Beth Weldon For Juneau Mayor
Candidate Statement

It has been a privilege to serve as Juneau's mayor for the past 3 years. The unexpected challenge of dealing with the Covid-19 pandemic during that time was addressed seriously and expediently to protect our community as best as possible. We moved to Zoom meetings, held vaccination clinics, and provided testing, all in an effort to focus on the health of Juneauites. Tough decisions were made and will continue to be made. Our economic health was and is also paramount and, while taking precautions, we are seeing businesses open up and commerce increase.

As a small business owner, Juneau's economic health is very important to me. So is the quality of the schools educating our youth, the daycare needs of families, addressing the homeless situation, maintaining our city's infrastructure such as water and sewer service, roads, building maintenance, recognizing the importance that tourism is to our community while striving to ensure that community concerns are addressed, and ultimately keeping Juneau a welcoming Capital City.

These are just a few of the issues that I would like to continue to address as your mayor. My experience as an Assembly member and Mayor have provided me the opportunity to see first-hand the challenges and rewards of supporting a balanced budget, furthering improvements in our infrastructure, finding solutions to housing demands, and promoting job opportunities.

I am Beth Weldon, candidate for CBJ Mayor, and I ask You to PLEASE VOTE on October 5th
