EXTERNAL E-MAIL: BE CAUTIOUS WHEN OPENING FILES OR FOLLOWING LINKS

The Auke Bay Neighborhood Association received this email from a neighbor just prior to the cities meeting with Neighborhood Associations and wanted to pass along so it was included as input to the Visitor Association Task Force.

Thank you,

Dave Klein

I'm concerned about noise pollution from Cruise ships if they are allowed in Auke Bay. This summer there were several times I was startled or awakened by loud reverberating marine diesel engines and looked out my window to see a large vessel. Many people do not realize how much noise carries and is increased off the water. All the waterfront homes on Fritz Cove and Auke Bay will be directly impacted by this. This is one of many concerns I have but wanted to bring it up since most of us only hear about air pollution or sewage being dumped from cruise ships

Sincerely,
Lisa Greenough
