**Biographical Information** *[limited to 150 words or less.]:*

I moved to Alaska one month after my 21st birthday. I spent my first career as an adventure guide for TEMSCO and ATA. I began working for Subway in 2001 as a clock in employee and my wife and I have been owners since April 2004. The Lemon Creek subway was opened from 2010 to 2015. We've raised our five children through all levels of the JSD and our oldest is a senior at UAS. I ran for assembly in 2008. I didn't win but that experience led to hosting Problem Corner, which I've hosted since. I have also been a host, M.C., and speaker for numerous fundraisers and events around town like Gold Rush Days and Success Inside and Out.

Serving on the Assembly has been exciting and rewarding. I truly love the work we do. I'm honored to serve with my fellow Assembly members. We work extremely well together as a group.

While we accomplished some important goals, there is still more work to be done. I thank you for the opportunity to continue serving.
