Subject: Snow Removal Equipment Facility (SREF) Relocation Decision

Dear Ms. deLaBruere:

Thank you for your letter dated 25 February 2015 confirming the City and Borough of Juneau's intention to relocate the proposed SREF from the NE site to the NW site.

The timing for the return of the \$1,844,457 of expended AIP funds (invested in the NE SREF site) would be tied to your next Airport Layout Plan (ALP) update - documenting the SREF at the NW location. We are requesting that these funds be returned to the FAA within 60 calendar days of the next ALP submission. The expectation is that the next ALP update would be associated either with your master plan submittal or your fiscal year 2016 grant application for the SREF, whichever comes first.

Please work directly with Brad Garland regarding the process details for returning the AIP funds to the FAA.

Sincerely,

Byron K. Huffman
Manager, Airports Division
