**Subject:** Re Pam Chapin

Greetings,

I recently flew in and out of the Juneau airport and, after boarding the plane to fly to Seattle, realized that I had left my partial denture in the airport bathroom. It was too late to deplane, but I managed to call Ms Chapin. She found my denture, let me know immediately, and sent it back to me, saving me hundreds of dollars.

Just wanted you to know how much I appreciated her efforts. The world needs more people like her.

David Rabin
