## INFORMATION RELEASE

**Subject: Motor Vehicle Accident**

**Date: Thursday, November 01, 2007**

**From: Sgt Steve D. Hernandez**

**Case or Incident # 2007-038101**

### **Summary:**

**On 11/01/07, at approximately 7:26 pm, the Juneau Police Department received a report that a vehicle had just run into a building in the 8300 block of Airport Blvd.**

**Upon officers arrival to the area, they saw a 2002 Toyota Tundra pickup truck lying against the corner of the building. The truck had apparently been driven in reverse from an adjacent parking lot. The truck then continued in reverse and drove through an eight-foot cyclone fence, then across another parking lot where it then impacted with the southwest corner of the building. The truck had extensive damage to its rear bumper and cargo bed. The building also had extensive damage to its southwest corner. Damage to the truck was estimated at \$6000 and to the building at approximately \$10,000.**

**Officers then spoke with the driver, who was the only occupant of the vehicle. After interviewing the driver, it was determined that medical and possible alcohol issues were probable factors in the accident.**

**Personnel from Capital City Fire and Rescue were dispatched to the scene and transported the driver to Bartlett Regional Hospital ER for evaluation.**

**The investigation is continuing.**

**Any charges reported in this press release are merely accusations and the defendants are presumed innocent unless and until proven guilty.**

**\*\*\* END OF STATEMENT \*\*\***
