## City and Borough of Juneau Gathering Size Exemption Request

When Community Risk Levels (CRLs) are moderate and above, indoor gatherings are limited in size. The purpose of the limitation is to assure that disease is not transmitted when people are congregated in indoor spaces. Because indoor spaces vary in accordance with size and use, exceptions may be granted if appropriate COVID mitigation strategies are in place and the purpose of the gathering and size of the space assure people can gather safely.

Exemption requests will be reviewed by CBJ Emergency Operations Center staff. Exemption requests must be approved in advance of the gathering.

Gathering Size Exemption Requests can be sent to: COVIDquestions@juneau.org.
