Re: Public Notice – City & Borough of Juneau

The Department of Natural Resources Division of Mining Land and Water (DMLW) is required to give notice to the public on certain authorizations that it intends to issue for the use of State land. In this case DMLW needs to give notice of our intent to issue several authorizations to the City & Borough of Juneau (applicant) for their airport expansion project.

Enclosed is a notice to solicit public comments on this intended use of State land to be published in your newspaper. Please publish it once a week for two consecutive weeks starting on **April 4, 2008**.

To keep applicant's cost to a minimum, we request that the notice be published as a **one column legal ad**. Please send the original affidavit of publication and a copy of the published notice to this office.
