

Kangaroo Craft

Supplies Available for pick up Nov 27 or print your own using templates provided.

JPL provides: paper template and popsicle stick. You provide crayons, markers, paints, glue stick or tape, scissors and creativity!

Step 1: Color in your kangaroo and joey. Use crayons, markers, paints, or a combination.

Step 2: Use scissors to cut out the mother kangaroo and the baby joey.

Step 3: Glue or tape (or both!) your joey's feet to the tip of the popsicle stick.

Step 4: Cut the dotted line on the mother's belly to create a pouch for your joey. Gently fold the mother in half and snip.

Step 5: Tuck your joey into the mother's pouch. Now hop!

Congratulations, you've completed this week's craft!
