SUBJECT: Draft Land Management Plan – 2015 Update

Attached to this memo is the draft 2015 Land Management Plan for your review.

At the August 24th Lands Committee meeting the Committee reviewed the attached draft Land Management Plan. After hearing a presentation by Lands staff concerning the draft, the Committee approved the draft to be circulated for public comment.

The intention of bringing the draft plan to the Airport Board at this time is to provide an opportunity for the Board to become familiar with the document before formulating a final draft for the CBJ Assembly. At this time the goal is to present a draft for review at the October 13th Planning Commission meeting. Since the next Airport Board meeting will be after October 13th, staff suggests that this item be forwarded to the Airport Operations Committee for further discussion and formulation of any specific recommendations.

The portions of the draft Plan that are of specific interest are the extent of Airport managed property which is delineated on Map #15 (page 26). Details concerning these parcels are provided in the "CBJ Land Holdings" chapter on page 52. The Lands Division is also particularly interested in any recommendations the Airport Board has concerning priority acquisitions discussed on pages 102-3.
