAA Fact Sheet: FAA Wildlife Hazard Mitigation Program (Attachment #6)
- e. JNU Wildlife Hazard Management Plan, Section 2.0 (Attachment #7)
- f. Airport Magazine: Wildlife Management (Attachment #8)

U.S. Fish and Wildlife Service, Steve Brockman
g. 50 CFR 22.27 (Attachment #9)

3. **Actions to date by JNU Staff and Board**

The December 9, 2009, Motion by the Board stating its role following the receipt of a permit: *“Tamara Cook moved, Butch Laughlin seconded, that the Manager be directed to apply for a permit to allow the removal of eagle nests that pose a hazard to aircraft and in the event that a permit is obtained, that no action be taken under the permit until the specific proposed action is brought before the Board and approved with or without modification.”*

What has been done so far:

The original application

The emergency application and permit

What actions have followed the sticks/nest removal?

4. **Discussion on how to deal with the eagle nest removal issue**

- a. What do we know about the behavior of potentially affected eagles?
- b. How have the eagles responded to the removal of their sticks/nest on April 12, 2010?

c. What impacts could result from nest removal and harassment of habituated eagles?

d. Does nest removal mean tree cutting?

5. **Summary discussion and recommendations for future actions to be taken by JNU Staff and Board**

Operations Committee and Wildlife Hazards Working Group members formulate recommended procedures for the Airport Board and staff to follow after receipt of an eagle nest removal permit.

IV. ADJOURN
