Subject: question on city hall

Scott I got this question at our public meeting....wanted to see if you had anything to add to the response or if I was off base

Q: The Comprehensive Plan used to require that city hall be kept downtown. Does it still have that requirement?

A: [There is no mandate for city hall being downtown, but there are multiple plans that talk about downtown as the center of government and strategies for keeping it vibrant, which is in line with a city hall downtown.](#)
