

Treadwell Ice Arena SCHOOL/YOUTH GROUP GUIDELINES

We recommend the following rules, guidelines, and suggestions be followed during your visit to the Treadwell Arena to ensure a safe and a fun time for all.

1. The arena has a limited amount of helmets and rental skates. We suggest that children bring helmets, safety gear, warm clothes, gloves and skates, if they have their own. If not, students can borrow from our lost & found.
2. Ice skates are usually 1 to 2 sizes smaller than your street shoes (depends on the skate type & style). For example, if you wear a size 5 shoe then you will probably wear a size 3 skate. We have both hockey & figure rental skates.
3. Teachers/Guardians need to inform skaters of all rink rules.

Some of the most important rules to emphasize are:

- No tag, pushing, sliding, or throwing object (hats, gloves, etc.) at other skaters.
- No chipping holes in the ice with skates or scraping up the snow to make snowballs
- No food or drinks on the ice or on the players benches. All food and beverages must be consumed in the lobby area.
- No skates on bleachers. Skates need to be on rubber matted surfaces only.
- SKATE UNDER CONTROL AT ALL TIMES.

Teacher to student ratio should be 1 chaperone to every 10 skaters. We ask that chaperones are on the ice, skating with the kids.

We are happy that you have chosen the Ice Arena for your class activity. Please help us enforce the Ice Rink rules for a safe and positive experience for all.

Thank you,

Treadwell Ice Arena Staff
