BACKGROUND:

On December 27, 2013 CBJ Docks and Harbors issued a Posting Notice of Bidder Qualifications for the Port of Juneau Cruise Ship Berths Project (DH12-001). The posting notice began the protest period per Purchasing Code 53.50.062. According to code bidders intending to protest the qualifications determination had until 4:30 p.m. Alaska time on December 30, 2013 to submit a Notice of Intent to Protest. Two bidders submitted a notice of intent to protest. The code further provides that a written protest must be filed by 4:30 p.m. Alaska time within 5 working days from the date the posting notice is issued. The deadline date was determined to be January 6, 2014.

The Port Director (Purchasing Officer for Docks and Harbors) has received one written protest by the deadline of January 6, 2014, 4:30 p.m. Alaska time from Orion Marine Contractors, Inc. The submitted protest was determined to be timely and complete and thus, by code, the bid opening shall be stayed until the protest is resolved or until such time the City and Borough of Juneau determines that award of the contract pending resolution of the protest is in the best interests of the City and Borough.
