

CBJ DOCKS & HARBORS BOARD
FINANCE MEETING AGENDA
For Tuesday, January 25, 2011

- I. Call to Order** (5:00 p.m. to 7:00 p.m.) in the **Room 224, City Hall.**
- II. Roll Call** (Greg Busch, Tom Donek, Don Etheridge, Kevin Jardell, Cheryl Jebe, Jim Preston, and Eric Kueffner).
- III. Approval of Agenda.**

MOTION: TO APPROVE THE AGENDA AS PRESENTED OR AMENDED.

- IV. Public Participation on Non-Agenda Items** (not to exceed five minutes per person, or twenty minutes total).
- V. Items for Action.**

- 1. Fisherman's Bend Purchase Report

Presentation by the Port Director

Committee Questions

Public Testimony

Committee Deliberation

MOTION: TO BE DEVELOPED AT THE MEETING

- 2. Docks and Harbors FY12 Amended Budget Approval

Presentation by Port Director

Committee Questions

Public Testimony

Committee Deliberation

MOTION: TO RECOMMEND THE BOARD ADOPT THE FY12 AMENDED BUDGET FOR DOCKS AND HARBORS AND TO FORWARD TO THE CBJ FINANCE DEPARTMENT FOR PRESENTATION TO THE ASSEMBLY.

CBJ DOCKS & HARBORS BOARD
FINANCE MEETING AGENDA
For Tuesday, January 25, 2011

VII. Items for Information/Discussion.

1. DeHart's Marina Rate Information

VIII. Staff & Member Reports.

IX. Committee Administrative Matters.

1. Next Finance Committee Meeting February 22,2011

X. Adjournment.

Re: Fisherman's Bend Marina Purchase

You asked me to undertake a cursory review of purchase of the Fisherman's Bend Marina Complex. This memo sets out my findings.

The Andrews, owners of Fisherman's Bend, have offered to sell the marina complex to CBJ for \$4 million. The Andrews want to retain the private residence and the uplands associated with the private residence. The marina complex includes uplands, tidelands, tideland leases, buildings, gas station, marina float system, and marina business. The assessed value of this complex, without CBJ tidelands and the marina business, appears to be consistent with the sales offer.

I reviewed the income information provided by the Andrews as part of our recent tidelands lease negotiations and the CBJ property assessment. Based on this review, I feel comfortable saying that the CBJ Docks and Harbors Department would have an adequate income stream to continue operation of the marina complex. I do not believe there would be sufficient revenues to finance a loan or bond for a purchase of the marina complex.

The CBJ Harbormaster undertook a cursory inspection of the float system and felt it should provide another 5-10 years of useful life. He wanted to make sure that everyone understands up front that the facility is at the latter part of its useful life and that replacement will be needed sooner rather than later. We would also need to add staff to run the facility. The marina serves about 200 vessels. The planning cost for replacing the marina is about \$60,000 per vessel. This means that CBJ would also need to come up with \$12 million or so to replace the marina within the next decade.

In short, the harbor enterprise can not afford to purchase and/or replace the marina. However, the enterprise could operate the marina based on cash flows at

current rates. If the rates drop, the operations picture changes. I would also like to point out that there are a whole bunch of other issues that need to be addressed if the marina changes from private to public ownership, as we have learned from the purchase of Dehart's Marina.

Notwithstanding these concerns, it would be a tragedy if the property were lost for boating access. Viewed over the long term (say 50 to 100 years), it only makes sense to purchase the property and keep it in the public domain in perpetuity for boating access.

The Board should consider asking the Assembly to place the purchase on the ballot so the community can decide if it wants to keep this part of Auke Bay open to the public for boating access. If the Assembly desires to move in this direction, we can get into the details of a purchase.

Call me at 586-0294 if you have questions.

Re: Docks and Harbors FY 12 Amended Budget

This memo summarizes the Docks and Harbors amended budgets for FY 12. These budgets adjust last year's FY 12 budgets that were approved by the Board and the Assembly. Budget details in CBJ's format are attached. The Committee needs to review this information and recommend an amended FY 12 budget to the Board. At its next meeting, the Board needs to forward a budget to the Finance Department for presentation to the Assembly in April.

Revenues and expenses for the Docks Enterprise follow:

Docks Revenues

User Fees	\$1,515,000
Interest and Penalties	\$100,000
Interdepartmental Charges	\$5,500
Support to Marine Passenger Fee	\$154,100
Equity to Fund Balance	(\$306,900)
Total	\$1,467,700

Docks Expenses

Personnel	\$891,500
Commodities and Services	\$566,200
Capital Outlay	\$10,000
Total	\$1,467,700

The FY 12 docks amended expense budget is 1.6% higher than the FY 12 approved budget. The increase results from adjustments to the personnel services line item. We decided to change the seasonal staff assignments from five to six months duration. This allows us to bring on the seasonal staff on April 15 and discharge them on October 15. This will allow more time to prepare for the start of the cruiship season, the beginning of May, and to decommission the port at the end of the cruise ship season, the end of September.

The FY12 docks amended revenue budget shows a slight increase over the approved budget but there are no significant changes from the approved budget.

Revenues and expenses for the Harbors Enterprise follow:

Harbors Revenues

Fish Tax	\$350,000
User Fees	\$2,188,600
Interest and Penalties	\$132,100
Rentals	\$623,942
Miscellaneous Fees	\$34,000
Fines and Penalties	\$16,000
Equity to Fund Balance	(\$205,342)
Total	\$3,139,300

Harbors Expenses

Personnel	\$1,341,000
Supplies	\$159,000
Services and Charges	\$854,900
Travel & Training	\$13,000
Capital Outlay	\$10,000
Debt Service	751,400
Miscellaneous Expenses	\$10,000
Total	\$3,139,300

The FY 12 harbors amended expense budget is 1.7% higher than the FY 12 approved budget. The increase results from adjustments to the personnel services line item. Again, we decided to change the seasonal staff assignments from five to six months duration. This allows us to start seasonal staff on April 15 and discharge them on October 15. This will allow more time to undertake maintenance projects and to prepare for the start of the boating season.

We are expecting increases in some harbor user fees and land lease rentals in FY 12. Downtown monthly moorage shows the most significant increase and is quite a bit above last year's projection. This is probably attributable to increases in visiting vessels involved in the Taku gill net fishery.

Annual debt service for the harbors revenue bonds is \$751,400. Pursuant to the bond covenants, we are required to show that our annual revenues exceed our annual expenses by at least 25% of the annual debt service, or \$187,850. Our budget shows \$205,342 so we meet this test.

Please call me at 586-0294 if you have questions.

Re: History of Dehart's Rate Increases

As requested, I am providing a summary of moorage rates for Dehart's Marina since we took over ownership on June 30, 2005.

The previous owner, Dick Deems, required preferential moorage holders to pay for moorage by April 1 of each year. Since Mr. Deems had already collected moorage for the 2005/2006 moorage year (July 1, 2005 to June 30, 2006), Mr. Deems credited us \$75,000 of the prepaid moorage in the sales agreement provided we honor moorage payments made to Mr. Deems before the purchase for the 2005/2006 moorage year. The Board agreed to this course of action and there was no fee increase as a result of CBJ taking ownership of the marina during the first year.

Shortly after taking ownership, the Board began deliberations regarding what it would charge Dehart's patrons for moorage in future years. After several public meetings, the Board adopted regulations that increased the moorage rates starting on July 1, 2006 by 5% over that charged by the previous owner. The adopted moorage rate regulations for the moorage year July 1, 2006 through June 30, 2007 are attached and follow:

Annual Rate - 24' and lower	\$5.25 per foot per month
Annual Rate - >24'	\$5.51 per foot per month
Seasonal Rate - 24' and lower	\$5.72 per foot per month
Seasonal Rate - >24'	\$6.20 per foot per month

At this time, the Statter Harbor moorage rates were significantly higher at \$11.48 per foot per month for seasonal and \$7.50 per foot per month for annual. Also, Fisherman's Bend, the adjacent private marina, ranged from a low of \$6.69 per foot per month to a high of \$7.87 per foot per month.

Page 2 of 2

In late 2006, the Board engaged in a rulemaking to simplify moorage rates throughout the harbor system and to index moorage rates to inflation so we could obtain a revenue bond. This resulted in equalizing the rates between Dehart's Marina and Statter Harbor. A new monthly rate for all of Auke Bay was established at \$6.00 per month from July 1, 2007 through June 30, 2008. Owners could obtain a 5% discount if they paid in advance reducing this monthly rate to \$5.70. In accordance with the regulations, all CBJ moorage rates have been adjusted by the Anchorage CPI each year since July 1, 2008.

A listing of Dehart's rates for each moorage year since we took over ownership follows:

July 1, 2005 to June 30, 2006	Same as previous owner (\$4.90 to \$5.70 per foot per month)
July 1, 2006 to June 30, 2007	\$5.25 to \$6.20 per foot per month (5% higher than previous owner)
July 1, 2007 to June 30, 2008	\$5.70 per foot per month (with 5% discount)
July 1, 2008 to June 30, 2009	\$5.84 per foot per month (with 5% discount)
July 1, 2009 to June 30, 2010	\$6.18 per foot per month (with 5% discount)

A listing of the annual percentage change in moorage rates since we took over ownership follows:

Annual Rate - 24' and lower	3.54% increase per year
Annual Rate - >24'	2.43% increase per year
Seasonal Rate - 24' and lower	1.61% increase per year
Seasonal Rate - >24'	0.06% decrease per year

Please call me at 586-0294 if you have questions.
